## KAISER'S BOAST

Admits Army in Midst of  
Hardest Struggle of War,  
but Confident of Victory

Says "American Armies and  
Numerical Superiority do  
not Frighten Us"

AMSTERDAM, Aug. 1.—The coming  
of American armies to France and  
numerical superiority on the part of  
the allies, do not frighten Germany,  
declares Emperor William in his pro-  
clamation to the German army and  
navy.

"Vital forces which are streaming  
across the sea to the enemy," he says,  
"are being attacked by German sub-  
marines."

ANOTHER LOWELL BOY  
WOUNDED IN BATTLE

Today's casualty list contains the  
name of another Lowell boy as being  
severely wounded in France. Private  
George T. Underwood of Co. M, 101st  
Infantry, is the latest Lowell soldier  
to figure on the casualty list. The  
nature of the wound is not revealed.

Private Underwood is the son of  
Mr. and Mrs. George H. Underwood  
of 30 Bourne street. He is a veteran  
member of Co. M, having enlisted  
before the unit went to the Mexican  
border several years ago. He served  
on the border with the other mem-  
bers of the unit, and in the spring of  
1917 was again called to the colors.

After the usual preliminary training  
he sailed for France in September,  
with the rest of the company.

A brother, Henry L. Underwood, is  
also in the 101st Regiment. The young  
man's father is an overseer of the  
Belvidere Woolen Co.

of calls made on Charles J. Leathers  
of the New England Telephone com-  
pany.

## FORMER LOWELL MAN

C pt. Vaughan, Held by Gov-  
ernment on Conspiracy  
Charge, Well Known Here

Capt. Aubrey W. Vaughan of the  
quartermaster's reserve corps, who is  
being held by the federal government  
on charges of conspiracy to defraud  
the government in connection with  
army raincoat contracts, is a former  
resident of this city and is well known  
in Lowell, for during a period of over  
a year he held the position of efficiency  
engineer at the local plant of the Saco-  
Lowell shops.

According to officials at the Saco-  
Lowell shops, Capt. Vaughan was at  
one time employed at the American  
Optical company at Southbridge. He  
came to Lowell in the early part of  
1916 and accepted the position of ef-  
ficiency engineer at the shops, being  
placed in charge of the production sys-  
tem. The captain's duties were to out-  
line the work for the various clerks in  
the different departments of the plant  
as far as production was concerned,  
and he proved a very capable man.

Capt. Vaughan has had considerable  
experience in the National Guard of  
the state, and when the war broke out  
he was one of the first in Lowell to  
enlist, joining the officers' reserve  
corps. In April, 1917, he received a  
call from military authorities, and  
when he left the employ of the com-  
pany he was given a great send-off by  
the employees of the plant, for the cap-  
tain during his stay at the shops had  
made a host of friends.  
"I have always known Aubrey Van-  
gahan as an honest man and a very  
hard worker," said one of the officials  
of the shops this morning, "and the  
news of his arrest was a shock to me."  
Mr. Vaughan was employed by this  
firm over a year, and during that time  
he won the confidence of his employ-  
ers and workmates. I hope everything  
will turn out well for the captain."  
Capt. Vaughan is 39 years of age  
and has a wife and four children, who  
formerly lived in this city. They are  
now making their home in Newton.  
The captain was arraigned in the fed-  
eral court at New York yesterday, and  
after entering a plea of not guilty he  
was held in the sum of \$10,000.

MOVIES AND COMMUNITY  
SING ON COMMON

Everything and everybody—even the  
weather man—is in readiness for the  
joint community sing and open air  
movie performance to be given this  
evening on the South common under  
the auspices of the park commission.

The affair was originally scheduled  
for Tuesday evening but was post-  
poned because of the unfavorable  
weather. The "show" will start  
promptly at 8.30 and will include pa-  
triotic numbers by the Honey Boy  
quartet, other soloists, cornet num-  
bers and a series of moving pictures  
showing views of the Glacier park  
reservation, the Canadian northwest  
and a screaming comedy.

The general public will be asked to  
join in the singing and as this is the  
first affair of its kind ever held in  
Lowell, it should attract a large crowd.  
The pictures will be shown on the  
Highland street slope of the common.

## BOLSHEVIKI NEAR END

Czecho-Slovak Movement Is  
Growing Like Avalanche—  
Another Important Victory

AMSTERDAM, Aug. 1.—The town of  
Yekaterinburg, in the province of  
Perm, near the Siberian border, has  
been taken by the Czecho-Slovaks, ac-  
cording to the newspaper Ivestia of  
Moscow.

With this new development of the  
Czecho-Slovak movement, the Bol-  
shevik press is raising cries of alarm.  
The Pravda, for instance, declares the  
Czecho-Slovak danger is growing like  
an avalanche and that the counter  
revolutionary movement is extending.

Lenine and Trotzky Alarmed

MOSCOW, Wednesday, July 31 (via  
Berlin to Amsterdam, Aug. 1)—At a  
plenary session on July 30, of the ex-  
ecutive main committee the Moscow  
council and the labor organizations, in  
which 2000 members participated, Pre-  
mier Lenine and War Minister Trotzky  
spoke and the following resolutions  
were passed:

"First—The socialist fatherland is  
in danger.

"Second—The chief tasks at the  
present moment are the repulse of the  
Czecho-Slovaks and the obtaining of  
grain.

"Third—The most powerful agitation  
must be started amongst the labor  
classes to explain the gravity of the  
situation.

"Fourth—Vigilance must be in-

(By The Associated Press.)  
American and French troops have begun a movement that if  
successful, will compel the German retirement over a wide sector east  
of Fere-en-Tardenois, at the center of the Soissons-Rheims salient.

## AMERICANS PUSH ON

They have attacked over a front of more than three miles on  
each side of the village of Nesles, the apex of the allied wedge  
north of the Ourcq. Their greatest advance was toward the east  
where the Americans pushed on some distance from the town of  
Sergy and approached Chamerly.

Although the announced purpose of the attack was the straightening  
out of the line between Serignes and Cierges, this is really secondary  
to the outflanking of the Germans to the southward. The enemy  
is holding strong positions at Roncheres and St. Gemme, where his  
line is still less than five miles from the Marne, and continued advance  
between Nesles and Cierges would force him to fall back to escape  
being cut off from the rear. This seems to be the only sector where  
the allies are attacking with infantry. Reports from the front tell  
of heavy artillery fire along most of the line between Soissons and  
Rheims.

## GERMAN ATTACKS REPULSED

The Germans attacked the allied lines on the heights of Bligny,  
southwest of Rheims, on Tuesday night, but were repulsed. The  
methods adopted by the Germans since their retirement from the  
Marne began are followed by the enemy along the line of the

is the greatest in the 154 years of  
Brown history. Military and naval in-  
struction will be furnished, and in all  
courses instruction will deal with top-  
ics made vital by the war. Such con-  
centrated courses, it is announced, have  
been arranged so that students will  
receive thorough instruction in groups  
of related subjects without endang-  
ering their "general education."

NEW CURRICULUM  
AT BROWN UNIVERSITY

PROVIDENCE, Aug. 1.—Brown uni-  
versity announces today a new curricu-  
lum, designed to meet war conditions.  
Brown becomes an all year around col-

each commencing in September. The  
freshman year is principally to help  
the student to find out what he wants  
to study and after that six courses lie  
before him.

The university says: "We are in the  
game and playing our part." The pur-  
pose of the great changes are declared  
to be to make the college a force in  
the war rather than "pensioner." It  
is stated in the report that it was  
realized last year that the policy then  
was "opportunistic" and plans were then  
laid to put Brown into the war in  
"fighting trim."

The reorganization just announced

## GASSED AT FRONT

Officer Back From War Zone  
Killed by Fall in New York

NEW YORK, Aug. 1.—Lieut. John P.  
Newton of the 117th engineers, here  
on leave after being gassed at the  
front in France, was killed in a fall  
today from the sixth floor of an apart-  
ment house. While sitting in a window  
said friends with whom he was visit-  
ing, he became dizzy and fell to the  
courtyard.

He was 25 years old, and a son of  
Thomas Newton, employed by the  
Southern Pacific railroad at Sacramen-  
to, Cal.

## CITY HALL NEWS

Mayor Thompson Lands Big  
Diving Raft at Municipal  
Swimming Pool

Coal Supply for Chelmsford  
St. Hospital—Volunteers  
for Recruiting Wanted

There is no reason why Lowell can't  
produce some of the best divers in the  
country within a few weeks. A large  
raft capable of holding half a hundred  
people has been paddled down from the  
Vesper Country club to the municipal  
swimming pool off Varnum avenue and  
will remain there for the general de-  
light of swimmers, young and old, who  
aspire to fame in the diving line.

The raft has been the property of  
the Vesper Country club and has been  
moored near their grounds for some  
time. Difficulty was experienced in  
getting it into the water, and the  
mayor had to appeal to the Locks &  
Canals people before it could be moved.  
Chief Engineer Arthur T. Safford kind-  
ly loaned a few of his men for the  
work, and yesterday the raft was final-  
ly floated. This afternoon Mayor  
Thompson got together a group of  
husky youngsters and the affair was  
paddled down to the pool. It is felt  
that this will be a greatly appreciated  
addition to the equipment there, be-  
cause up to now there has been no fa-  
cility for diving.

## Stocking Up

One of the places in Lowell which is  
practically certain of getting coal, no  
matter how great the shortage may  
be, is the city hospital in Chelmsford  
street. The hospital uses about 1000  
tons in a year, and yesterday 200 tons  
of steam coal were delivered there.  
This is only the beginning of the winter  
supply, and Purchasing Agent Ed-  
ward H. Foye hopes to be able to get  
enough fuel for the hospital so that  
there will be some ahead at all times.

In addition to the soft coal, five tons  
of egg and stove coal were also de-  
livered within the past few days.

## Volunteers Wanted

Division 2 exemption board, with  
headquarters at city hall, wants regis-  
trants who are in Group 19 to volun-  
teer for limited service at the Syracuse  
recruit camp, Syracuse, N. Y. Three  
men are wanted to leave for the camp  
Aug. 5. The duties will be of a gen-  
eral nature, such as guard duty, re-  
cruiting, etc.

## More Water Money

In addition to the \$22,563.53 which  
was received at the office of the city  
treasurer during the first 30 days of  
July in payment of water bills, \$235.34  
was received yesterday from the same  
source. The period of grace in  
which one could get 10 per cent.  
discount on his bill has expired.

## A Little Better

The infant mortality rate for Low-  
ell has been reduced, according to a  
report received at the board of health  
office for the last week. Lowell stands  
ninth in the list of large cities with a  
rate of 26.7. Fall River still leads with  
52.5.

## Warning Up

More nomination papers for the  
forthcoming state primaries in Sep-  
tember have been filed at the office of  
City Clerk Stephen Flynn. Among  
them are those of James G. Harris of  
Medford, candidate for councillor;  
Channing H. Cox, candidate for lieuten-  
ant governor; John J. O'Connell, can-  
didate for representative in the 16th  
district; Frank Putnam, can-  
didate for senator in the 15th district,  
and Henry Achin, Jr., candidate for  
representative in the 15th district.

## The Pay Roll

This week's pay roll is \$25,429.20.  
Money paid out for monthly salaries  
amounts to \$17,048.46.

WAGES FIXED FOR  
STREET RAILWAY LINES

WASHINGTON, Aug. 1.—Motormen  
and conductors of the Chicago sur-  
face street railway lines were today  
awarded a wage ranging from 43 to  
48 cents an hour by the national war  
labor board. The wage awarded mo-  
tormen and conductors of the Chicago  
Elevated lines ranges from 40 cents to  
50 cents. The increases in both cases  
are effective today.

Similar awards were made to train-  
men on surface lines in Detroit.  
In Cleveland, Pittsburgh and New Or-  
leans, the trainmen were awarded a  
wage ranging from 33 cents to 43  
cents.

Wages also were fixed for street  
railway lines in several smaller cit-  
ies.

The board announced that it had rec-

## NEW HUN GAS

Gas Used by Germans Has  
White Flame and Smoke—  
Franco-Americans Gain

New Allied Attack From Ser-  
ignes to Cierges—Where  
Roosevelt Met Death

WITH THE AMERICAN ARMY  
ON THE AISNE-MARNE FRONT,  
Wednesday, July 31—(By the Associ-  
ated Press)—American and French  
troops launched an attack Wednesday  
afternoon from Serignes to Cierges on  
the center of the Marne front, for the  
purpose of straightening the line and  
demolishing barb wire entanglements  
which the Germans have placed  
through the hills, forests and open  
places.

The Franco-American forces on the  
main battlefield continued yesterday  
the process of straightening out the  
line. They scored an advance in this  
effort, the Americans pushing beyond  
Sergy to within two kilometers of  
Chamerly.

The allied forces effected their prog-  
ress against stubborn German resist-  
ance.

## Where Lieut. Roosevelt Met Death

Chamerly, the town the Americans  
now are approaching, marks the spot  
where Lieut. Quentin Roosevelt fell to  
his death, recently, with his airplane.

The Germans Wednesday used a  
new gas having a white flame and  
smoke.

The allies brought into action their  
heavy artillery, their aviators and pa-  
trols having reported mile after mile  
of barbed wire standing along the  
German lines. The heavy guns soon  
found the range of the entanglements.  
Some enemy infantry had dug in be-  
hind the wire, but the lines were for  
the most part manned by machine  
gunners.

The German artillery reply consist-  
ed chiefly of shells from the 77's and  
105's. The machine guns, with the  
heavier pieces indicated, were active  
in an effort to prevent an allied ad-  
vance.

## HALE AND HEARTY AT 90

Lowell Nonagenarian Wants  
to Live to Celebrate Finish  
of Beast of Berlin

The relatives and friends of Mr. Hi-  
ram Edward Huse of 465 Beacon street,  
this city, are planning to give him a  
little reception in honor of his 94th  
birthday anniversary on Saturday  
next.

Mr. Huse was born in Milton, Vt., in  
1824, and came to Lowell in 1847, where  
he has resided practically all his life.  
His parents were Mr. Ebenezer Huse  
of Ware, N. H. and Mrs. Mary Ed-  
wards Paige of Ileniker, N. H. He  
has never married, and is the only  
member of his family now alive, his  
six sisters having all passed away  
years ago.

Mr. Huse was first employed in the  
Merrimack mills, where he worked his  
way up from apprentice to overseer.  
In the latter position, which he held  
during the Civil war period, he received  
a salary of \$2.20 per day. Mr. Huse  
also made a trip to England in 1860,  
as assistant to Mr. George Wellman,  
the inventor. Their object was to in-  
troduce Mr. Wellman's latest invention,  
a cotton card stripping machine,  
throughout the British Isles and they  
were very successful. He was after-  
wards the proprietor of a men's fur-  
nishing store on Central street, from  
which he retired about 20 years ago.

Mr. Huse is now living quietly at  
his home on 465 Beacon street, and is  
in the best of health. Although time  
has silvered his hair and bent his  
shoulders a trifle, his hearing is not  
impaired and he can still read without  
using his "specs."

On being asked to give his opinion  
on why he has lived to enjoy such a  
healthy old age, Mr. Huse replied: "The  
only reasons I can give are these: I  
always take plenty of outdoor exer-  
cise, keep good hours, try not to wor-  
ry and be temperate in all things." Mr.  
Huse also stated that he expects to  
live to celebrate both his 100th anni-  
versary and the finish of the Kaiser.

commended to the president that spe-  
cial legislation be enacted by congress  
to enable some executive agency of  
the federal government to consider the  
financial condition of the street rail-  
ways of the country and raise fares  
in each case in which circumstances  
require it.

## CASUALTY LISTS

## 120 Names on Today's U. S.

Army Report—12 Killed in Action—41 Other Deaths

Lowell Boy Severely Wounded in Action—12 Names on Marne List

WASHINGTON, Aug. 1.—The army casualty list today shows:

Killed in action, 12; died from wounds, 23; died of disease, 11; died from airplane accident, 2; died of accident and other causes, five; wounded severely, 61; wounded, degree undetermined, 2; missing in action, 3; prisoner, 1. Total, 120.

The list includes:

**Killed in Action**  
Corp. J. C. St. Lawrence, South Braintree, Mass.

Pr. H. E. Little, Malden, Mass.

Pr. R. W. Shorley, Fryeburg, Me.

**Died from Wounds**  
Maj. J. C. Williams, Ramer, Ala.  
Lt. Harold C. Wasgatt, Everett, Mass.

**Died of Disease**

Pr. L. Coyle, Worcester, Mass.

Pr. Wm. S. O'Keefe, Everett, Mass.

**Wounded Severely**

Maj. H. W. Beal, Lewiston, Me.

Sergeant, W. Boudier, Oakfield, Me.

Corp. F. H. Ames, Dorchester, N. H.

Corp. W. J. Daly, 563 Fairmount st., Fitchburg, Mass.

Mechanic George Underwood, 20 Bourne st., Lowell, Mass.

Pr. T. Briggs, Harrison, Me.

Pr. John Bryda, Westfield, Mass.

Pr. G. J. Bush, 39 Hazleton st., Haverhill, Mass.

Pr. Dana, Pleasant Point, Me.

Pr. C. Ebert, Salem Depot, N. H.

Pr. S. Hill, Boston.

Pr. H. A. Mowry, 202 Whittier avenue, Providence, R. I.

Pr. H. M. Mullen, Dorchester, Mass.

Pr. H. L. Sprout, Cherryfield, Me.

Pr. M. J. Tierney, Clinton, Mass.

**Marine Corps List**

WASHINGTON, Aug. 1.—The Marine corps casualty list today shows:

Died of wounds, three; severely wounded, two. Total, five.

The list includes:

**Severely Wounded in Action**

Pr. David D. Cairns, Cohasset, Mass.

**Wasgatt's Former Football Star**

EVERETT, Aug. 1.—Lieut. Harold C. Wasgatt, mentioned in today's casualty list, as having died of wounds, was a well known interscholastic football player. He was a member of the Everett high school football team which claimed the championship of the country in 1915, after defeating Oak Park high school of Chicago. Lieut. Wasgatt was 23 years old and the adopted son of former Mayor Herbert P. Wasgatt of this city, a shoe manufacturer.

**Prof. Edmunds Goes to New York and Later Will Go to Philadelphia**

Lowell music lovers and persons interested in amateur theatricals will sincerely regret hearing that Prof. P. W. Edmunds, for 17 years a resident of this city and one of the leaders of its musical and artistic life, leaves Lowell today for New York and in about six weeks from this time is to take up his home in Philadelphia and become associated with his brother, Prof. Edmund Edmunds in carrying on the work of his vocal school in that city.

Next Monday in New York Prof. Edmunds is to start rehearsals for an unnamed new light opera composed by H. Alexander Matthews of New York and its libretto by a New York attorney named Jones. This opera is to be sung by a cast of professional singers and if decided to be a success after its premier, will be booked for an American tour.

Prof. Edmunds' Philadelphia headquarters will be in the Presser building, Chestnut street, where he says he will be at home to any Lowell people who may be visiting Philadelphia. This building is a colony of musicians, its tenants being instructors who rent the numerous studios in the building. Prof. Edmunds will make his future home with his brother at Cynwyd, a Philadelphia suburb.

**Kaiser's Boast**

Continued

marines, which are certain of success."

The emperor in his proclamation, which is dated August 1, alludes to the success which the German forces have won, the bringing of peace to the eastern front and the heavy blows dealt the allies during the present summer. He assures the army and the navy that, although they are in the midst of the hardest struggle of the war, they will be victorious.

Emperor William's proclamation reads:

"Serious years of war lie behind us. The German people, convinced of its just cause, resting on its hard sword and trusting in God's gracious help, has, with its faithful allies, confronted

slain and German history teaches that as well as the course which the campaign has hitherto taken.

**Says Sub Sure of Success**

"In true comradeship with my army stands my navy. In unshakable will to win the victory in the struggle with opponents who are often superior, and despite the united efforts of the greatest naval powers of the world, my submarines are sure of success. They are tenaciously attacking and fighting the vital forces which are streaming across the sea to the enemy."

"Ever ready for battle, the high sea forces, in untiring work, guard the road for the submarines to the open sea, and, in union with the defenders of the coast, safeguard for them the sources of their strength."

"Far from home, the small and heroic band of our colonial troops is offering brave resistance to a crushingly superior force."

"We remember with reverence all who have given their lives for the fatherland."

**Will Make Every Sacrifice**

"Filled with care for their brothers in the field, the people at home are, in self-sacrificing devotion placing their entire strength at the service of our great cause. We must and shall continue the fight until the enemy's will to destruction is broken. We will make every sacrifice and put forth every effort to that end."

"In this spirit the army and the home land are inseparably bound together. Their united stand and unbending will are certain to bring victory in the struggle for Germany's right and Germany's freedom."

"God grant it."

**War Began Four Years Ago Today**

It was four years ago today that the war really began. The German army began its march toward the Belgian frontier and at 7 o'clock that night Germany declared war upon Russia. France ordered the mobilization of its army on Aug. 1, 1914, and four years ago tomorrow the German troops entered Luxembourg and crossed the French frontier.

**Former Lowell Man in Raincoat Probe**

NEW YORK, Aug. 1.—Capt. Aubrey W. Vaughan of the Quartermaster's Reserve corps, Felix Gould, a manufacturer, and David L. Podell, a lawyer, pleaded not guilty to charges of conspiracy to defraud the government in connection with army raincoat contracts in the federal court yesterday.

Bail was fixed at \$10,000 for Vaughan and Gould and \$5000 for Podell.

Federal prosecutors charged that Gould, who has a small lace factory at Weehawken, N. J., obtained seven

or eight large contracts for making raincoats for the government on consideration of paying a "commission" of 5 per cent, part of which, it was said, was divided with Capt. Vaughan and other army officers. Millions of dollars, it is said, were involved.

Capt. Vaughan protested his innocence, adding that he knew only two persons mentioned in the case. Capt. Vaughan, who is 39 years old, joined the Officers' Reserve corps in April, 1917. He has a wife and four children in Newton, Mass. Before joining the army he was industrial engineer for the Saco-Lowell Machine company of Lowell, Mass.

**Young Loafers Sent to Jail**

BOSTON, Aug. 1.—Eight young men, all of draft ages, appeared in the municipal court yesterday because they were not employed in some useful occupation.

After finding the men guilty of not

being employed for 36 hours a week and failing to register in compliance with the anti-loafing law, Judge Dowd severely reprimanded them and sentenced them to serve one month each in the house of correction.

The idlers, rounded up in the North End, are Dominic Mordnetti, Louis Rosetta, Angelo Schedini, Isias Fratin, Frank Aharu, Stanley Comellewsky, Max Shrier and John Martin.

## WOMEN WORKERS

## Big Increase in Number of Women Employed in Industrial Establishments

(Special to The Sun)

STATE HOUSE, Boston, Aug. 1.—Edwin Mulready, commissioner of labor, told the recess committee on workmen's compensation yesterday that Massachusetts industrial establishments are now employing between 60,000 and 70,000 more women workers than they were six months ago. Mr. Mulready expressed the opinion that this large influx of women into industry is a tremendous problem for the manufacturers to deal with, and he intimated that it will probably add to the cost of workmen's compensation insurance, because of the fact that women are more susceptible to injuries than men are.

He advocated several plans designed to keep down the number of industrial accidents, the one to which he gave the most favor being the appointment of an employment manager for each of the large industrial establishments in the state.

One of the chief benefits of such a plan, he said, would be to do away with constant change of occupation on the part of the workers. Nearly two-thirds of the occupational changes which come to the attention of the board of labor and industries, he said, are due primarily to disagreements between employees and their individual bosses. At present, whenever a worker has a disagreement with his foreman, he leaves the employ of the company and goes elsewhere to work. An employment manager would simply place the aggrieved worker in another department, under another boss, and the expensive "labor turnover" would be avoided.

Mr. Mulready said this plan would have an appreciable effect in reducing accidents, because a very large percentage of those reported are found to be due to the lack of familiarity of the injured worker with the particular machine on which he is employed. In the cotton mills, for example, an employment manager could place under some other overseer a worker who had disagreed with his former overseer, and the employer would be saved the expense of breaking in a new man, and also the liability of the green hand to injury.

One large concern near Boston, it appeared, has an employment manager whose duty it is to interview every person seeking to leave the employ of the company. If the worker's reason for getting through is a matter wholly apart from the employer, he is permitted to go, but if his desire to leave arises from any disagreement with his boss, it is the duty of the employment manager to get the two together, and to act as a sort of umpire of their troubles. If the workman has been at fault, naturally the company does not want him longer in its employ; if there has been a misunderstanding, it is straightened out; and if the boss has been at fault, he is reprimanded and the worker is given an opportunity to return to work, either under the former boss or under another. In this way, it is said, the employment manager has saved the company many times his own yearly salary.

HOYT.

## U. S. NOW IN CONTROL OF WIRE LINES

WASHINGTON, Aug. 1.—Control of telephone and telegraph lines was taken over at midnight by the postoffice department and their operation placed under the general supervision of a special committee created for the purpose by Postmaster-General Burleson.

Mr. Burleson announced that until further notice the companies will continue operation in the ordinary course through the regular channels and that all officers and employees will continue in the performance of their present duties on the same terms of employment. The plan is, however, to co-ordinate the facilities of the various companies to the best advantage of the public and the stockholders.

Investigations into wire conditions being conducted by the special committee composed of First Assistant Postmaster General Koons, David J. Lewis, former member of the tariff commission, and William H. Lamar, solicitor of the postoffice department, will be continued so that all possible information can be secured before any changes are undertaken.

Theodore N. Vail, president of the American Bell Telephone company yesterday issued a statement to all employees of the Bell lines asking them to continue to show their "fine sense of obligation and their loyalty and fidelity to the public service, under government control, that they have displayed in the past." The statement was issued after a meeting held by the company's officers in New York to discuss continuation of their duties under the federal regime. It was indicated that it was expected that the company's affairs would run along virtually as usual. Mr. Vail said that at a conference in Washington the postmaster-general asked co-operation and assistance.

## BIG POWDER WAREHOUSE DESTROYED BY FIRE

WILMINGTON, Del., Aug. 1.—Fire of unknown origin, early today, destroyed a warehouse of the Du Pont Powder Co., at Carney's Point, on the Delaware river, opposite this city. More than 300,000 pounds of smokeless powder was burned, causing a loss of about \$200,000. No one was hurt.

## COL. ROOSEVELT TO ADDRESS PATRIOTIC MEETING AT DARK HARBOR, ME.

DARK HARBOR, Me., Aug. 1.—Colonel Theodore Roosevelt, who is passing a short vacation here at the summer home of his daughter, Mrs. Richard Derby, has agreed to address a patriotic outdoor meeting Sunday afternoon. Upon his arrival at Dark Harbor the colonel announced his intention of receiving no visitors and remaining "absolutely quiet," but he agreed to break for this occasion.

## 510 LOCOMOTIVES TO BE

## SENT TO FRANCE

WASHINGTON, Aug. 1.—The war department has ordered 510 locomotives for military railroads in France from the Baldwin Locomotive works, at a total cost of about \$25,000,000, it was announced yesterday.

About 10,000 freight cars for service in France, costing about \$18,000,000, will be ordered within a few days.

The locomotives will be of the American model consolidation type, weighing 270,000 pounds, and will cost about \$50,000 each. Delivery will be started about the first of January.

All except 400 of the freight cars to be ordered will be of the box and gondola type, and will be only about two-thirds as heavy as the average car used on American railways. The others will be tank cars.

The individual cost is about \$1990 each.

FOURTH LIBERTY LOAN  
\$6,000,000,000

WASHINGTON, Aug. 1.—The campaign for the fourth Liberty loan will open Saturday, Sept. 25, and continue three weeks, ending October 15, it was announced last night by Secretary McAdoo.

In fixing three weeks as the length of the campaign for the fourth loan, instead of the four weeks as in previous loans, treasury officials plan for a more intensive campaign. A shorter campaign, it was said, will also enable more business men to enlist as workers.

Although official announcement has not been made, the amount of the loan probably will be \$600,000,000 and the rate of interest which the bonds will bear 4 1/4 per cent. Should the treasury decide soon to place on the market certificates of indebtedness redeemable next June when taxes are paid, the amount of the loan may be reduced.

## SPALDING PROMOTED

## President of N. E. Telephone Co. Made a Colonel

BOSTON, Aug. 1.—Notice of the promotion was received yesterday from Washington of Lieutenant-Colonel Philip L. Spalding, U.S.A., and president of the New England Telephone & Telegraph company to the rank of colonel, assigned to the bureau of aircraft production, under John D. Ryan, chief of that section of the war work.

On Oct. 24, 1917, he received a call for active war service. He was then commissioned a lieutenant-colonel in the signal corps and assigned to the aviation section of France. In less than a month he was on duty at the front, and after several months of active service was called to Washington on June 22 last to report on conditions as he found them.

When he entered the military service the board of directors of the New England Telephone & Telegraph company refused to accept his resignation, and tendered him an indefinite leave of absence for the duration of the war.

## WESTFORD NEWS

A battalion drill participated in by the Westford, Concord and Groton companies of the State Guard will be held at the Forge Village ball grounds on Sunday morning from 9 until 12 o'clock. The members of the various companies will report at 8.45 o'clock.

The Wakefield rifle range received a visit from several members of the Westford company, Saturday. Robert Prescott was the only member of the Westford company to qualify on the range.

A meeting of the board of registrars will be held in the town hall, Friday evening, for the purpose of certifying nomination papers.

LITTLE GIRL DIES AS  
RESULT OF BURNS

Estelle Roussel, aged 4 years, daughter of Mr. and Mrs. Zephyr Roussel of 5 West Tenth street, died early this morning at St. John's hospital as a result of burns received yesterday afternoon while playing near her home. Deceased leaves her parents and several brothers and sisters.

The accident occurred shortly after 3 o'clock yesterday afternoon, while the child was playing with companions in her own yard. It is claimed that a boy set the little girl's clothing afire while playing with a match, and when he saw the flames he ran away. The mother of the girl and neighbors were attracted to the scene by the screams of the child and they rolled her in a blanket in an attempt to extinguish the flames. Later she was rushed to the hospital in an automobile, but despite medical attendance passed away at 1:30 o'clock this morning. The body was removed to the home of the parents this morning by Undertakers Amedee Archambault & Sons.

Friday Morning—Shop Early

**Four Thousand Pairs of Shoes For Women and Girls**

In these war-times no shoes are made to sell for a dollar. So you can dismiss from your mind that this is a sale of Dollar Shoes. It is a Dollar Sale but not a Dollar Shoe Sale strictly speaking.

Some of the Shoes are worth double.  
Others are worth three times \$1.00.  
And some are worth four times \$1.00.

The difficulty lies not in selling the shoes for \$1.00 but in getting the shoes to sell for \$1.00. One month ago the prospects of holding this sale were about as bright as the prospect of a German victory. And this is the greatest victory for the one dollar bill in two years.

**WOMEN'S PUMPS, OXFORDS and COLONIALS,** made of patent leather, gun metal, suede and colored kid, plain, straps and lace;

Louis Cuban and low heels—  
**\$1.00 the Pair**

**WOMEN'S WHITE SHOES,** made of canvas, lace and buttoned, rubber and leather soles—  
**\$1.00 the Pair**

**GIRLS' SHOES**—Black gun metal and tan, lace and button, English and broad last, sizes up to 2, **\$1.00**

FOR  
**\$SHOES\$**  
FOR THE ENTIRE FAMILY

**\$1.00 \$SHOE SALE FOR MEN**

**\$1.00 \$SHOE SALE FOR BOYS**

SHOP EARLY

While Selections Are Large

NOW you can buy 2, 3 and 4 pairs of shoes for the value of one pair. Take a bit of advice and do so. The Shoe situation is serious. We know the conditions of the market. The advice is sound.

All who can should come Friday. Sale continues while shoes last. How long we cannot say.

For years it has been the custom for manufacturers to unload their surplus stocks at this time. Only their desire to stand by a big cash customer like our big Basement Shoe Store could induce them to part with these shoes this year at a price enabling us to hold our Dollar Sale.

**WOMEN'S SHOES,** high lace tops, black, mahogany, and colored tops, military heels—  
**\$1.00 the Pair**

**WOMEN'S VACATION SHOES,** made of colored satin, high lace style, pumps and oxfords, rubber soles and covered heels—  
**\$1.00 the Pair**

## GASTON FOR GOVERNOR

Announces His Candidacy for  
Democratic Nomination in  
Brief Statement

BOSTON, Aug. 1.—Colonel William A. Gaston last night announced his candidacy for the democratic convention for governor.

"I desire to announce my candidacy for the democratic nomination for the office of this commonwealth," declares Colonel Gaston in his statement. "I believe that as governor I can better contribute to the support of President Wilson in his great task of winning the war than I can in any other way."

Colonel William A. Gaston, the son of the illustrious democratic governor of Massachusetts, was born in Roxbury on May 1, 1853. He was educated at Harvard and was graduated with the class of 1876. He was admitted to the Suffolk bar in 1882 and has since been engaged in practice. He was president of the National Shawmut bank for ten years, recently resigning to devote his entire time to the furtherance of war activities.

In politics, he has always been a democrat. He served as colonel on the staff of Governor Russell in 1890-2. He was democratic candidate for governor in 1892 and 1903, delegate-at-large to the democratic national convention in 1904 and was the democratic candidate for the United States senate

against Henry Cabot Lodge in 1905.

Colonel Gaston is a "dollar a year" man, working for the government without a salary. He is the New England examiner of the United States Wage Adjustment board and is busy in adjusting industrial disputes at the 25 shipyards in New England. He is the Massachusetts director of the United States Employment Service, and under his auspices some 28,000 workmen have pledged themselves to go wherever the government may send them. He is chairman of the committee on war efficiency and also chairman of the finance committee of the public safety committee.

Besides, Colonel Gaston has been actively engaged in promoting the efforts of the Red Cross, Y.M.C.A., Knights of Columbus and the campaigns for

**TOO WEAK  
TO FIGHT**

The "Come-back" man was really never down-and-out. His weakened condition because of overwork, lack of exercise, improper eating and living demands stimulation to satisfy the cry for a health-giving, appetizing and refreshing sleep. Three of these capsules each day will put a man on his feet before he knows it. Whether his trouble comes from uric acid poisoning the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befall the overworked American. Don't wait until you are entirely down-and-out, but take them today. Your druggist will gladly refund your money if they do not help you. Accept no substitutes. Look for the name GOLD MEDAL on every box, three boxes at a time. They are the original, imported Haarlem Oil Capsules.

the Liberty bonds and the War Savings stamps.

## Long at Worcester

WORCESTER, Aug. 1.—Richard H. Long of Framingham and Martin Hall of Natick, his campaign manager, held a conference here last night with democratic leaders relative to his candidacy for governor on the party ticket. Mr. Long met some 75 representative democrats, including members of the city committee. Councilman William J. Guilfoyle presided. Both Mr. Long and Mr. Hall spoke in the interests of the party and Mr. Long's candidacy. Several of the local party leaders said they favor this candidacy.

## Walsh Opens Campaign Friday

BOSTON, Aug. 1.—Former Governor Walsh will open his campaign for the United States senate at the organization meeting of the newly formed Andrew J. Peters club, at 250 Dudley st., Roxbury, Friday evening.

The organization recently endorsed the candidacy of former Mayor John F. Fitzgerald for the United States senate, but since he has withdrawn in favor of the former governor, the club members have volunteered to work like Trojans for the election of Mr. Walsh, and at Friday evening's meeting committee members will be appointed to work in his behalf. Charles F. Quirk will preside at the meeting, and it is expected that former Mayor Fitzgerald and Congressman Gallivan will deliver addresses.

## ON ROAD TO RECOVERY

According to reports from St. John's hospital, Miss Olive Gove, the young woman who took poison a week ago, is now on the road to recovery, her condition having greatly improved during the past few days.

**COAL RESERVE**

**Immediate Steps to Aid Small Consumer Ordered by Fuel Administrator Storow**

**Instructs Local Committees to Have Dealers Begin Accumulation of Coal**

BOSTON, Aug. 1.—Immediate steps to accumulate in their yards a sufficient hard coal reserve to take care of all the winter's small orders of tons or less, have been ordered by James J. Storow, New England fuel administrator, in instructions sent to local fuel committees yesterday.

Mr. Storow points out that a very considerable proportion of the people in the larger cities and towns are accustomed to buy their coal in small quantities. Many thousands rely on the opportunity to purchase their fuel in bags at the yards and grocery stores, and it is to provide for these people that he has instructed local committees to have their dealers begin the accumulation of coal.

**To Protect Consumers**

"You will then be able to make such adjustment between the applications and the dealers as may be necessary in order to properly protect the consumers of your community," continues Mr. Storow. "After this it will be possible for you to decide what policy should be followed in allowing the delivery of the balance above two-thirds on applications of consumers."

Mr. Storow's letter to the chairmen of the local fuel committees, in part, follows:

"The local fuel committee have a very important responsibility in the supervision of distribution of domestic coal in their communities. The task of carrying your community through next winter with a minimum of discomfort and inconvenience will depend on the measures taken by your committee to insure an equitable distribution of the supply of anthracite coal."

"It is perfectly clear that the amount of coal that the dealers must now begin to hold back for this purpose must vary in different localities and local fuel committees will have to determine according to local conditions what proportion of the coal received the dealers should now and later be required to set aside for this reserve."

**May Reduce Percentages**

"It may be necessary, in order that a safe reserve may be built up for next winter, to reduce applications. In case it is necessary to follow this policy, the best plan will probably be to make a reduction of such percentage as may seem necessary on all orders of more than a specified number of tons; for it is clear that householders with large houses can economize in their consumption of coal with less hardship than the small consumer."

"No delivery of coal in excess of two-thirds of any order, except for six tons or less, should be permitted until two-thirds delivery has been made on all applications on file with all the dealers in your community and substantial progress has also been made in starting your reserve for the small user."

"Careful scrutiny of the applications of consumers filed with your committee will show in many cases where if the necessity for conservation is made plain consumers will be willing to voluntarily reduce their requirements in order to provide an adequate supply

next winter for the small consumers who are obliged to buy their coal from week to week or month to month during the cold weather.

"The recent regulations put into effect to reduce the consumption of domestic sizes of anthracite by office buildings, business blocks and manufacturers, if carefully and reasonably enforced by you, should materially help to safeguard the householders in your community."

**Uncle Sam Busy**

pany here. E. H. Davis, Western Union manager and William Morris, Postal Telegraph manager, reveal that their offices are being conducted with "business as usual."

Manager Leathers believes it will be hard for the government to improve the efficiency of the telephone service as it is now furnished people in all parts of New England. To day he calls attention to the fact that practical acknowledgment of this was made in the letter sent to President Vail of the American Bell Telephone company by Postmaster General Burleson. The postmaster general said he doubted if the present service could be improved, the only betterment coming to the telephone companies as the result of government control of them being possibly in the power and prestige conveyed to them as government administrated service corporations.

Manager Leathers says he has received no orders yet from Boston headquarters of the New England which require the office here to alter the routine of its work. He does not know and cannot conjecture when he may receive such orders.

Practically what holds good for Manager Leathers also holds good in the case of Manager E. H. Davis of the Western Union. The Western Union has a city office in Central street and an office at Middlesex street station. Davis has not yet received orders from Boston, his headquarters, altering the routine of his office here. He does not know when such orders may come.

Davis was asked what he thought of the suggested plan to have customers of the telegraph companies prepay telegrams with telegraph stamps printed by the government and he said he did not see why such a plan could not be worked out.

William Morris, Postal Telegraph manager of the company's office, Sun building, agrees with his brother manager, Davis, that the stamp prepayment system could be used probably successfully. Both managers are inclined to think that one of the early decisions of the postmaster general will be the abolishment of material revision of the telegrams sent collect. Both managers declare their offices and the telegraph companies are greatly imposed upon by the public in this regard. Many persons being offered a telegram for whose transmission they must pay, will refuse payment, even when they suspect it may be a message telling of a death, an accident or a disaster. If the person who sent such a message is a stranger in the city and cannot be traced by the receiving office, the cost of the message is deducted from the employee's wages who took it and forwarded it on the expressed good faith of the sender.

Mr. Morris has received no instructions from his headquarters in Boston respecting the conduct of his office. He does not believe there will be any changes announced before the last of this month. None of these three men interviewed, although now indirectly on the status of indirectly being government employees showed any signs of being "up stage" in their feelings and customers of all three offices to day find they are receiving the usual consideration and courtesy Lowell patrons of these three important Lowell offices have been in the habit of receiving for some time.

**BOOKS FOR SOLDIERS**

Librarian Frederick A. Chase of the local city library has received a message from Dr. C. O. S. Mawson of the Widener library in Cambridge in which the necessity of furnishing suitable reading matter to our soldiers in France is made clear.

Dr. Mawson who is in charge of the overseas despatch office, is collecting

**20 MULE TEAM BORAX SOAP CHIPS**

Make a Soap Jelly by adding three tablespoons of chips to a quart of water, and boil. Add enough of this solution to washwater to make good suds. Soak or boil clothes as usual.

It's the Borax Soap Chips that do the work.

At All Dealers

books at the Widener library to be sent to men in the Expeditionary Force. During the past week Dr. Mawson has sent more than 20,000 books overseas and he urges the local library officials to collect as many as possible. Any persons wishing to provide reading matter for our soldiers should leave any surplus books which they have in their possession at the library or notify the librarian and the books will be sent for.

**DISCHARGE GERMANS**

**Report U. S. Bars Trade With Firms Employing Huns**

AMSTERDAM, Aug. 1.—The Telegraf says that as the American government has prohibited trade with Dutch East Indian firms employing Germans, plantation enterprises there are gradually discharging the Germans in their service.

**WORD FROM LOWELL MEN OF THE FOURTH PIONEER REGIMENT**

News has been received from Lowell men of the Fourth Pioneer regiment, stationed at Spartansburg, S. C., that the regiment is being rapidly brought up to war strength by the addition of about 3000 farmer boys from northern Michigan and Wisconsin.

The Fourth Pioneers, of which the nucleus was the old Sixth regiment, has been located for some months at Spartansburg, prior to which it was at Charlotte, N. C. There were only about 500 men in the regiment during that period, including quite a number from this city. The regimental band is the Sixth regiment, under the direction of Z. I. Bissanette.

The coming of the young men from the before mentioned states is taken to indicate that the regiment is being prepared for immediate war service. The newcomers, who are mostly of Swedish and Norwegian ancestry, are said to be some of the finest physical specimens seen in many a month.

**THIS STORY IS A LITTLE BIT ON THE HOG BUT IT'S ALL RIGHT**

Among those who are doing their patriotic bit for Uncle Sam in these days, mention should be made of William Hayes, foreman of the Bay State Railway Co. When William's day's work is done, he takes himself up to his little farm on Webster street, where he gives himself over to the wants of his 10 mulefoot pigs, which he is raising. William says the pig business was never better, and he advises all his friends to try it this summer.

**MASSONS TO ASSIST SOLDIERS AND SAILORS DISABLED IN THE WAR**

CLEVELAND, O., Aug. 1.—Masonic bodies throughout the world will assist soldiers and sailors disabled in the war, under a movement launched here last night at a meeting of representatives of every branch of Masonry. The war league for Masonic service was tentatively formed.

Each of the three million Masons in the country will be asked to devote time to the work.

A chain of leagues is planned to which any enlisted man with honorable discharge can apply for employment commensurate with his qualifications.

**BIRTHDAY PARTY**

A most enjoyable birthday party was held at the home of Miss Agnes Sherman, 1488 Middlesex street, in honor of her 35th birthday anniversary. Many friends of this popular young lady were present, among them being many guests from outside the state. Miss Sherman was the recipient of many handsome tokens, and received the congratulations and best wishes of all present. An enjoyable program was run off during the evening, and refreshments were served by Mrs. Arthur Austin, Miss Irene Cluff, and Mrs. Horace Allen.

**HUNS USED 45 DIVISIONS IN FIGHTING ON SOISSONS-RHEIMS FRONT IN 16 DAYS**

PARIS, Aug. 1.—(Olayas Agency)—In the fighting on the Soissons-Rheims front July 15 to July 31, the Germans used 45 divisions, according to the Echo de Paris. Many of these divisions were used several times, being brought back into the fighting after a rest of only one or two days.

**ANOTHER LOWELL GIRL SOON TO SAIL FOR "OVER THERE" FROM LONG ISLAND**

Another local girl is leaving for service "over there" in the person of Miss Lillian May Cote of 435 Pawtucket st., who left Tuesday for Camp Upton, Long Island, where she will receive sailing orders for France.

Miss Cote has proved herself a very successful and efficient nurse, and will be greatly missed by her many friends and patients. She is a graduate of the Lowell public schools, Convent of the Holy Ghost, and also St. Joseph's hospital of Nashua, from which she received her diploma in 1915 with very high honors.

Trade in Lowell with Sun advertisers and you will save money on your purchases.

## AMERICANIZING THE ALIENS

From a bulletin issued by the State Board of Education we learn that there are 300,000 people in this state who do not speak the English language. These are aliens who have come here within the last twenty years. Strange as it may seem, some of them have remained here and mingled with our people for a period of twenty years, without learning our language. This is absolutely intolerable and must be stopped, not only for the good of the aliens themselves, but for the safety of the republic.

The aliens must be imbued with a deeply laid prejudice against our language or else a foolish predilection for their own, who can remain here for ten or a dozen years without making any effort to learn to speak and write English. Many of these aliens are fairly well educated in their native languages; but somehow they have an abhorrence of taking up the study of English.

Those who adopt this attitude show that they are unprogressive, that they are not in sympathy with our institutions and are not, therefore, entitled to citizenship.

Regardless of what country they come from, it is a comparatively easy matter for any alien to learn to speak English while mingling with our people in their daily life, and all our industrial activities.

It seems to us that what is necessary to overcome this difficulty, is a few leaders in each of the nationalities, to urge upon their people the necessity of learning to speak and to write English.

It would be a good practice for our foreign elements to hold social gatherings at which they will be obliged to express themselves in English.

It must be evident to any person who considers the matter seriously that the inability to speak English is a great handicap in this country. Take for example the Greeks and the Poles in our own city. Is it not desirable for some of the big department stores to have a Greek and a Polish clerk who can speak English fluently? Such clerks would be a valuable acquisition to the department stores in Lowell; but it is very hard to find them. Most of the young French residents of our city can speak English as fluently as French and in this they have an advantage by which they readily secure desirable positions in our leading stores.

The Greeks are a progressive people with a history that must remain forever a great inspiration to progress in the arts and sciences. It should not be said of any Greek who has been in this country four or five years that he is still unable to speak the English language.

As for the Poles, they too have a brilliant history in which many of their heroes, statesmen, patriots, artists and authors have won undying fame. Is there any reason why any native of Poland who has been with us for a few years should not be able to converse in English? The Poles, too, are a progressive people who have a great future in prospect if they only take advantage of the opportunities afforded them in this and other cities.

The National Bureau of Education, as well as the state boards, is making a great effort to educate our alien population in order that every alien who comes here will at once fall in line with our system of government and become loyal and progressive American citizens.

The National Security League is also doing great work in this direction by providing special educational courses for the aliens in evening and part-time schools which will have good results.

American citizens have had their eyes opened by the extent to which this country has been ramified by the German propaganda and they have found it necessary to inaugurate some method of counteracting its influence whether present or future, so that hereafter the aliens who come to our shores may not be imposed upon by any such baneful agency, but that on the contrary, they may be induced without delay to conform to our customs and our modes of life if they wish to enjoy the freedom and the opportunities afforded by our free government.

## TURKEY'S OPPORTUNITY

Can it be as reported that Turkey has broken away from Germany? Has the German "Gott" proved false to "Allah"? How well we remember the visit of the Kaiser to the Sultan of Turkey and the honors heaped upon the Hohenzollern autocrat who showed an overwhelming desire to become a Mohammedan. Indeed he put on the garb of Allah and so far as known was a faithful worshipper at the shrine until he got the Sultan cajoled into granting his various requests.

Wilhelm is wily, but he is mistaken if he takes the Sultan for an easy mark. Enver Pasha and Talaat Bey can plan a diplomatic coup almost as well as could Emperor Wilhelm aided by such men as Count von Bethmann-Hollweg or even that equally Janus-faced diplomat, Count Bernstorff. But for the nonce they were nonplussed by the warmth, the suavity, the cordiality of the Kaiser and were also overawed by the mightiness of his project—the conquest of the world.

Undoubtedly the Kaiser was well on

his way back to Potsdam before the two Turkish officials realized that they had been lured, that the conquest of the world meant also the conquest of the Ottoman empire, that the Turkish interest in such an enterprise was more than offset by the slice of treasured territory, the Maritza valley, which the Sublime Porte was obliged to yield to Bulgaria in order to induce that nation to join Germany in the war. Still later, it seems, after the Brest-Litovsk treaty, to Bulgaria was handed over the rich district of the Dobruja while Turkey made a demand for the Crimea and western Persia. These demands Germany refused but with much ostentation ceded to Turkey the Transcaucasus region when Turkey could take it.

On assuming control of this region, Turkey was met by vigorous resistance from the Georgians and Armenians; and there is reason to believe that German influence has been used to prevent Turkey from getting even what was offered her. There is proof of this in the fact that the two peoples mentioned receive food and munitions from Russian ports controlled by Germany. Here is a plain case of treachery by Germany against one of her own allies, but many others might be cited. It is another instance of Germany's custom of regarding all agreements as so many "scraps of paper" whenever she thinks that such a course will serve her purpose. Turkey is clearly justified in refusing to stand by Germany. It is Germany that has betrayed Turkey, not the reverse.

This attitude on the part of Turkey will show the wisdom of President Wilson in refusing to declare war on Turkey. It may be possible to induce Turkey to break away from Germany altogether in view of the fact that in order to carry out her Berlin-Bagdad railroad project, Germany, if victorious, would hereafter dominate the Ottoman empire and in all probability hold it as a vassal state. Turkey can escape such vassalage by breaking away from Germany now and at the same time secure liberal concessions from the Allies. If Turkey regards her own future and wants to hold her independence, she had better cut aloof from Germany without further delay. With her it may be now or never.

## STREET CAR SERVICE

The opinion is growing that this zone system on the street railway does not work very well outside the central zone. In the first place it is almost impossible for one conductor to collect the fares on some of the heavily laden interurban cars and at the same time give the necessary attention to people getting on and off the cars. We have seen some conductors fall hopelessly in the task when the system was first introduced, and we do not know that they have yet mastered it with their added experience. It is the making of change on the six and eight cent fares that causes most of the delay. For this the conductors are not to blame. They seem to be doing their best to comply with all the rules and schedules, but on a crowded Boston car with eighty passengers whose destination touches many points far ahead, it is no easy matter to apply the zone system accurately to each individual passenger, and at the same time to keep track of new passengers entering the car. The work would be greatly facilitated if the passengers used tickets instead of cash; but for some unexplained reason, many of the conductors do not keep a supply of ticket books on hand and the passengers in such cases are obliged to pay the full six or eight cent fare. The conductor is required to keep supplied with transfers, why not also the various ticket books to facilitate his own work and help the patrons of the road?

## THE WAR

Lack of the necessary troops undoubtedly prevented General Foch from bagging the army of the Crown Prince and routing the Germans before they had time to bring in the reinforcements necessary to extricate them from the pocket.

Now it seems, however, that they have launched a million men against the Allies in an endeavor to stop the allied advance and to take up a new position on which to meet all further attacks.

Their plans have not yet been sufficiently revealed, but it is safe to say that they will not spring any great surprise upon General Foch. It is quite probable that the Allies will make a great effort to capture Soissons, the possession of which the Germans prize very highly. Where the Germans will establish their new front is yet undetermined, although it is probable they will locate along the Vesle river at least for the present. It would not be surprising to find them launching some new drive against the allied line possibly in the direction of the channel.

There seems to be something very mysterious in the number of accidents at our aviation fields. Is the training too strenuous or are the machines defective? A great many people think this loss of life at home might be avoided.

Lloyd George's scheme of work or light settled the British strike. It would also settle any strike in this country if properly applied.

## SEEN AND HEARD

Doubtful anticipation is worse than actual disappointment.

Eternal vigilance is the price of liberty and also of insectless tomatoes.

There's many an old man married for love and many a young girl, too.

The only man in the world who is better than you is the one whom you think is.

The official ban on the open sugar bowl seems to be pretty well observed.

The esteemed commissioner's idea to sell the water pipe was a pipe dream in more than one sense of the phrase.

## Easy Honors

At a 21st birthday party a mother was praising the talents of her son, and, being anxious to make him appear, at his best before the company present, asked him to show his prizes.

One of the guests, picking up the best of the articles, said: "And what did you win this prize for?"

"O, that was for running," said the proud mother.

"And who presented it to him?" asked the guest.

"We did," said the mother.

"How was that?" asked the guest.

"Why, you see," said the proud mother, "he would have won, but he didn't hear the pistol go off."—Rehoboth Sunday Herald.

## No Music There

A western settler went to the nearest township and purchased a music stool, taking it home with him in his trap. In a few days, however, he brought it back and demanded the money he had paid, as the stool was no good at all.

The shopkeeper examined it and said it was in perfect order and that it should not be thrown on his hands.

"Well," said the settler, "I took it home careful and gave it a turn, and never a tune could one and all of us screw out of it. It is no more a music stool than the four-legged washing stool the missus puts her tub on."—Rehoboth Sunday Herald.

## Cancelled the Date

"Where are you going to lecture to-night, my dear?" inquired Mr. Wise of his wife, a prominent equal suffrage lecturer.

"I am to address the Cooks' and Housemaids' union," she responded.

Her husband laughed.

"I see nothing to laugh about. Surely they have as much right to vote as any other women," his wife began indignantly.

"I am not denying that, my dear," mildly explained Mr. Wise, "but it is a waste of time. Don't you realize that a cook or housemaid never remains long enough in one position to be entitled to a vote?"

Mrs. Wise recognizing the wisdom of this, cancelled her engagement by telephone.—Cleveland Plain Dealer.

## Alayeksa or Alaska

The name Alaska is an English corruption or perversion of Alayeksa, as it was called by the aboriginal inhabitants of the Aleutian Islands, lying to the westward.

When the Russians first came to one of the Aleutian Islands they were told that a vast country lay to the eastward and that its name was Alayeksa. The Aleuts called their own island Nagai Alayeksa, meaning the land lying near Alayeksa. By a process of Russianizing and Anglicizing Alayeksa became Alaska and Nagai-Alayeksa became Unalaksa.

The original Aleutian word Alayeksa meant "the great country," as the inhabitants of scattered islands would naturally consider a vast continental region of varied resources and beautiful scenery as Alayeksa or Alaska has since proved to be.—Chicago Tribune.

ful scenery as Alayeksa or Alaska has since proved to be.—Chicago Tribune.

Imagination

The imagination mechanism of a human being is a funny piece of machinery.

Follow with a Good imagination can Enjoy the mazuma of Rockefeller.

We know a rasha Who had a 14 k. imagination.

When the temperature Rued around 90 in The shadows, he used To sit on the front Porch after work, And have a small boy Shake the young trees In front of the house, And he imagined a Cooling storm was Coming up.

A few minutes later He'd pull up the Porch rug and go in The house on account Of the hail stones.

Let's We Forget

"Lend me your wings, oh, wind," That I may fly

Up through the boundless reaches of the sky

And gather stars, to strew the graves where they lie

Our soldier dead, stilled in death's majesty

With new culled star-dust.

"Lend me your song, oh, nightingales," That I may sing

Of darling Geese, and that the world may ring

Of heroism, sacrifice, the widow's wails, And cheer, thrill the earth and heaven

That man and all God's angels may be true, That golden notes from out a silver

May sound my song of songs to nations yet unborn, Lest they forget.

"Lend me your perfume, flower, leaf, and blade,"

That I may burn A fitting, sweeter incense to these

Than ever yet has burned or shed its light

On honest roll, that all may read aright

The story of their deeds in mankind's fight

For Liberty.

"Lend me your tints, oh, rainbow," For the flag—

Your rays float so proudly o'er the land

Where freedom and humanity go hand in hand,

Where brother-love and honor, more golden

And gentleness to weakness, ever hold

Their place; lend me your tints, if you have, to renew

Our flag's proud message in its every hue, And star and fold.

"Lend me your gift to hate, Ye Furies Clasp!"

Lest I forget—

May I give the wish, all kindness ban,

Even in thought, eke action, and in prayer,

This man banished from the creeds of man

Who have what we have to avenge and bear.

Teach me to hate, forgiveness to forgive, Forever, ay! and then!

The time has come, has come, when the Christ's cross

Must yield, its gentle message give

Way to the sword;

When man must count love and forgiveness loss,

And by the wish to slay, to slay alone to be stirred.

—WILLIAM P. HUNTER, in the Scranton Times.

How Jury Was Established

The jury was established by the French kings, being introduced into

England by the Normans at the time of the conquest in 1066. At first it was

merely a royal prerogative, men being brought in to give what they understood to be the truth regarding a

## CAUGHT

Your eye, didn't it? That's what we wanted so we could have a little talk with you as you are one of several hundred who are really thinking of joining our big family by taking out some shares in our company. You have made up your mind to do this but you haven't done it and mere thinking doesn't get you anywhere; the act must follow the thought to make the latter of any value. Now as we wish to make next Saturday a red letter day in the sale of shares we are having this talk with you. We shall start again on that day taking orders for coal if you have not placed your order elsewhere, and we want to give your coal orders and also put your name down on our list of stockholders. We give share-holders all protection, possible, on their coal supply and fully believe we can take care of all orders from whatever source, so please help us to make next Saturday a big day on shares. Fasten that date in your mind; hang it on a peg in your memory and on August 3d take it down and see us. If there is anything about our plan that is not clear come in and talk it over. We are here to serve the public and we want you with us. You need not worry about the coal end, we will take care of that. Pin your faith to the Lajoie Company and we won't disappoint you.

## Lajoie Coal Company

42 John Street, Tel. 637

1012 Gorham Street, Tel. 2725

A small lot; 200 in all of solid silk shirts and fibre silk shirts in a variety of beautiful patterns and exquisite colorings. Shirts of this quality have never before been offered even in normal times at this price, sold for \$3.50 to \$5.00, go on sale today. They are wonderfully cheap at

certain matter which was being considered by the king.

Under King Henry II it became a regular privilege which was given to the people to use in the settling of their disputes. By the end of the 12th century it was established, and it represented the collective knowledge of the community. By the end of the 13th century it was already similar to our jury of modern times, having become an important liberty of Englishmen.—San Francisco Argonaut.

## YOU MUSN'T KISS BABY ON THE MOUTH

The "Don't Kiss Me" pins haven't reached Lowell yet.

Boston, Worcester and Providence have experienced the shock, but for Lowell it is a shock in reserve but one undoubtedly to come.

The "don't kiss me" propaganda is put out in two or three different ways. First of all, you may be admiring a pretty baby in its carriage, propelled by its proud mother, along the sidewalk. Perhaps she will stop long enough for you to get acquainted with the baby. Then you mark that neat little pin pinned to the baby's dress, on which the words are printed, "Don't Kiss Me." You conclude that although you may get acquainted with the baby, the process doesn't include kissing it, according to the old-fashioned standards of getting acquainted with a new baby.

If the mother is an adherent of the ban on kissing babies propaganda, and hasn't used the pin which is becoming so popular in many cities, it will be found that she has a printed card fastened to the carriage, or the words "don't kiss me" are printed on the carriage strap. There are at least three ways of putting over the "letting the baby's mouth alone" idea, and whatever other methods the mother may herself devise.

None of the baby shops or infants' departments in Lowell stores have as yet put these novelties on sale, although they have heard about them through their buyers, and it may be expected that the articles may be seen on sale here soon.

Miss Rachel Barrington, supervisor of nurses over at the Lowell guild and milk station for babies in Dutton street, enthusiastically endorses any movement that will bring about a cessation of the custom of promiscuously kissing babies on their mouth. Miss Barrington has 11 nurses under her direction. Two of them are exclusively baby experts. All these nurses in their talks and conferences with mothers urge and admonish them not to allow members of the family, relatives, friends, and certainly not strangers, to kiss the baby, inviting although his mouth may be.

It has been said that in this state Fall River has the highest rate of infant mortality, and that Lowell comes second. Miss Barrington's nurses resent this tabulation. They say that although Lowell's infant mortality is high, it is not fair to say she is second on the list, for the reason that not all the cities in the state turned in statistics on this important subject.

The Lowell nurses, however, do not agree with the experts in the national baby conservation movement, who assert that of the children born in America this year one of every seven will die, that being the ratio of infant mortality in America, proven by past experience.

Lowell mothers have been told by these nurses that at least 50 per cent of all the diseases transmitted to little babies are diseases transmitted by unhealthy and infected persons kissing them on the mouth. Some mothers profit by the warning and "bristle up" afterward when persons try to kiss their youngsters. Other mothers turn up their noses and call it "too much science."

## LOWELL MAN BEFORE HIGHWAY COMMISSION

STATE HOUSE, Boston, August 1.—Arthur J. Jodoin of 151 Sixth avenue, Lowell, was before the Massachusetts highway commissioners yesterday afternoon in an effort to convince them that he was not guilty of any serious fault in connection with an automobile accident which occurred June 26, and which resulted in the death of Luke Griffin of 81 Chestnut street.

The accident occurred at 11:45 at night, on the Lawrence road in Dracut. Jodoin, who had a chauffeur's license, had been to Lawrence with his mother and sister, and several friends. When near Thompson's house his car hit Griffin, who died later as a result of the injury.

Jodoin told the commission yesterday that he had looked at his speedometer just as he entered the bad curve which the road makes at the scene of the accident, and it showed that he was going between fourteen and fifteen miles an hour. He said his lights disclosed three men walking in the road, and he turned away from them. Then he felt his car strike

something, brought it immediately to a stop, and went back to find a man lying in the road where he had been run over by the car. He said others in the party told him that Griffin had jumped away from his companions when he heard the automobile coming, and as the car was running on a curve, the lights did not strike him on the side of the road to which he jumped.

The commission took the matter under advisement.

HOYT.

## WARNS AUSTRIANS OF NEED OF ECONOMY

AMSTERDAM, Aug. 1.—The food crisis in Austria is almost overcome and presumably will never recur, says Food Minister Paul, according to the Neue Freie Presse of Vienna. He says harvest prospects are promising. Cattle have sufficient fodder, so that the prospects of an autumn supply of milk

and of meat are better than hitherto. A note of warning, however, is sounded by the minister, who says "There must be the greatest economy."

## SIX MEN KILLED

Fire Destroyed Warehouse of  
Fleischmann Yeast Co. at  
Peekskill, N. Y.

Second Fire in Week—Men  
Caught Under Falling Wall  
—Incendiaries Suspected

PEEKSKILL, N. Y., Aug. 1.—Six men were killed in a fire which destroyed a warehouse of the Fleischmann Yeast Co. here today. Five firemen and a workman were caught under a falling wall.

The blaze started at midnight and was not under control until after 8 o'clock this morning.

This is the second fire within a week at the plant. Officials express a suspicion that incendiaries had been at work.

The wall which fell was of brick

## HAIR TROUBLES AND HOW TO TREAT THEM

When you see a statement that tells you some nostrum will make your hair grow after the roots are dead, don't believe it, because it's not so. When hair roots are dead, hair will not grow again. You can, however, put your scalp in such a healthy condition that the dying of hair roots can be stopped and growth be encouraged. There are two ways to do this, and both of them should be resorted to. One way is to follow the simple life, and eat plain foods, this will build up your constitution and improve your blood. The other thing is to keep your hair and scalp clean, because cleanliness is one of the essential requisites of health. Keep your hair and scalp clean with Birt's Head Wash, and your hair troubles will largely be a thing of the past. You might as well give up putting secret nostrums on your hair and head under the impression that they possess some mysterious power to promote the growth of hair, because they don't do anything of the kind. Birt's Head Wash removes the dirt, disease germs, dandruff and microbes that gather on everybody's head. Nobody is immune from these things, and the sooner people wake up to these facts, the sooner the spread of contagious diseases will be stopped. Birt's Head Wash not only cleans the hair and scalp thoroughly, but leaves the hair glossy and soft, and the scalp in a pink, healthy condition. People have been humbugged long enough with worthless preparations for the hair that hide behind a mask of mystery. No preparation for the hair ought to be good enough for you unless it is good enough to carry the formula on the package. The formula is on every package of Birt's Head Wash, and when you buy it you know exactly what you are getting. Here it is: Refined Soap, Coconut Oil, White of Eggs, Glycerin and Salicylic Acid.—Adv.

and 75 feet high. Its collapse was so sudden that the firemen, manning it, had a few feet away had no time to reach a place of safety.

The warehouse and 100 carloads of cattle feed were destroyed.

REV. J. H. ROCKWELL, S.J., AP.  
POINTED PROVINCIAL OF  
EASTERN PROVINCE

BOSTON, Aug. 1.—Rev. Joseph H. Rockwell, S.J., born in Boston Nov. 13, 1852, appointed provincial of the eastern province of the Society of Jesus yesterday, succeeded Rev. Anthony Mass, and will make his headquarters at New York city. Fr. Rockwell was the son of the late Col. and Mrs. Horace T. Rockwell, the colonel being prominent in city affairs and senior member of the painting firm of Rockwell & Churchill; he was a reporter at the time of Lincoln's Gettysburg address and reported the speech for his paper.

At Woodstock, Md., Fr. Rockwell was ordained by Cardinal Satoli. He spent eight years at Boston college, going there in 1889, where he was vice president from 1901 to 1907. He was socius to the provincial from 1907 to 1911. He went to St. Francis Xavier college as president in 1911 to 1913, and then to Brooklyn college, where he was president till this new appointment.

He was elected president of the Association of College Presidents of New York State, an association composed of 42 colleges, including Columbia, Cornell and Vassar. Fr. Rockwell has two sisters, Miss Maud M. Rockwell and Miss Alice E. Rockwell, and a brother, George A. Rockwell, of 155 Rutheven street, Roxbury.

GERMAN "MAGNET" PROVED TO BE PACKAGE OF THURINGIAN BACON

STOCKHOLM, July 21.—(Correspondence of the Associated Press)—"Carry on magnet" efficiency guaranteed" was advertised recently in German newspapers by its "inventor." The magnet was declared to have mystic powers enabling its possessor more easily to endure the food privations of the country.

The price was 300 marks and the buyer was privileged to inspect the magnet before paying. Those who sent in orders received a package bearing the inscription: "Contents: One carry-on magnet."

It is not on record that anyone refused to pay for it, for the "magnet" proved to be 10 pounds of Thuringian bacon. The ingenious "inventor" now is being sought by the police.

NO MINIMUM WAGE FOR INDUSTRY NOW

WASHINGTON, Aug. 1.—A minimum wage to be applied throughout industry will not be established at this time by the war labor board. In making this announcement yesterday the board said wage controversies would be considered individually as heretofore.

Hearings were held and the board was expected to establish a minimum in the near future.

The board's decision was set forth in a unanimous resolution declaring it would be unwise to "make orders in this interregnum based on approved views of progress in normal times, which, under war conditions, might

## SUPERFLUOUS HAIR WHY IT INCREASES

Hair growth is stimulated and its frequent removal is necessary when merely removed from the surface of the skin. The only safe and practical way to remove hair is to attack it under the skin. DeMicare, the original military liquid, does this by dissolving the hair root. DeMicare has a money-back guarantee in each package. At toilet counters in 50c, 81 and 92 sizes, or by mail from us in plain wrapper on receipt of price. Fill book mailed in plain sealed envelope on request. DeMicare, 129th St. and Park Ave., New York

## COAL NOTICE TO MY CUSTOMERS

All coal orders on my books will be filled subject to the rules and regulations of the Lowell Fuel Committee and delivered in bins long before needed.

JOHN P. QUINN

Office and Yards, Gorham and Dix Streets  
Branch Office, Sun Bldg.  
Telephones 1180 and 2480. When one is busy call the other.

seriously impair the present economic structure of our country."

Declaring the period of the war not to be a natural period of industrial expansion, the resolution says the "employer does not expect unusual profits or the employment abnormal wages. Capital should only have such reasonable return as will assure its use for the world's and nation's cause, while the physical and mental effectiveness in a comfort reasonable in view of the exigencies of the war should likewise be assured."

Employers and workers were called upon to compose their differences in accord with the principles laid down in President Wilson's labor proclamation last April 8.

## ALLIED FOOD BOARD

Food Controllers of Entente in Session

LONDON, Aug. 1.—Sir John Beale, vice chairman of the wheat commission, will preside over the allied food board, consisting of the food controllers of Great Britain, France, Italy and the United States, according to the Times. This board has been holding conferences here and has formed a permanent organization.

The last Worcester draft contingent included Edward T. Scanlon, the largest rookie sent by Massachusetts so far. He is 6 feet, 2 inches tall, and weighs 237 pounds. He has a brother, James W. Scanlon, aged 26, at Camp Devens, who also stands 6 ft. 2 in. and weighs about 190 pounds, and a cousin, Tom Hennessy, also at Camp Devens, who is the same height and weighs about 200 pounds.

## WON'T HELP SHIP MEN DODGE DRAFT

WASHINGTON, Aug. 1.—Only employees whose loss would retard ship production will retain "emergency fleet" deferred classification in the draft. It was announced last night by the emergency fleet corporation. All applications of employees for such deferred classification must be approved by division heads and finally passed on by Howard Conoley, vice-president.

A general order issued last night calling on employees to report their status says:

"The United States shipping board emergency fleet corporation will not aid any drafted man to secure 'at his own instance' 'emergency fleet listing' deferred classification in the draft or any delay of induction into military service."

"When the United States shipping board emergency fleet corporation seeks 'emergency fleet listing' deferred classification in draft, or delay in induction into military service for a draftee, it is to be clearly understood that such request will be confined to cases where the qualifications and services which are being rendered by the drafted man are, from the national viewpoint, more essential for ship production than for military service."

## WAGE AGREEMENT NOT LIVED UP TO

Local 14, Stationary Firemen, met last evening at 32 Middle street with President Thomas P. Quinn in the chair. In the course of the meeting it was brought to the attention of the union that a wage agreement existing between certain local mills and the organization, which was made last February by Mr. Benjamin, the official U. S. conciliator, has been violated, and the matter was left to the executive board, who will refer it to the mill officials for settlement. If the matter is not settled it will be referred to Mr. Benjamin.

Carpenters' Union  
President Rabul Dionne presided over the meeting of the members of Local 1610, Carpenters' union, which was held last evening in Carpenters' hall. Routine business was transacted.

## COAST GUARD SAVES CREW OF SCHOONER

NANTUCKET, Aug. 1.—The two-masted fishing schooner Constellation of Gloucester in attempting to make port during rough weather yesterday struck heavily on Nantucket bar, within 200 feet of the breakwater.

Her crew of 25 men were taken off by a coast guard boat, as the schooner was pounding badly.

Last night, however, the weather moderated and the steamers Nautilus and Chion floated her. She was brought into port, apparently little damaged, by the coast guard crew.

## Physicians Recommend Castoria

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Wm. J. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

GENUINE CASTORIA ALWAYS Bears the Signature of

## Save Sugar—Save Flour

Yet Serve Luscious Fruit Desserts

## Facts to Know

In these times every housewife should know Jiffy-Jell. It means rich, fruity desserts, instantly made, without the addition of sugar.

It means supreme desserts, without the use of flour or sugar, at half the cost of pastry.

It means a way to serve fresh fruit, mixed in jell, to save many ounces of sugar.

It means zesty salads made with vegetable left-overs, and jellied meat loaves made with scraps. All delightful products.

Sugar is needed now for canning. Your supply is restricted. Wastes must be utilized, flour must be conserved. So we make these offers to let every woman see how Jiffy-Jell can serve her.

We urge you, for your own sake, to learn how folks enjoy it.

Jiffy-Jell

For Quick, Fruity Desserts and Salads

Fruit-Juice Flavors  
Sealed in Glass

No Sugar Need Be Added

## Economical Desserts Salads From Left-Overs Meat or Chicken Scraps in Aspic Jelly

Jiffy-Jell is the only product which serves these uses well. It is the only gelatine dainty with true-fruit flavors, highly concentrated, sealed in glass vials.

These bottled flavors do not lose their freshness. They give to Jiffy-Jell a wealth of fresh-fruit taste. Thus Jiffy-Jell desserts and salads taste like fruit-made dainties.

You make Jiffy-Jell by simply adding boiling water, then the flavor from the vial. One package makes dessert for six. If you whip the jell it serves twelve.

To serve fresh fruit, preserved fruit or pastry for six requires 8 to 12 ounces of sugar. Pastry requires flour in addition. The average cost is at least twice the cost of Jiffy-Jell.

Or you can mix fresh fruit in Jiffy-Jell, without adding sugar, and have a double-fruit dessert.

With Lime or Mint Jiffy-Jell you can make delicious salads, zesty and green. Use left-overs in cooked vegetables. Or use fresh vegetables.

Mix in meat scraps with these flavors and you have a jellied meat loaf. This is a delightful way to save waste.

Millions now use Jiffy-Jell as a conservation dainty. They get fruity desserts and salads of the finest sort, at trifling cost, without using sugar or flour.

We want you to know what it means to you. See how it differs from old-style gelatine products. Buy two packages to try, then send us the coupon, and we will send you molds worth more than you pay for Jiffy-Jell.

Accept this offer, for it means a treat at really no cost at all.

Or enclose 20c and we will mail you six Individual Dessert Molds assorted—enough to serve a full package of Jiffy-Jell. The value is 60c per set.

## SOCIETY GIRLS FOOLED BY "WAR CHARITY"

NEW YORK, Aug. 1.—Another "war charity" went into the discard here yesterday when District Attorney Swann ordered Miss Ethel Langdon Drake to turn over to French Ambassador Jusserand \$14,000 which had been collected for the ostensible purpose of equipping 25 ambulance units for the sixth army of France, and to discontinue her war charity activities in America.

Miss Drake had within a few days been in Boston, and had left the Copple-Plaza there just in time to avoid a visit from United States deputies.

Miss Virginia K. Chandler, captain in the "Drake Section Sanitaire," which was to operate the 25 ambulance units, announced that a training camp of 19 young women at Bayside, Long Island, under her command, had been disbanded and she had resigned her commission. All of the young women are said to be from families of wealth and social prominence.

District Attorney Swann said his interest in the "section sanitaire" grew out of the fact that Miss Drake had ordered no ambulances, though she had advertised that she had given 25 to France and wanted to send 1000 drivers.

Miss Drake admitted, Mr. Swann said, that she had received from \$14 to \$15 each from the young women "volunteers" in the training camp to defray expenses. She turned over to the district attorney's office \$900 worth of diamonds which had been given her by Miss Gladys Rhoades of Omaha as a guarantee that her camp fees would be paid.

Miss Drake said that she had recently succeeded in getting Mrs. William A. Gavin, the golf champion, to arrange tours for the benefit of the "section sanitaire" and that \$9000 raised thus in San Francisco is on its way to New York. Most of the information about Miss Drake was given the district attorney by Mrs. S. J. Simonds, wife of a British army major, who said she had come to America with Miss Drake and had turned over to her a \$1500 monthly allowance and a quantity of jewelry, as well as the French war cross given her for her relief work.

Miss Drake and Mrs. Simonds were living together at the Ritz-Carlton, which also was headquarters of the "section sanitaire."

## SEVEN-CENT FARES IN EFFECT IN BOSTON

BOSTON, Aug. 1.—Seven-cent fares became effective today on surface, subway and elevated lines of the Boston Elevated Railway Co., as a result of the decision of the state to rehabilitate the railway system. Five cents in charge of the railway, authorized by the legislature and appointed by the governor, estimate that the increased rate will mean an additional revenue of millions of dollars annually. Under the statute most of this increased revenue must be expended for needed improvements.

## CONDEMN LANSLOWNE'S PEACE SUGGESTIONS

LONDON, Aug. 1.—Lord Lansdowne receives little encouragement from the morning newspapers for his latest peace suggestions. Some of the important papers, including the Daily Telegraph, which launched his first letter and gave it warm support, do not comment, while a majority of the others condemn his latest letter.

The Times calls the letter weak and mischievous and says Lord Lansdowne represents nobody but himself. The Daily Express says no time is opportune for negotiations with an enemy who remains unshaken and unrepentant for his manifold crimes. The Daily Chronicle thinks the letter was issued at an inopportune time and declares the allies should stand by the offer of Jan. 7.

The Daily Mail says the letter can only do mischief, adding that the allies are not going to leave their work half done to please a few rich and tired old gentlemen." The Daily News also gives Lansdowne censure. It describes the letter as admirable.

Lord Lansdowne's Letter

LONDON, Aug. 1.—In a letter written by the Marquis of Lansdowne, former minister without portfolio in the British cabinet, he says he is convinced that there is "a deep-seated desire for a further explanation as to the conditions upon which we are prepared to make peace, but to open a discussion which might lead to peace."

The writer assumes that secret treaties are liable to revision. Referring to President Wilson's latest speech he says:

"It is a picture, drawn by a great master, of the golden age to which we are bidden to look forward. It does not seem, however, to provide those who are in search of a basis for preliminary negotiations with the kind of ground work after which they are striving."

The letter concludes: "If one moment is more opportune than another it is the moment when events have shown that, whatever be the feeling which inspires us, it is not one of doubt as to our ability to hold our own in this deadly struggle, if we are forced to continue it."

In beginning his letter, Lord Lansdowne said:

"We are about to commence the fifth year of the great struggle for liberty, and next week we shall reaffirm a solemn resolve not to desert from the effort until peace with honor is in sight."

"Meanwhile, with every month that passes the toll which the war is claiming becomes heavier and heavier. The civilized world is being drained out of its resources, is spending its energies in purely destructive efforts, each of which involves the further diminution of its reserves of power and the further mutilation of the machinery of production."

Lord Lansdowne refers to the estimates placing the casualties of the belligerents at 30,000,000, of which 7,000,000 have been killed and 6,000,000 made prisoners or numbered among the missing; and to the decline in the birthrate, which, according to the registrar-general in a recent paper, is costing the belligerents 12,000,000 potential lives, of which 650,000 have been lost to England and Wales.

"Sooner than accept a dishonorable peace," he said, "we are all ready to fight on to the bitter end."

He dwells on the tragic loss of life and declares that the desire for peace is widespread among the enemy nations, adding:

"Upon no other assumption is it possible to explain the language of those Austrians and Germans who are in a position to speak their minds freely, or the constant fever launched by the governments of the central powers."

## Must Vacate STOCK AND FIXTURES FOR SALE

The Old Lowell National Bank has purchased the building. We must give up our home after 18 years of hard work. Everything must be sold at selling out prices. Now is a saving money proposition. If you do not get yours it will be your own fault, not ours.

## INTERESTING LETTERS FROM LOWELL SOLDIERS IN THE WAR ZONE

Corp. Jack Donovan of the railway engineers in France is at the letter-writing stunt again, and to a member of The Sun staff he unfolds the following recital of adventures in a letter dated France, July 3:

Friend—We played our sixth game last night. It was against the quartermaster department. It was our first game against them, and we lost, 6 to 3, in a seven-inning contest. The game started at 8 o'clock and was over at 9:30. If it had been a tie we might have gone another inning, as it was bright enough to do so.

Every one of the winners was a good ball player. Their shortstop was a wonder and acted like Maraville, the Boston shortstop. Their pitcher had everything that a good pitcher should have. However, I think we would have won the game if we had our regular team. Ernest Downing, our pitcher, Lynch, our shortstop, and Capt. Lucey, the second baseman, were not in the lineup. All of them had some important detail that kept them from the game. Young Hackett, our catcher, was also on a detail.

We are building a broad gauge railroad here in our present sector. Broad gauge here is one-half an inch wider than you have over in the States. We have already put down some six miles of iron. Of course we had to do some heavy shovelling before we laid the iron. It wasn't with steam shovels, either, just pure muscle and brawn, six days a week and once in a while on Sunday for good measure.

We do seven hours of this kind of exercise every day and are getting great praise for our skill. We built a railroad yard right near our camp and it begins to look like a little village here, with the tents and huts and homes are in tents. Capt. Pelletier and his crew of husky railroad men are impatient to get on their line of work once more.

When our day's work is over and after we have had supper we have boxing bouts and baseball practice. We usually end up with football. You ought to see those husky soldiers get at that game. You surely would think some of them would get maimed for life.

Horsehoor Jack Kennedy has returned to the company after being away with a machine gun unit. When

our machine guns come, Jack will most likely have charge of them. He is a great football player. In his first game here he had three touchdowns to his credit.

On the Fourth of July the writing bug again struck the corporal, and he unrolls as follows:

Today has been a great day and our regiment enjoyed the sports that were pulled off over here. The first was a ball game between the Americans and Canadians. It started promptly at 2 p. m. and the U. S. boys put the white-wash on their opponents, 11 to 0.

The chief rooters were three Lowell boys, Master Engineer Holmes, Jack Kennedy and Joe Louizer. They surely made things lively for eight innings. While the sports were going on, a Scotch pipe band was playing, and the squads were marching around in a circle. It was great. The sports took place in one of the largest aviation fields in Europe. We saw some great feats by the aviators and it was the finest exhibition of skill and daring that we have seen since coming here.

We are all well here at the present writing.

The following appeal for tobacco from the trenches was received by mail at The Sun office this morning:

Here I am in the trenches. Somewhere in blooming France. Sometimes finding the blasted Hun. Lead me a merry dance. But I tell you, boys, it's awful. And what gets me the blindest. When you haven't any tobacco. And your longing for a smoke.

I don't mind doing my duty. I'll do it as long as I can. To show all the other fellows. That I'm a fighting man. But what gets me the blindest. Takes the heart out of any bloke. Is when he hasn't any tobacco. And he is longing for a smoke.

So all you folks that's staying home. And can't go to the front. Just think of us boys over here. Who are hearing the battle's brunt. And dig down in your pockets. Even though you think you're broke. To send us lots of tobacco. So we won't want for a smoke.

ANOTHER NEW ENGLAND UNIT WAS LAUNCHED AT CAMP DEVENS YESTERDAY

CAMP DEVENS, Aug. 1.—New England farmers may have the services of

conscientious objectors as farm laborers for the duration of the war, according to word received here from the war department.

There are now 30 objectors at camp who have been classified by the war department as entitled to farm fur-

loughs. Four farmers have already

applied for service of such men. Farmers must agree to provide reasonable subsistence, clothing and proper medical attention when necessary, and to pay the prevailing rate of wages. The objectors who go into farm service will receive only \$1 a day, army pay. The balance of their wages will go to the Red Cross. They will not be required to wear uniforms.

Farmers who desire objectors for the duration of the war will be given preference in the assignment. If either side fails in his obligations, the objectors will come back into the army.

### Objecting at Leavenworth

Four objectors, whom the war department decided should not be given farm furloughs, were recently sent to Fort Leavenworth, Kan.; three others were last week transferred into the medical department. Disposition will soon be made of a few others.

But the biggest conscientious objector story that has yet broken divided yesterday. Officers at headquarters had been talking of the official report that 45 out of 60 draftees sent from Cambridge were conscientious objectors. The division intelligence officer set aside an afternoon to investigate.

The 45 men were called and the captain addressed them, saying that he understood they wished to be regarded as conscientious objectors.

"Where do you get that stuff?" they demanded, although not in exactly those words. "Who said we was objectors?"

"What is a conscientious objector?" "Where's the guy that started that stuff?" a voice missed a fight in me life," or words to that effect, was the chorus that greeted the captain.

He quieted them. Some mistake had been made. All had applied for overseas service and were incensed indeed at the charge.

### Two Officers Promoted

First Lieut. Charles F. Reid of Pittsfield, adjutant of the 5th Battalion, Depot Brigade, was yesterday promoted to a captaincy. The same promotion came to 1st Lieut. Robert R. West, son of Mrs. M. R. West of Newton Centre. Capt. West caught on the Harvard second baseball team in 1913-14.

Today approximately 2000 negroes from New England states are expected in camp, 550 from Massachusetts and 600 from other New England states.

To receive them a new battalion is being organized by Maj. A. G. Thurman. Officers assigned are 1st Lieut. W. J. Atwood, H. S. Hall and J. C. Lynch, and 2nd Lieut. B. F. Brady, A. C. Boyd, P. J. Blankenship and D. P. Campbell. Second Lieut. A. L. McCarthy and M. W. Pierce are attached.

### Another Strictly N. E. Unit

Reveille this morning started the 73d Infantry going full blast as a regiment, with 200 men to a company. This regiment will draw 40 men per company from the 36th Regulars.

Both the 73d and 74th regiments are without national or regimental colors, and being distinctly New England regiments the home folks would be regarded as fine Santa Clauses if they made presents of colors.

Swimming days, called off when a soldier was drowned, were resumed yesterday after Capt. Richard F. Nettigan made arrangements to prevent accidents at Hell Pond. Lifeboats and life-lines have been placed in a corner of the pond.

Corp. William Lowe of Ludlow has charge of a life and police guard of 17 men detailed for duty there, including Carl Untersee of the Brookline Swimming club (who is open to puns on his name and assignment), William D. McCarty, New England three-mile champion; A. M. Moody of Kennebunk, Joseph W. Prout of Farmingdale, Me., I. E. Brown of Salem, Edward H. McCarthy of Auburn, Me., E. E. Ahear, F. W. and T. A. Meelan of Brookline, A. E. Wing of Winthrop, Me., A. G. Johnston of Newport, N. H., William H. Burns of Roxbury, Joseph Gleason of the South End, George Joslin and Walter Johnson of Brookline.

Government Wants Clothing

The reclamation and conservation department of the camp has called for old clothes rookies are not planning to send home. The government wants to reclaim the wool.

Eldin D. Lougee of Council Bluffs, Ia., who drove an ambulance for eight months on the Aisne with the Dartmouth unit and came back to get into the Marine Flying Corps, is up here now. He was tipped by the draft before he reported for the Flying Corps.

Doctors at the Base hospital today handed recruit Erwin E. McIntire of Rumney, N. H., his discharge. He trod back to barracks to see if 1st Lieut. Tryon couldn't do something about it. Lieut. Tryon sent him back to the surgeons with a special request for his acceptance, saying, "This is the kind of men we want."

### ANOTHER K. OF C. HUT AT NEWPORT, R. I.

NEWPORT, R. I., Aug. 1.—Captain Edward H. Campbell, commanding officer of the naval training station, has given permission to the Knights of Columbus to erect a hut at Coddington Point, which will soon become a part of the station. The hut will be considerably larger than the one now in use at the station.

### OFFICERS SEIZE PACIFIST BANNERS

FITCHBURG, Aug. 1.—The special agent from the army intelligence department, with Deputy United States Marshal Jas. H. Gifford and Inspectors Godley and Flaherty, yesterday afternoon seized 500 books, known as the A. B. C. Socialist Primers, said to be edited by A. B. Makiela of this city, at the office of the Finnish Socialist Publishing company.

The officers took the primers and after a further investigation they will be turned over to the federal authorities. They also seized two red banners with

### Franklin Machine Company

# Cooking is easier with MAZOLA and delicious

MAZOLA, the pure rich oil from corn, makes the lightest, dainties cake and pastry, the best bread—never heavy, soggy or indigestible.

Being an oil, Mazola needs no melting. Quantities are measured exactly. No waste—no loss of time.

And in frying and sautéing foods are crisp and perfectly delicious when cooked in Mazola.

Not like heavy animal fats, but delicate—can be eaten and enjoyed by anybody. Mazola carries no odors nor flavors from one food to another. Use it over and over to the last drop.

As a salad oil, Mazola is considered equal to the highest grades of olive oil and much better than most oils you get today. It costs less than half as much as good olive oil.

A Vinaigrette is always welcome these Summer days—a delicious and economical way to serve cold vegetables. Here is an unusually good recipe.

**Vinaigrette Sauce**

1 teaspoon of salt	1 tablespoon each of chopped green peppers, gherkins or capers
1/4 teaspoon of paprika	1 teaspoon of chopped parsley
A dash of white pepper	1 teaspoon of chopped chives or white onions
1 tablespoon of vinegar	
5 tablespoons of Mazola	

Mix thoroughly and serve.

If you want to be sure of a pure, golden oil—always the same, delicate and delicious for all cooking and salad uses—see that you get Mazola. Mazola is always uniform. Its preparation is scientific and exact.

For sale in pints, quarts and gallons. (The large sizes are especially economical.) Get a can from your grocer today.

Ask your grocer for the valuable Cook Book especially prepared for Mazola users—or write us direct. FREE.

the inscription, "Preparedness Leads to War" and "We Want Peace, Not War." The officers searched the entire building yesterday, going over a great quantity of correspondence which government officials will examine later.

John C. Saccomini, manager of the plant, is away on his vacation, and the business was in charge of Charles A. Bouvellan. Officials of the Socialist Publishing company stated yesterday they were not opposed to the search being made, as they did not believe that any literature would be found that would show the paper was pro-german.

They said the paper has been pro-ally for several months, despite objections of stockholders.

### FIVE LOWELL PRIESTS MADE CHAPLAINS

Five Lowell priests, members of the Oblate order, are among the chaplains appointed by the war department.

Rev. Patrick Hammersley, O.M.I., is a Lowell boy, son of Patrick Hammersley, the oldest local employee in point of service of the Bay State Street Railway Co. Rev. Fr. Hammersley is well known as a missionary.

Rev. John M. McNary, O.M.I., has been pastor of the Immaculate Conception church and the Sacred Heart church. He, too, has earned a wide reputation in the missionary field.

Rev. Francis X. McGann, O.M.I., is another Lowell boy and has been stationed at the Immaculate Conception church.

Rev. Clement I. Flynn, O.M.I., is an Everett boy and was recently stationed at the Immaculate Conception church.

Rev. Henry R. Burns, O.M.I., had been stationed at the Sacred Heart church for a number of years and was later assigned to the naval training station at Norfolk, Va., ill health compelled him to give up the work temporarily but he expects to return to his duties soon. He has been one of the most popular priests ever stationed at the Sacred Heart church and his efforts in connection with the boys' work have endeared him to the young men of the church.

### LOWELL BOY NOW AT CAMP DEVENS ADMITTED TO THE BAR

Announcement was made today that James E. Markham, son of Mr. and Mrs. James Markham of 12 Burns street, had successfully passed his ex-

aminations and had been admitted as a member of the Massachusetts bar.

Mr. Markham—or rather Private Markham as he is now stationed at Camp Devens—recently graduated from Boston university and had received his preliminary education in Lowell schools. He is well known in Lowell and his friends will be gratified to learn of his success. He is the only Lowell man in the list of 117 successful candidates announced.

A brother, Rev. Thomas F. Mark-

ham, was ordained to the priesthood a year ago at the American college, Rome, and is now in Rome.

Private Markham left for Camp Devens just a week ago yesterday. His father is the well known officer of the local police department.

### PROF. HASKINS APPOINTED DIRECTOR OF N. E. DIV. OF STUDENTS' ARMY TRAINING CORPS

WASHINGTON, Aug. 1.—Prof. Chas.

H. Haskins of Harvard yesterday was appointed a director of the New England division of the students' army training corps.

Units of the corps will be established at virtually all colleges having a minimum enrollment of 100 able bodied men students. The entire work will be under the direction of President MacLaurin of the Massachusetts Institute of Technology, who has been appointed educational director.

## SCHEDULE OF NEW MOTOR MAIL SERVICE

The following schedule of the new motor mail service between Worcester and Amesbury was obtained at the postoffice this morning:

The mail auto leaves Worcester at 6 in the morning and arrives at the following places at the time stated: Greendale 6.20, West Boylston, 6.30, Sterling 6.50, Leominster 7.20, Fitchburg 7.45, Lunenburg 8.10, Camp Devens 8.55, Ayer 9.05, Littleton 9.35, Chelmsford 10, Lowell 10.15, Lawrence 11.10, Haverhill 11.50, Merrimack 12.15, and Amesbury 12.30.

### Return Trip

On the return trip the auto leaves Amesbury at 1 p. m., arriving at the following places at hours mentioned: Merrimack 1.15, Haverhill 1.40, Lawrence 2.20, Lowell 3.15, Chelmsford 3.30, Littleton 3.55, Ayer 4.25, Camp Devens 4.35, Lunenburg 5.20, Fitchburg 5.45, Leominster 6.10, Sterling 6.40, West Boylston 7.00, Greendale 7.15, Worcester 7.30.

## UKRAINE AMBASSADOR TO GET PASSPORTS

LONDON, Aug. 1.—Germany is contemplating the recall of Ambassador von Mumm from the Ukraine and the handing of passports to the ambassador of the Ukraine in Berlin, pending the clearing up of the situation in Kiev, according to an exchange Telegraph despatch from Amsterdam under Wednesday's date.

Foreign Secretary Von Hintze, the message adds had a long interview with the ambassador from the Ukraine on Wednesday and then received the Austrian ambassador. With the latter the possibility of sending military reinforcements to the Ukraine was discussed.

### AMUSEMENT NOTES

Note.—Below is what the press agents of the different theatres say of the current attractions and of others to come later.

#### THE STRAND THEATRE

Fascinating Mae Marsh, she of the many moods and molting smiles, will be one of the feature stars of the bill at the Strand theatre, which is the remainder of the week, "The Glorious Adventure," the latest Goldwyn feature, will be the vehicle for this charming young actress. Mae Marsh, like Mae Marsh, she is essentially a human being, like the rest of us, and that means a degree of naturalness and grace in her picture. She is Cary Wetherbee in the picture, and she comes from a life of seclusion in an old southern mansion to life that is through the hooded eyes of a girl who has been the pitfall that best her feet. Yet on and on she goes, as if charmed, in search after the glorious adventure. With but a small sum of money at her command she travels to the city where there are mills, and she enters one of these. Labor troubles come thick and thin in these plants. Cary, ignorant of the way masters of men deal with employees, sometimes, upbraids the mill owners for their treatment of help. She is accused, and Cary goes on the case. The mill master, admiring the tenacity of the girl, confides his life to her. She refuses him, demanding that he cease the prosecution of the arrested man. Then comes indisputable evidence that the master is in love with her. Truly, it is a glorious adventure.

Peggy Hyland in "Other Men's Daughters" will provide the second feature of the bill. Cary is a girl with deep human emotions in it. Miss Hyland was never shown to better advantage, when there was a picture of the latest Hearst News and Sunshine comedy, with songs by Nana Gallagher, Leahy and organ and piano music by Mr. Martel.

#### THE KASINO

Don't forget the cabaret tomorrow night, with admission free to all. Lowell dancers invariably find abundant enjoyment at the Kasino, where Markham's orchestra is heard every night. The management announces plans for securing a number of excellent attractions in the near future.

#### A GARDEN WRECKER

Several amateur farmers of the Pawtucketville district while inspecting their gardens this morning, found that some marauder had been around and the result of his visits was plainly seen on the ground, for in one potato patch at least 20 nice green potatoes were found on the ground, while the tubers in the ground were untouched, which shows that the work of the intruder is malicious, and that his motto is destruction rather than larceny.

Several potato patches on the Textile school grounds and in the rear of the New Moody street school have been visited and considerable damage has been caused. The matter has been reported to the police and the officers patrolling that district have been instructed to keep close watch on the gardens and arrest any trespassers.

#### MARRIAGE INTENTIONS

The following marriage intentions have been filed at the city clerk's office since the last were published: Ulfriede Millette, 11 Montclair ave., 27, machinist; Alexander St. Onge, 615 Merrimack, 19, machine shop. Charles Francis Fletcher, 10 Tyler street, 21, U.S.C. Co.; Susan A. Taylor, 116 Andrews, 19, U.S.C. Co. William H. Whitfield, 41 Rock, 41, seaman; Mercy Anderson Olin, E. Lexington, Mass., 38, housekeeper. James McDonald, 1165 Lawrence, 32, operative; Celia O'Donnell, 12 Dutton, 45, operative. William R. Bridge, Marblehead, Mass., 31, printer; Mary Esther Muldowney, 11 Osgood, 27, housewife. John Stephen (divorced), 31 Oliver, 38, machinist; Lucy Prescott (widow), same address, 32, weaver. Joseph Louis Greigore, 43 Royal, 25, U.S.A.; Marie Louise Rita Deaousolet, 34 Willie ave., 23, at home. Daniel J. Sullivan, 223 Cross, 23, U.S.A.; Dazelle J. Richards, same address, 18, operative. John O. Berard, 15 Westford, 20, U.S.C. Co.; Georgina Kelly, 535 Broadway, 19, U.S.C. Co. Vassilios Stemos, 16 Lagrange, 26, spinner; Efrosini Tsakmuka, same address, 19, spinner. Rutherford R. Kensted, 1066 Middlesex, 22, shipper; Blanche E. Steinhardt, 20 Oliver, 25, clerk. Cedric E. Adams, 22 foreman; Bernice G. Knight, 185 Grand, 20, music teacher.

It is said that William T. Dunn of South Dartmouth caught a 9-foot shark, weighing 300 pounds, in his trap in Chirk's Cove recently. When the shark was cut open, 38 young sharks and 400 short lobsters were brought to light.

## Move to Outflank Enemy

Continued

hardest fighting. Machine gunners for the most part man the lines. This may indicate a further retirement, for machine gunners have borne the brunt of the rear guard fighting during the past two weeks.

### HUN ARTILLERY ACTIVE ON BRITISH FRONT

Along the British front, the German artillery has been active. The enemy's heavy guns have carried out especially heavy bombardments at Villers-Bretonneux, east of Amiens; near Buequoy, on the northern side of the Picardy salient and in the neighborhood of Meteren and Merris on the western side of the Lys sector.

### IMPORTANT VICTORY FOR CZECHS

Czecho-Slovak forces have occupied the important town of Ye-katerinburg, dominating the northern line of the Siberian railroad, which runs into European Russia from Cheliabinsk.

### GERMANY TO BREAK WITH UKRAINE

It is understood that Germany will break off diplomatic relations with Ukraine as the result of the assassination of Field Marshal Eichborn. This may be preliminary to the despatch of German forces to Kiev, which, it is said, is contemplated at Berlin.

#### New Phase of Fighting

A new phase in the bitter fighting in the Aisne-Marne salient is imminent. On both sides the infantry rests while the commands prepare for further movements in the great struggle in which there has been no lull since July 15.

Allied gunners are hurling shells of all calibers into the German positions and into the communication lines northward to the Vesle to blast a path for the infantry when they move again. The enemy is retaliating with high explosive and gas shells.

What the lull portends is not clear. The possibilities are many. But the fact stands out that the Germans are not anxious to meet the hard-hitting Allies often than it is necessary for they have not taken the opportunity to counter attack and attempt to retake important positions on the centre, held by the Americans and on the west flank in the hands of the French and British. This may bear out the opinion in some allied quarters that the Germans fully intend to retire to the Vesle, or beyond, as soon as their plans have been perfected, and that the enemy efforts of the last three or four days have been wholly for the purpose of covering important movements.

#### Deep Bents in German Line

As long as they remain south of a line running generally between Rheims and Soissons, the Germans are subject to violent bombardments from the allied guns, which can demoralize their communication system more or less. The bulge in the salient has been lessened, however, and the Germans are on higher ground than formerly. At two vital points—Springes and north of Grand Rozoy—there are deep indentations in the German line. These point to a good "jumping off" place for the Americans and the French when they again are ready to move forward.

#### Prisoners Captured

Berlin, while reporting the repulse of the allied efforts Tuesday on the Marne front, admits the loss of Merris to the British. The German war office claims that the prisoners captured in the fighting since July 15 now aggregated 24,000. The latest unofficial total of Germans taken by the allies was 30,000.

Unofficial reports received in Paris are that the German command has attempted to withdraw more troops from the eastern front. The German commander in Rumania is said to have declared it would be unsafe to take troops from that region at present.

#### British Aviators Active

British aviators again have bombed the Rhine cities of Stuttgart and Coblenz. A fire was started at Stuttgart. Important military objects in the Saar region, west of the Rhine, also have been attacked with good results.

#### NEW HUN ATTACK

##### REPULSED BY FRENCH

PARIS, Aug. 1.—The Germans this morning attacked the French positions in the region of Bigny, southwest of Rheims. The attack was repulsed, says the official statement today from the war office.

The statement follows: "Southwest of Rheims the Germans made an attack against the heights of Bigny. They were repulsed after a sharp combat. "The enemy carried out a number of surprise attacks in the region of Four de Paris (Meuse sector) and upon the right bank of the Meuse without obtaining any advantage. The French inflicted losses upon the enemy and captured prisoners."

#### BERLIN REPORTS HEAVY LOSSES FOR AMERICANS

AMSTERDAM, Aug. 1.—The semi-official Wolff bureau of Berlin is sending out reports of heavy losses inflicted on American troops fighting on the Marne front. A telegram dated Wednesday, and received today, says: "An American prisoner captured on July 29, said that of the first battalion of the 110th regiment after a German attack east of Chateau-Thierry on July 17, only 30 were left, and no reinforcements had arrived since that time. The second battalion of the same regiment in going forward to the attack Tuesday (July 30) west of Meuniers wood had 100 casualties."

#### GERMAN ARTILLERY ACTIVE ON THE BRITISH FRONT

LONDON, Aug. 1.—The German guns were active last night in the Somme region in the vicinity of Villers-Bretonneux, today's war office announcement shows. Activity also was displayed by the enemy artillery farther north near Buequoy and in Flanders in the Merris-Meteren sector.

The statement reads: "We carried out a successful raid last night in the neighborhood of Lens. The hostile artillery has been active in the Villers-Bretonneux sector in the neighborhood of Buequoy and about Ruquoy and about Merris and Meteren."

#### PEDESTRIANS USING PAWTUCKET BRIDGE ADMONISHED TO WATCH THEIR STEP

Another defective spot has been found on the Pawtucket bridge and unless Commissioner Morse of the streets and highways department, who is in charge of all bridges, gets busy at once in repairing the defect, the city of Lowell may get in bad, for the defect is a very dangerous one. This time the defect is not with the sidewalk near the curve to River-

## THE BAKER-VANDERBILT ROMANCE BEGAN IN AMERICA'S DIVORCE CAPITAL

The recent marriage of Raymond T. Baker and Mrs. Alfred Gwynne Vanderbilt was the culmination of a romance that had its beginning several years ago in America's divorce capital.

When Mrs. James Hollis McKim, a few years ago, was making her six months' stay in Reno to perfect the basis for her contemplated divorce from the Philadelphia doctor, she met Raymond T. Baker, then warden of the Nevada state prison.

It was then noted how fascinated was the handsome young Nevada by the charms of the wealthy daughter of Colonel Isaac Emerson, famous as the "Bromo Seltzer King."

so far and he thought the city was in for a first class concert, gratifying. But later on came the information that the government allowed enough money for the traveling and some of the personal expenses of the men, but this allowance was not enough so each community where the band played was asked to subscribe \$300 toward defraying these expenses. Usually, the letter went on, this was done by the public safety committee.

The mayor, as head of the public safety committee, is naturally as patriotic as any of us, but he cannot see the good sense of paying out \$300 to bring a band here for one concert. He will put the matter up to the public safety committee formally, at any rate, but favorable action by that body is doubtful.

## WILL OPEN OFFICE IN THE SUN BUILDING

Benjamin S. Pouzner, the government representative in Lowell of the war camp community service, will open an office in Room 509 of The Sun building within a day or two. Since coming to Lowell several months ago Mr. Pouzner has been located at the war work headquarters, but the constantly increasing scope of his work in caring for the interests of soldiers

and sailors coming to Lowell has made the need of a separate office imperative. Mr. Pouzner has recently returned from a convention of war camp community directors at Atlantic City, and within a few days he is to make a statement concerning a plan for enlarging the scope of his work here in Lowell.

## NAVAL RECRUITING BRISK IN LOWELL

Naval recruiting is still booming along at the local headquarters at Merrimack square, in spite of the hot weather. Two more applicants for the naval reserve were forwarded to Boston today, Leo Raymond Buck, of 119 Pleasant street, and Frank Eugene Chelso, of 50 Chapel street, this city. The July enlistments total 42. This is a little behind the number for June, which was 53, but August has started off auspiciously, so Chief Yeoman Tucker is expecting to eclipse both of these figures during the coming month.

The smallest applicant on record at the local station applied for enlistment last week, Mr. Tucker stated. He was 5 feet 4 inches in height, and weighed 213 lbs. He has not yet been accepted, but has great hopes of eventually slipping through.

Although opportunities now exist for all those who wish to enroll for immediate service in the navy, the reserve continues to be the more popular branch from the applicant's point of view. This is no doubt due to the fact that the reserve offers better chances for rapid advancement, and special training at the government cadet schools. There are now nine distinct schools open for the men of the reserve, as follows: U.S. Naval academy, Annapolis; Naval Cadet school, Harvard; Officers' Material school, Pelham Bay, N. Y.; Officers' Material Engineering school, Stevens Institute, N. Y.; Naval Pay Officers' school, Washington, D. C.; Naval Aviation Detachment, Mass.; Institute of Technology, Cambridge; Columbia Gas Engine school, Columbia university, N. Y., and the Naval Radio school at Harvard university, Cambridge.

About 400 men of the reserves are being sent to these schools for special training and instruction, including 25 from Lowell in the last two months, who are at the Pay Officers' school in Washington and the Naval Cadet school at Harvard.

## OUTBREAK OF TYPHOID IN BULGARIAN ARMY

LONDON, Aug. 1.—Travelers from Bulgaria, says an Amsterdam despatch to the Exchange Telegraph Co., declare that a serious outbreak of typhoid is raging in the Bulgarian army and at Sofia. The number of casualties is said to run into the thousands, especially in the army. The medical service is reported to have broken down. The departure from Sofia of King Ferdinand, the arrivals at Amsterdam, was due to the fact that two cases of typhoid had broken out in the royal palace.

## 500 NEFROES ON WAY TO AYER PARADE IN HUB

BOSTON, Aug. 1.—Five hundred negroes from all sections of Massachusetts, called to the national colors, marched through the business section here today on their way to Camp Devens. They assembled in front of the state house, before the memorial to Major Robert Gould Shaw, leader of a famous Massachusetts negro regi-

## COTTON CROP REPORT

Loss of 1,706,000 Bales Due to Drouthy Conditions

Show in Today's Forecast

WASHINGTON, Aug. 1.—Loss of 1,706,000 bales in the prospective cotton crop, due principally to drouthy conditions in the western part of the cotton belt, especially in Texas, was shown today in the department of agriculture's August production forecast, placing the estimated crop at 13,619,000 equivalent 500 pound bales, compared with 15,325,000 bales forecast in July.

The crop in Louisiana also suffered greatly from drouth the condition showing a decline of 22 points in the month, while in Texas the decline was 23 points. In Oklahoma there was a decline of 15 points and in Arkansas 16 points. The average decline from June 25 to July 25 in these states is from one to three points. For the entire cotton belt, the decline in the condition of the crop was 12.2 per cent, compared with an average decline of 2.5 per cent.

The area planted to Sea Island and Egyptian cotton is about 356,000 acres, of which 276,000 acres are Sea Island and 80,000 Egyptian. This compares with 352,000 in 1917. There is a heavy decrease in the acreage in the older Sea Island sections in Georgia and Florida, where the soil weevil is active, and a corresponding increase in the Egyptian acreage in Arizona and California. The production is forecast (July 25) at 110,000 running bales, of which 65,000 bales are Sea Island and 45,000 bales Egyptian, against a total production of 106,000 running bales in 1917.

The acreage and production forecast of Sea Island by states follows: Georgia 120,000 acres; 34,000 bales; Florida, 120,000 acres, 23,000 bales; South Carolina, 22,000 acres, 8000 bales.

The acreage and production forecast of Egyptian by states follows: Arizona, 75,000 acres, 43,000 bales; California, 5000 acres, 3000 bales.

The condition by states follows: Virginia 75, North Carolina 87, South Carolina 80, Georgia 77, Florida 70, Alabama 78, Mississippi 31, Louisiana 65, Texas 61, Arkansas 77, Tennessee 86, Missouri 93, Oklahoma 75, California 95, Arizona 95.

Last month the condition of cotton was 55.8 per cent of a normal and a 13,325,000 bale production was forecast. The crop last year amounted to 11,309,254 bales, and the average for the five years 1912-1916 was 13,275,000 bales. The condition of the crop on July 25 last year was 70.3 per cent of a normal, the previous year 72.3 and the 10-year average on that date 77.0. The area planted to cotton this year is the second largest on record, 37,073,000 acres.

### Wave of Buying

NEW YORK, Aug. 1.—A wave of buying took place in the cotton market here today within a few minutes after publication of the government crop report. Near positions rose 80 points, or \$40 a bale, from the low quotations of the earlier trading. The market remained steady after the advance.

The government's report was below even the most bullish expectations and fully 3.2 points under the average private guess, and further buying carried some of the months up to near \$5 a bale and above the day's lowest mark.

### NEW ARRIVAL

At the Lowell General hospital at noon today, a son was born to Mr. and Mrs. Daniel F. MacLellan, of 539 Westford street. The child weighed 10 pounds and was 20 inches long. The father is in the Civil war. Led by a band and cheered by citizens, they paraded to the North station, where they boarded a special train for Camp Devens. Each man carried an American flag.

## THE RECONSTRUCTION OF CANADA'S SOLDIERS

(N. E. A. Staff Correspondent)

TORONTO, Ont., — I talked today with a man who has had a bullet through his right lung, a dozen shrapnel wounds in his back, a smashed hip and an arm injured so that he can only lift ten pounds with it. He doesn't know he was wounded. Or, if he does, he is too busy to think about it.

He was busy doing a man's work at a big lathe. He is one of those modern miracles—a "reconstructed man" turned out by the department of soldiers' civil re-establishment.

There are 300 of him in 60 shops, offices, factories and plants in Toronto. They are working beside whole men doing the same work, asking no favors and receiving none, fitting themselves to go back into the army of civil life with the same courage and confidence with which they faced Hun bullets, shell, gas and bayonets.

**Orthopaedic Center**  
Toronto is the orthopaedic center of Canada. The vast majority of men who have had amputations, or suffered loss of function of muscles, hands, fingers, arms and legs, are sent here to be fitted with new appliances that will restore their lost functions. Then they are trained in schools and shops for the job for which they are best fitted in civil life.

So far, Toronto is the only city where artificial limbs are manufactured for injured soldiers. The factory is in a specially constructed building on the grounds of the Orthopaedic hospital in North Toronto. The hospital is the home of injured Canadian soldiers waiting to be fitted with, and learning to use, their artificial limbs.

This factory at the hospital is not only turning out artificial limbs, but training disabled soldiers as limb makers. One of these men has invented a new type of artificial arm, little short of miraculous.

It is controlled principally in the shoulder muscles.

A small backward movement of the shoulder closes the fingers and brings up the forearm; a forward movement lowers the arm and opens the fingers. The new arm is equipped with a "Sunday hand" that looks like a hand, and with a glove on it, cannot be distinguished as artificial; for practical everyday use, however, a tool, or tool holder, is screwed on. In the hooks of which this is composed anything from a pin to a sledge hammer can be firmly grasped and used.

**Special Appliances**  
Of course, only in the exceptional case are such elaborate appliances necessary. The percentage of ampu-

THE PEACE DOVE OF BERLIN

tion cases to total injuries is small; and a great many of these are leg amputations. Many times the stump of an arm is almost as useful as a whole arm. I went into the factory of the Consolidated Optical Co., of Toronto, which supplies lenses, glasses, frames, every

kind of optical material to retailers. This concern has taken a number of disabled men for training. One man, with a leg off, is learning lens grinding. He will be able to get a job anywhere, because Germany used to furnish the world with lenses before the war, and lens grinders are scarce.

In the machine shop two men, each with a leg off, are among the best mechanics in the shop. Both have been taken on the force permanently. One was a farmer. The Russell Motor Car company has established a vocational training department, where a large class of dis-

abled men are becoming machinists. The company wants every graduate. Here I found men with artificial legs; men with bullets through chest, arms or legs; men who had been gassed; several mild shell shock cases. For four hours a day they have practical work in the machine shop; for four hours they go to Toronto university for lectures, work in mechanical drawing, reading blue prints, and so on. Practically all with be earning, when they graduate, more than they did in civil life before joining the

army.  
**Sales Course**  
I watched another busy class of young men in the shops of the Burroughs. Adding Machine company, learning to repair adding machines. When they conclude the three-month course, everyone is guaranteed a job with the company, which cannot get enough mechanics. They will start at \$20 a week, and have an opportunity to become inspectors and salesmen at much higher salaries.  
"A salesman's value is from the

neck up," one put it.  
What these men are doing is what men all over the dominion are doing. An organization is being built that will save more than 85 per cent of war's waste in injured men and put them back into industries where they can compete on equal terms with men who have not so suffered.

## WHAT CANADIAN GOVERNMENT HAS DONE TO RECONSTRUCT DISABLED FIGHTERS

Up to April 30 re-education courses for 381 disabled soldiers had been approved. There are now approximately 2000 men being trained for 200 different occupations all over Canada. At the end of April, 531 had been graduated from vocational courses. In addition, 1668 men were attending vocational courses in the hospitals and sanatoria, and evening instruction was being afforded to 59 discharged men. These figures do not include a bedside occupational work.

FREDERICK M. KERBY

## LEGAL NOTICES

**SHERIFF'S SALE**  
Commonwealth of Massachusetts, Middlesex, ss: July 9, 1918.

Taken on execution and will be sold at public auction on Saturday, August 17th 1918 at 10 o'clock a. m. at my office, Room No. 219 in the Hildreth Building, No. 45 Merrimack street in Lowell in said county, all the right, title and interest which Charles S. Trent and Abbie Trent of Wilmington in said County, both jointly and severally had, not exempt by law from attachment or levy on execution, in and to the following described real estate, to wit: a certain lot of land with the buildings thereon, situated in the Town of Wilmington, County of Middlesex, Commonwealth of Massachusetts, known as Wilmington Heights Park as shown on Plan No. one drawn by N. W. Daley, numbered and recorded in Middlesex County at Registry of Deeds North District, Lowell, and numbered as follows: Lots sixty-one (61), sixty-two (62) and sixty-three (63), and lots containing seven and five hundred (750) square feet more or less, and said lots are fronting on Woburn Avenue. Being the same premises described in and recorded in said Registry in Book 505, Page 279.

GEORGE F. STYLES, Deputy Sheriff. July 9, 1918.

**Commonwealth of Massachusetts, TO THE HONORABLE THE JUDGES OF THE LAND COURT:**

Respectfully represent George H. Neville and Grace L. Neville, both of Lowell in the County of Middlesex, that they are the owners in fee simple of a certain tract of land with the buildings thereon situated on the northern side of Second Avenue in said Lowell, bounded and described as follows: Beginning at a stone bound at the south-westerly corner of one Payne's place northerly on said Payne land one hundred (100) feet to lot numbered thirty (30) on the plan heretofore named, thence easterly on last named land fifty (50) feet to land now or formerly of John T. Baker; thence at a right angle southerly by said Baker land one hundred (100) feet to Second Avenue, thence westerly by Second Avenue, fifty (50) feet to the point of beginning. Being the easterly forty (40) feet of lot numbered twenty-one (21) and the westerly ten (10) feet of lot numbered twenty (20) on a plan entitled "Plan of Lots in Pawtucketville belonging to Henry Emery, Surveyed April 1873, R. W. Baker," recorded in Middlesex North District Registry of Deeds, Book 10, Plan 36. That the record of said real estate is encumbered by an undischarged mortgage covering the whole of said lot 21, which is described as follows: Beginning at the south-westerly corner of the premises on the northerly side of Second Avenue at a point one hundred ninety-seven (197) and 100ths (297.25) feet distant easterly from a stone bound on the easterly side of Mammoth Road; thence northerly one hundred (100) feet on lot numbered twenty-two (22) on plan heretofore named; thence easterly fifty (50) feet on lot thirty (30) on said plan; thence southerly on lot 20 on said plan one hundred (100) feet to Second Avenue; thence westerly on said Avenue fifty (50) feet to the point of beginning. Containing five thousand (5000) square feet, as being lot 21, "Plan of Lots in Pawtucketville belonging to Henry Emery surveyed April 1873 by R. W. Baker," recorded with Middlesex North District Registry of Deeds, Book 10, Plan 36; said mortgage being given by James W. Ellis to Frank P. Jacobs of said Lowell, dated November 28, 1874, payable in three years from its date and recorded in Middlesex North District Registry of Deeds, Book 38, Page 153.

That said mortgage and those having his estate in said premises have had uninterrupted possession of said real estate for more than twenty years after the expiration of the time for the full performance of the condition of said mortgage; that no payment on account of the amount secured by said mortgage has been made and no act in recognition of its existence as a valid mortgage has been done within said twenty years, and your petitioners believe that said mortgage has long since been paid, and by accident or otherwise a valid discharge thereof has not been recorded. Wherefore your petitioners pray that such notice may be ordered to be given to the representatives of said Frank P. Jacobs, and those interested in his estate and to all other persons interested in said estates as the Court may order, and that a decree may be entered setting forth such finding of the court in relation thereto, and ordering that from and after such decree no action shall ever be brought by any person to claim a title under such mortgage, and mortgage be released and cancelled upon the records.

GEORGE H. NEVILLE, GRACE L. NEVILLE.

**Commonwealth of Massachusetts, Middlesex, ss: June 18, 1918.**

Then personally appeared the above named George H. Neville and Grace L. Neville, known to me to be the signers of the foregoing petition and made oath that the statements made therein, as far as made of their own knowledge are true, and so far as made upon information and belief, that they believe them to be true.

HENRIOT N. ELLIOTT, Notary Public.

My Commission expires April 14, 1922.

CLARENCE C. SMITH, Recorder.

**Commonwealth of Massachusetts, Middlesex, ss: Land Court.**

Upon the foregoing petition it is ordered that the petitioner give notice to all persons interested in said petition to appear before the Land Court, at Lowell, within and for our said County of Middlesex, (where appearances and answers may be filed with William C. Purcell, Register of Deeds for the North Registry District of said Middlesex County, as Assistant Recorder of said County, on the first Monday of September next, by causing a true and attested copy of said petition and this order to be published forthwith once a week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, in said County of Middlesex, the last publication to be 14 days at least before said first Monday of September next; by serving each known respondent within the Commonwealth with a like attested copy of said petition and order by registered mail, on each known respondent without the Commonwealth, as soon as may be, and in any event fourteen days at least before said first Monday of September next; and that all respondents may then and there show cause why the prayer of said petition should not be granted.

By the Court, CLARENCE C. SMITH, Recorder.

Dated July 18, 1918.

True Copy attested, CLARENCE C. SMITH, Recorder, July 25 Aug. 1st.

## ST. FRISCO WINS WITH MABEL TRASK OUT

COLUMBUS, O., Aug. 1.—Mabel Trask did not come to the post yesterday for her 22d free-for-all trotting duel with St. Frisco, and the feature event of the program lost some of its zest for this reason.

Lu Princeton was in good form, however, and won the first heat from the Geers horse before the latter got going. Geers took St. Frisco out in the second and third heats at a faster clip and never was headed, although Lu Princeton came with such a rush the third mile that it had to be stepped in a 20.24 to win.

The other feature of the third day's program was the 2:07 trot, the Nell House stake, purse \$3000. The Toddler, although far from being a favorite, won in straight heats. This was the heaviest betting of the week. Willie Brewer selling favorite for \$200 in a ticket totalling \$530. The Toddler was a 10-to-1 shot.

Flora Stately won the 2:08 pace after dropping the first heat to Zombino, the favorite.

The cheapest race of the afternoon was the 2:12 pace, which took five heats before The Weed won from Flora A. The other two horses in the field were never contenders.

The summary:

**FREE-FOR-ALL TROT, THREE HEATS**

Purse \$1200.

St. Frisco (Geers) ..... 2 1 1  
Lu Princeton (Cox) ..... 1 2 1  
Royal Mack (Murphy) ..... 1 2 1  
Axtion (Harris) ..... 1 2 1

Time, 2:03 1/2, 2:04 1/2, 2:05 1/2.

**2:08 PACING, THREE IN FIVE HEATS**

Purse \$1000.

Flora Stately (Valentine) ..... 1 1 1  
Zombino (Murphy) ..... 1 2 1  
Betsy Hamlin (Cox) ..... 1 2 1  
South Bend Girl (Sturgeon) ..... 1 2 1

Robert E. and Poorman also started. Time, 2:05 1/2, 2:06 1/2, 2:07 1/2.

**THE NEIL HOUSE, 2:07 TROT**

Purse \$3000.

The Toddler (Stinson) ..... 1 1 1  
Mack Forbes (McDevitt) ..... 1 2 1  
Bertha McGuire (Ackerman) ..... 1 2 1  
Miss Perfection (McMahon) ..... 1 2 1

Wilkes Brewer, Kelly DeForest, Brenda Zornack and Bacelli also started. Time, 2:06 1/2, 2:07 1/2, 2:08 1/2.

**2:12 PACING, THREE IN FIVE HEATS**

Purse \$1000.

The Weed (Erskine) ..... 1 2 1  
Flora A. (Valentine) ..... 1 2 1  
Baron Wood (Willis) ..... 1 2 1  
Miss Abbe Brino (Ray) ..... 1 2 1

Time, 2:10 1/2, 2:07 1/2, 2:09 1/2, 2:09 1/2, 2:10 1/2.

**Racing at Monroe**

MONROE, N. Y., Aug. 1.—The 2:12 trot was the feature on the opening day card of the Monroe meeting. C. W. Welland of New York, winning in four heats. The slowest time was 2:14 and the fastest 2:11.

In the second heat of the 2:12 pace Kentucky Marquis, driven by H. S. Crossman, fell after passing the quarter pole but Crossman escaped serious injury. Tredel, driven by George, was behind Kentucky Marquis and his driver also had a narrow escape. The accident was unavoidable and both horses started in the next heat, with the same drivers up.

The race went to Lizzie March which outclassed the large field and won in straight heats.

**ESTERDAY'S BASEBALL RESULTS**

**National League**

Chicago 5, Boston 4.  
New York 1, Pittsburgh 0, first game.  
Pittsburgh 4, New York 2, second game.

**American League**

Brooklyn 2, St. Louis 1, first game.  
13 innings.  
Brooklyn 7, St. Louis 2, second game.  
Philadelphia 10, Cincinnati 1, Rain.

**LEAGUE STANDINGS**

**National**

Chicago ..... 60 33 445  
New York ..... 57 38 613  
Pittsburgh ..... 43 42 527

St. Louis ..... 41 53 441  
Philadelphia ..... 37 56 393

**GAMES TOMORROW**

**American**

Washington at Detroit.  
Philadelphia at Chicago.  
New York at St. Louis.  
Boston at Cleveland.

**National**

Boston vs. Pittsburgh.  
New York vs. Chicago.  
Brooklyn vs. Cincinnati.  
Philadelphia vs. St. Louis.

**TO DISCUSS PLANS FOR BASEBALL DURING WAR**

CLEVELAND, Aug. 1.—Members of the executive committee of the national baseball federation and representatives of major league baseball clubs will meet here Sept. 15 to take preliminary steps to enlarge the federation's activities next year.

Dr. Raycroft, member of the national training camp commission, was in conference with Clayton C. Townes, organizer of the federation and member of the executive committee, here this week and favors a plan for conducting organized baseball by the federation and representatives of major

league clubs. Teams would be composed of players working at some essential occupation five or six and a half days each week. Edges of the federation may be arranged so as to permit major league players who will be compelled to give up their present occupation because of the work-or-fight order to take part in the games. The composition of the circuit is not yet definitely known.

The federation at present is composed of Chicago, Cleveland, Pittsburgh, Cincinnati, Toledo, Detroit, Columbus, Louisville, Akron, Canton and Johnstown. It is understood that each city in the circuit is likely to be represented by two clubs in order to permit games every Saturday and Sunday, one of the teams always being at home when the other is on the road.

The receipts of the games in addition to wages received for working for the company they represent on the diamond and their traveling expenses. A percentage would be given to owners of league parks where the games are played and the remainder would go to the athletic equipment fund maintained by the national commission on training camp activities.

Major league owners in several cities are said to look with favor upon the proposition.

## LOWELL HORSE WINS Balen Takes 2.30 Trot and \$400 Purse From Classy Field at Worcester

WORCESTER, Aug. 1.—Favorites won two out of three races at the postponed opening of the meeting of the Bay State Circuit at the Greendale track yesterday. Balen, owned by F. E. Wotton of Lowell and driven by Lester Dove, took the 2:30 trot, and Bell Boy, owned by the Newport, Vt. stock farm and driven by Utton, captured the 2:17 pace.

An upset came in the \$1000 stake for 2:17 class trotters, in which Plucky Chat and Dr. Kilburn, first and second choices respectively, were beaten by Rosa Watts, a chestnut daughter of C. W. Watts, which Billy Fleming drives for Dave Greenberg of Hartford.

Rosa Watts won the opening heat handily. In the second heat, Dr. Kilburn carried Rosa Watts fast in her first half and the Crozier set sail for her with the favorite, Plucky Chat. Rosa Watts broke in the head of the stretch, and Plucky Chat went to what looked like a sure lead. Carr surprised everybody with a thrilling stretch drive which landed Sam Foreman in front at the wire by a head, his horse breaking in the last stride. The judges announced Sam Foreman winner of the heat. In the third heat Rosa Watts outbush Plucky Chat a few lengths from the wire. The fourth heat went to Rosa Watts easily. The summary:

**2:30 TROT**

Purse, \$400.

Balen, bg (Dove) ..... 1 1 1  
Mary Foran, bm (Brusie) ..... 2 2 2  
Russell Hill, bm (Jameson) ..... 3 3 3  
Bertha, bm (Fleming) ..... 4 4 4  
The Dittler, bm (Harting) ..... 5 5 5  
Johnny Skinner, bg (Dolan) ..... 6 6 6  
Modell, bg (Jarvis) ..... 7 7 7  
Mokallie, bg (Jarvis) ..... 8 8 8  
Delegatos Todd and Ray F. distanced. Time, 2:17 1/2, 2:15 1/2, 2:15 1/2.

**2:17 PACING**

Purse \$400.

Bell Boy, bg (Utton) ..... 1 1 1

## LULL ON FRONT

Regarded as Calm Before Big Storm—Artillery Preparing Way for Assaults

Gen. March Gives Careful Outline of the Present Battle Positions

WASHINGTON, Aug. 1.—An odd calm fell over the Aisne-Marne battle area yesterday, with only the thunder of the guns to tell of new and more terrible guests of the war storm to come. Paris and Berlin both noted it. The infantry paused for breath while the artillery pounded new roads of advance for General Foch's victorious armies.

Just what the lull may portend was not apparent. Possibly the enemy is already on the move after the decisive defeat he met in the battle which began Saturday and centered on the American positions along the north bank of the Oureq. Here the American 4th division and the now famous 42d division, the Rainbow, composed of former national guardsmen of many states, have made good their positions against the enemy's best fighting units. They have met, outfought and forced backward by their fierce armor picked Prussian and Bavarian divisions brought fresh to the field with orders to hold the line of the Oureq at all costs.

That line has been broken. The American spear-head, driven forward again and again, finally broke the fighting edge of the enemy defense. When supporting columns surged forward across the Oureq to consolidate the ground so valiantly won and held by the first rush, enemy hopes of clinging to the present line dwindled. Holding the apex of the allied line at the center, the Americans had paved the way for the smashing capture of Chalmont. But to the westward by the Franco-British forces. Allied guns now dominate the enemy's lines from this height, foretelling new incursions into his positions and the strong probability that he will be compelled to fall back to the Vesle line.

The victory was given no significance yesterday by Gen. March, chief of staff. Putting aside the reserve with which he hitherto has commented on the wider aspects of the battle, Gen. March told the conference that each army was now bent on the destruction of the other, all lesser strategic objectives having been swept away on both sides. The mission of each is to kill; to destroy the fighting power of the other. It is the ultimate military objective that both are now seeking and there can be no halting short of the goal.

The chief of staff had prefaced this new conception of the great struggle with a careful outline of the battle positions, showing that since last Saturday morning 16 miles had been cut out of the length of the battle line by allied successes. It is now barely 54 miles around the flattened salient in which the enemy has massed virtually a million men as against 74 when the counter assault was set in motion. From Chateau-Thierry, the Americans have made the maximum advance, covering 14 miles to reach the positions where they rested today, preparing for new advances.

The chief of staff made it plain that it is a monthly program of increase upon which the war department has embarked. The cycle appears now to be an army corps a month. It is to be shipped abroad, its place to be taken at once by a new corps to be created here. The men, quarters and equipment are available to keep that up for the rest of the year and longer if necessary.

Present cantonments will have at least 1,500,000 men. General March announced also that he had decided upon abandonment of every designation for the troops except that of "United States Army." All other marks than the plain U. S. of the regulars will be abolished. For war department purposes the national army and the national guard are wiped out utterly and the officers reserve corps goes with them into the discard.

The unification plan means more than changing collar ornaments, Gen. March said, for in seeking new general officers promotion by selection from "the entire army" will be employed.

**DUMP IN ERUPTION**  
The members of Hose 12 spent the forenoon at the Aiken street dump, not sight-seeing, but fighting a fire. They were called to the dump at 7.35 o'clock this morning for a stubborn blaze in the debris, and it was only after 12 o'clock that they were able to return to their quarters. There was no damage, but the smoke caused by the blaze proved very annoying to the residents of the district.

**One Cereal That Needs No Sugar**  
Grape-Nuts needs no sugar!

Unlike most cereal foods it contains its own natural sweetening, obtained through the famous Grape-Nuts process from the wheat and barley from which it is made.

This natural sweet is the starch of the grain changed into a healthful, life-giving sugar.

This change is brought about by the ferment, diastase, in barley malt, and by long baking. The result is a wonderful food, easy to digest, abundantly sweet in its own right, nourishing, economical—

## SENTENCED FOR LARCENY OF KINDLING WOOD

Adelard Rochette was arraigned in police court before Judge Enright this morning on a complaint charging him with the larceny of kindling wood to the value of \$1, the property of a local wood and coal dealer. It seems that Rochette has been delivering wood for the dealer for some time. Occasionally, he would deliver part of a load and sell the other portion, pocketing the money received. This has happened 12 or 13 times. His Honor stated that the defendant deserved no sympathy whatever, as it was the innocent public which was victimized. Accordingly the man was found guilty and was ordered committed to jail for the term of 60 days.

**Other Offenders**  
Mary Rutyna was charged with assault and battery upon Margaret Schour, a small girl. The assault was committed on July 24. She was placed on probation in order to give her a chance to settle down and keep the peace hereafter. When her husband was called in her defense, he was very loud spoken in giving his testimony. At last he went too far and began to swear. His Honor ordered him put in the dock and imposed a fine of \$5 for contempt of court. Later the fine was withdrawn because the court did not wish to deprive the man's family of his support and he was let go after being given a warning to conduct himself in a gentlemanly manner. Ever since he happened to be in a court room again.

The case of John Kulaga, charged with non-support of his wife, was put over until next Tuesday.

Neil McGurn was fined \$10 for being drunk, while for the same offense Thomas A. Shea was given a suspended sentence of five months in jail.

## SUN BREVITIES

Best Printing, Tobin's, Associate bldg. John F. Murphy, barber, 88 Concord st. J. F. Donohoe, 225 Hildreth bldg., real estate and insurance. Telephone.

Mr. and Mrs. Daniel F. Reilly of inland street have been notified that their son, Corp. Francis E. Reilly of the 26th balloon company, has arrived safely overseas.

Miss May Sullivan of the Union National bank is spending her vacation at Hampton beach.

The many friends of Miss Margaret Conroy will be pleased to know that she is convalescing after a recent operation for appendicitis at St. John's hospital.

Mr. and Mrs. Joseph Lannan and family of Bowers street and Mrs. Martin H. Reidy of Riverside street are spending their vacation at Hampton beach.

Rev. James McCartin, O.M.I., of the Immaculate Conception church and his sister, Miss Mary McCartin of this city, are enjoying a vacation at Hampton beach.

Frederick O. McCall, who enlisted in the Naval Reserve, a few weeks ago, has received orders to report for active duty. Aug. 1. His brother, Sergt. Joe L. McCall, who enlisted when the Americans entered the war, is now serving with the 34th Machine Gun Battalion overseas. They are sons of Mr. and Mrs. Joseph McCall of Rock street.

George C. McKelvey, 20 Forrest street, this city, former employee of the New England Telephone & Telegraph company, has been promoted to corporal at Camp Laurel, Maryland. Corp. McKelvey is well known in Lowell, and before entering the national service was one of the most popular employees of the telephone company. His many friends will rejoice with him in his promotion.

Thomas J. Burns, who on the eve of his departure for the training camp at Syracuse, N. Y., received many tokens of esteem from his many friends, wishes to thank them for their kindness and especially his co-workers in the bullet room of the Market st. plant of the Lowell Cartridge Co., for their generous gifts. His only regret is that he cannot thank them personally; also the neighbors and friends who were so thoughtful. He wishes to extend his appreciation for their kind and appropriate gifts.

horn blaze in the debris, and it was only after 12 o'clock that they were able to return to their quarters. There was no damage, but the smoke caused by the blaze proved very annoying to the residents of the district.

Unlike most cereal foods it contains its own natural sweetening, obtained through the famous Grape-Nuts process from the wheat and barley from which it is made.

This natural sweet is the starch of the grain changed into a healthful, life-giving sugar.

## HOOVER GOES TO PARIS

American Food Administrator Herbert C. Hoover Left London for France Today

LONDON, Aug. 1.—Herbert C. Hoover, the American food administrator, who has been in London for nearly two weeks past, left for Paris today.

## SPINNERS ON STRIKE AT TALBOT MILLS

The woolen spinners employed at the Talbot mills in North Billerica, as was stated in The Sun yesterday have gone out on strike and the following notice, which is self explanatory, has been posted in the mill:

**NOTICE**  
In order that our employees may understand the circumstances under which the spinners left their work yesterday, I make the following statement:

I was away on important business all day Monday. On reaching the office Tuesday morning, Mr. Damon informed me that a committee of the spinners had called to interview me the day before and not finding me, told him that they wished to have a 25 per cent advance in wages and that they wished an answer by Wednesday noon. I immediately began the investigations necessary to learn how our spinners' wages compared with other mills, but could not complete this investigation before Wednesday. As a previous business engagement compelled me to be in Boston early on Wednesday morning, I told Mr. Damon to inform the spinners that I should return in the afternoon and would meet their committee at half past five. On my return, however, I found that the spinners had left their work at noon time without learning what reply I had to give to them.

I have managed the mill for a period of thirty years and have always been willing to meet committees of employees, talk over conditions with them and it has been my endeavor to treat all employees considerately. This is the first time in my experience that a committee did not await a conference before taking action.

The statements published in the Lowell Courier Citizen of this morning as to the spinners' wages being 25 to 35 per cent below those of other mills are absolutely false.

FREDERICK S. CLARK, President.

## DEATHS

**MORRISON**—Patrick J. Morrison, son of Mr. and Mrs. Patrick Morrison, died this morning at the home of his parents, 19 Crosby street, after a brief illness, aged 4 years and 5 months. He leaves, besides his parents, two sisters, Irene and Mildred, and one brother, John Morrison.

**NOBLE**—Elsie E. Noble, daughter of Mr. and Mrs. Thomas Noble, died this morning at the home of her parents, 110 Andrews street, aged 1 year, 7 months, 16 days. She leaves besides her parents a brother, Harold, also her grandparents, Mr. and Mrs. Joseph Noble and Mrs. Elizabeth Ashton of this city.

**BRKYANT**—Ernest Bryant, Jr., son of Ernest and Helen Bryant, and a former resident of this city, died suddenly yesterday in Waterbury, Conn.

**NOTERMAN**—Mrs. Marguerite (Labelle) Noterman, formerly a resident of this city, died yesterday at the home of her parents, Mr. and Mrs. Louis Labelle, 52 Gordon street, Malden. She leaves her husband, Emile; one son, Emile, Jr.; her parents, Louis and Cleopha Labelle, and one brother, Michael L. Labelle.

## FUNERAL NOTICES

**BRYANT**—Died suddenly at Waterbury, Conn. Ernest Bryant, Jr., son of Ernest and Helen Bryant, formerly of Lowell. Services will be held at the Lowell cemetery chapel on Friday afternoon at 2.30 o'clock. Friends are respectfully invited to attend. The funeral arrangements are in charge of Undertaker William H. Saunders.

**NOBLE**—Died in this city August 1. The home of her parents, Mr. and Mrs. Thomas Noble, 110 Andrews street, Elsie E. Noble, aged 1 year, 7 months, 16 days. Funeral services will be held from the home, 110 Andrews street, Saturday afternoon at 2.30 o'clock. Friends invited to attend. Burial private. The funeral arrangements are in charge of Undertakers Young & Blake.

**MORRISON**—The funeral of Patrick J. Morrison, son of Mr. and Mrs. Patrick Morrison will take place Friday afternoon from the home of his parents, 19 Crosby street, at 2 o'clock. Burial will be in the family lot in St. Patrick's cemetery. Funeral arrangements in charge of Undertakers O'Donnell & Fay.

**MCDONNELL**—The funeral of Miss Mary McDonnell will take place Friday morning at 8 o'clock from the home of Mr. John Tighe, Lakeview avenue, Collinsville. A funeral mass will be sung at St. Mary's church, Collinsville, at 9 o'clock. Burial in St. Patrick's cemetery. In charge of Undertakers James F. O'Donnell & Sons. Motor cortege.

## MATRIMONIAL

Mr. William A. Haley of this city and Miss Gertrude B. Hayes of Barrington, N.H., were married yesterday afternoon by Rev. A. G. Lyon at the parsonage of the Pawtucket Congregational church, 113 Varnum avenue. The couple were unattended. After a brief honeymoon trip they will make their home in this city.

**Kiggins—Carver**  
The marriage of Mr. Stephen J. H. Kiggins and Miss Anna Ellen Carver took place this afternoon at 2 o'clock at the Sacred Heart rectory, the officiating clergyman being the pastor, Rev. John P. Flynn, O.M.I. The bride wore gray Georgette with satin trimmings and hat to match and carried bridal roses. She was attended by a niece of the bridegroom, Miss Augusta Barr, who wore blue Georgette crepe with black picture hat and carried pink roses. The best man was a brother of the bride, Mr. Oliver Carver of Dorchester. At the close of the ceremony a reception was held at the home of the groom, 121 Agawam street, where the couple will make their home after a brief honeymoon trip to Prince Edward Island, Canada. The bride's gift to the bridegroom was a gold ring while the groom's gift to the bride was a pair of gold cuff links.

## CONFESS DEFEAT

German Military Leaders Say Retreat Was Needed to Prepare for Big Blow

Statement Published in German Papers Again Omits Mention of Americans

WASHINGTON, Aug. 1.—Official despatches yesterday from France tell how the German high command has caused to be published in the newspapers throughout Germany an official statement preparing the people to accept the defeat in the second battle of the Marne, but renewing the promise of a decisive blow against the Anglo-French front.

"After several days of desperate attempts to minimize the gravity of the defeat of the German arms," says the despatch, "Hindenburg and Ludendorff have decided to make a full confession."

"An official note bearing as title, 'The Situation on the Marne,' published in about the same terms in all the papers of the empire, tries to make the German public, profoundly deceived, accept the total failure of the ambitious program which was destined to develop into the investment of Paris and the ultimate crushing of the military forces of the entente."

"Hindenburg's defence renews the promise of a decisive blow against the Anglo-French front, but says the physiognomy which the struggle presents on the front between Soissons and Rheims and in the Champagne in consequence of the German attacks and the Franco-British counter-attacks (one must note here with what care the American intervention is omitted) has led to the necessity of preparing for some time the decisive blow."

"With this end in view new basis for subsequent operations proceedings for displacement and strategic regroupings, have to be created, whilst awaiting until preparations for future operations be completed they have been forced to retire in the northern direction of the Marne front."

"How far will this retirement be carried out? A retreat of about a dozen kilometers will perhaps be sufficient. It is not thought, necessary today that Hindenburg should find himself under the obligation of withdrawing the front as far back as the Vesle."

"The German 'interior front' is implored, not to renounce its confidence in our Hindenburg on account of that. 'The tone of this official note is significant. The impression caused in Germany by the defeat must have been very profound; their confidence must be seriously shaken for the high command to solicit, with a sort of humility that is scarcely habitual to it, for favors."

"The Badische Landes Zeitung is trying to persuade its readers that the German retreat was a part of Hindenburg's plans, and that he is still continuing to impose his will on Germany's enemies."

"In the Frankfurter Zeitung Deputy Editor, Haussmann states that von Kuehlmann is more popular now than before his fall."

## FUNERALS

**CASHMAN**—The funeral of Pearl Ellen Cashman took place yesterday afternoon at 4 o'clock from the home of her parents, Michael and Emma Cashman, 230 Lincoln street. Burial took place in the family lot in St. Patrick's cemetery, under the direction of Undertakers Higgins Bros.

**SMITH**—The funeral of Samuel Smith was held yesterday afternoon from the funeral parlors of J. A. Weinbeck, 42 Middlesex street, Rev. James Bancroft, pastor of St. John's Episcopal church, officiating. The bearers were Waldo J. Caswell and Charles A. Clough representing Pilgrim Encampment, I.O.O.F., and Walter D. Merrill and Edward A. Auger from Centralville lodge, I.O.O.F. Noble Grand Frederick S. Harvey and Chaplain Edward A. Auger of Centralville lodge performed the services of their order at the grave. The funeral arrangements were in charge of Undertakers John A. Weinbeck.

**MURPHY**—The funeral of Thomas E. Murphy, son of Thomas H. and Rose V. (Smith) Murphy, took place yesterday afternoon from the home of his parents, 17 Bolton place, Franklin st. Burial was in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

**ALVES**—The funeral of Arthur Alves, son of Joseph and Maria Alves, took place yesterday afternoon at 4 o'clock from the home of his parents, 34 Union street, and was largely attended. Services were held at St. Anthony's church at 4.30 o'clock. Rev. J. J. Perry officiating. Burial took place in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge.

**COTTER**—The funeral of Miss Mary A. Cotter took place this morning at 9.30 o'clock from the home of Mrs. Della Murray Ryne, 55 Willie street, and was largely attended by sorrowing relatives and friends, including some from Holyoke, Springfield, Manchester, N. H., and Boston. The cortege proceeded to St. Patrick's church, where at 10 o'clock a solemn high mass was sung by Rev. Timothy P. Callahan, assisted by Rev. Joseph A. Curtin as deacon and Rev. James J. Kerrigan as sub-deacon. The bearers were Daniel P. Frank, Patrick, John and William Callahan and Patrick Quayle, all cousins of deceased. At the grave Rev. Fr. Callahan read the committal prayers and burial was in St. Patrick's cemetery, in charge of Undertakers James F. O'Donnell & Sons.

**FORTIN**—The funeral of Joseph Fortin took place this morning from his home, 136 Cumberland road. High mass.

Terms—Cash.  
GEORGE F. STILES, Deputy Sheriff.

## NASHUA MAN ON FOURTH

TRIP TO HOSPITAL

NASHUA, N. H., Aug. 1.—John D. McKay of 324 Lake street announced yesterday that he had received from his son, Lieut. Arthur McKay, a cablegram that he was slightly wounded in action in France July 28 and not to worry when they see his name in the list. He is a graduate of the Nashua High and was a leader on the football team. He was in his second year at the Chittaugoqua University when he enlisted in Company K, 28th Regiment.

Sergt. Arthur Bouley, reported severely wounded in France, is the son of Mr. and Mrs. Exile Bouley of 53 Worcester street, and in Company I, 103d United States Infantry. This is the fourth time he has been to the hospital. The first time he was hit by shrapnel from head to foot; the second time he was gassed, and the third he was sent back for shell shock.

His parents just received a letter from him written during the third lay-off, saying he was in the battle in which Eugene Chagnon and Alfred Duquette, Nashua boys, were killed. He says that as soon as he gets out he intends to visit a family which cooked him a big mess of fresh frogs on his last visit. He refers to Chagnon as his particular chum, and speaks of his bravery and generosity.

## CHILDREN BARRED

Junior Red Cross Head Disapproves Practice of Children Collecting Money

"The attention of the Junior Red Cross and of the National War Savings committee has been called to a few cases in which the services of school children have been misdirected in the work of raising funds. We wish to make our policy in this respect perfectly clear to the public," says a letter issued last night by Henry Noble MacCracken, director of the Bureau of Junior Membership of the American Red Cross.

The letter continues in part: "Statements have been made in recent campaigns that school children have engaged in unauthorized street speaking, selling, soliciting and collecting contributions outside of school hours. Although these activities have had the origin in the laudable zeal of the children, or those responsible for their welfare, they must be discouraged."

"The danger of overstimulation and of the undue pressure exerted by interschool competitions are as great as the danger of slackness and indifference. Teachers sometimes create this condition by saying to the children, 'You must bring a quarter, a dollar, etc., next Monday.'"

"The directors of the Junior Red Cross and of the school campaigns of the National War Savings committee disapprove of the exploitation of children for the purpose of collecting money. Boys and girls under the legal age of labor must not be exposed to the dangers of street work."

"The Junior Red Cross and the War Savings committees seek to work through the schools and in school time under proper school control. They do not encroach upon the child's playtime. The value and necessity of play as well as work is recognized in their program."

## BANK BOOKS MISSING

The two bank books owned by Miss Clara Chevenelle of Pleasant street, Dracut, which were stolen from her trunk a few days ago, have not yet been recovered. Miss Chevenelle called at the office of The Sun this morning, and admitted the disappearance of her bank books, but she said she had been to the banks and found no money had been drawn on them.

of requiem was celebrated at St. Louis church at 8.30 o'clock by Rev. J. B. Labossiere. The bearers were George L'Heureux, Philémon Page, Odilon Bernard, Arthur Veilllette, Godfroi Caron and Henri Fournier. Attending the funeral from out of town were Emma Page, Miss Blanche Page, Philémon Page, Mr. and Mrs. George L'Heureux, and Miss Alma L'Heureux, all of Beverly, Raoul Page of Lynn and Miss Alice Page of Pawtucket, R. I. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Fr. Labossiere. Funeral arrangements were in charge of Undertakers Joseph Albert & Son.

## CARD OF THANKS

We, the undersigned, wish to express our heartfelt thanks to our many relatives and friends for their many acts of kindness and expressions of sympathy, spiritual and moral offerings in the recent bereavement of our loving daughters and sisters, the Misses Margaret L. and Katherine R. McQuade. We assure them their kindness will always be remembered by MR. AND MRS. MICHAEL McQUADE and family.

## HURT IN RUNAWAY

Fred E. Livingston, employed as a driver for the Lowell Rendering company and residing in Lawrence street, Wiggville, received injuries to his leg and head in a runaway accident in the freight yard in Thorndike street this morning. The ambulance was summoned and the injured man was removed to St. John's hospital.

Mr. Livingston was driving a delivery wagon in the freight yard shortly before 10 o'clock when the horse, after becoming frightened by a passing train, ran away. The driver attempted to stop the horse, but his efforts were fruitless, and it was only after the wagon had collided with a telegraph pole that the animal's race was checked. Livingston was thrown to the ground and in his fall he was injured slightly.

## AVIATOR BOYAN WINS 3

VICTORIES IN HALF HOUR

PARIS, Aug. 1.—(Havas Agency) Sub-Lieut. Boyan has gained five additional aerial victories, three of which were won in 10 minutes each, the newspapers report. His total is now 29. Lieut. Madon has increased his string of victories to 38.

## BRILLIANT SOLDIER

Maj. Gen. Guillaumat Military Governor of Paris

PARIS, Aug. 1.—Major General Marie Louis Adolphe Guillaumat, recently appointed military governor of Paris, achieved fame by his historic defense of Verdun against the stupendous German onslaught of 1916; by his cleverness in a French offensive on the Somme in which the forces under his command took 4000 prisoners, 23 heavy guns and 270 machine guns, and by his sagacity in the maneuvering of French troops in the near east.

He received his first commission in 1884. He was made captain in 1893 and in this rank served in the Indo-China campaign, in which he was severely wounded. He received the rank of general of division in 1914 after the outbreak of the war.

He was placed in command of the Second army corps and charged with the defense of Verdun in 1916. On December 25, 1917, he was transferred to the command of the French armies of the Orient, replacing Gen. Sarraill. He is 55 years old.

## PROPOSED SCALE OF TAXES ON AUTOS

Here is what the owners of automobiles will have to pay as a federal license or special tax "the original listed retail price" if the rates adopted by the ways and means committee yesterday become law:

For an automobile costing \$500 and less, \$10.  
More than \$500 and up to \$750, \$15.  
More than \$750 and up to \$1000, \$20.  
More than \$1000 and up to \$1250, \$25.  
More than \$1250 and up to \$1500, \$30.  
More than \$1500 and up to \$2000, \$40.  
More than \$2000 and up to \$2500, \$50.  
More than \$2500 and up to \$3000, \$60.  
For every \$500 additional cost above \$3000 another \$20.

Thus a car costing \$3500 would pay \$30, and a car costing \$4000 would pay \$100.

## GERMAN YOKE

Murder of Hun Commander Shows Russians Cannot Endure Dictatorial Methods

Germany May Be Obligated to Reconstitute the Eastern Front, Say Reports

PARIS, Aug. 1. (Havas Agency).—The murder of Field Marshal von Eichhorn, according to the comment in the Paris newspapers, demonstrates that the Russian people cannot endure the German yoke. This crime the papers say, coming after the assassination of Count von Mirbach, the German ambassador to Russia, shows that the return to dictatorial methods of government in Russia was bound to place bombs in the hands of those men who for many years, knew no other argument of opposition. The newspapers insist that Germany is re

## AMERICANS WIN MORE GROUND

## UNSKILLED LABOR

Government Takes Control  
of Recruiting of Labor to  
Supply War IndustriesNon-essential Industries Must  
Contribute Quotas—Sec-  
retary Wilson's StatementWASHINGTON, Aug. 1.—Recruiting  
of unskilled labor was taken over by  
the federal government today as a  
war measure under an agency of the  
department of labor, designated as  
the United States Employment ser-  
vice. Shortages of unskilled labor re-  
ported from many sections of the  
country are expected to be alleviated  
by the plan put into operation today,  
whereby non-essential industries will  
be required to contribute certain  
quotas of labor for the industries en-  
gaged in war work.The American people are called  
upon to aid in making the system a  
success by Secretary Wilson in a  
statement made public today.  
"The employment service is given a  
burden comparable only to that borne  
by the war department when the se-  
lective service law was put into op-  
eration," he said. "But this policy must  
be enforced without military author-  
ity. The central recruiting of un-  
skilled labor begun today represents  
a great advance. A great industrial  
policy applicable to the entire nation  
has been inaugurated. The mobiliza-  
tion of the 'second line of defense'  
is in progress. The government con-  
fidently counts upon the same wise  
loyalty, the same co-operative sacri-  
fice to make effective the production  
program as that which already brought  
success to American arms overseas."Shortage of 500,000  
WASHINGTON, Aug. 1.—A shortage  
of 500,000 unskilled workers in war  
industries is shown in incomplete re-  
ports to the department of labor's  
federal employment service, which to-  
day took over the recruiting of this  
class of labor for war industries em-  
ploying a maximum force of 100 or  
more persons. Final reports are ex-  
pected to show a shortage of one  
million workers.War industry was defined in the  
announcement by the employment  
service as "the manufacture of prod-  
ucts or erection of structures directly  
or indirectly supplied to some depart-  
ment of the government for use in  
connection with the war." Coal min-  
ing also was classified as "wholly  
war work."While they will be protected from  
recruiting by other industries, rail-  
roads and farms must obtain their  
unskilled labor by other means than  
through the federal employment ser-  
vice.MOVIES AND COMMUNITY  
SING ON COMMONEverything and everybody—even the  
weather man—is in readiness for the  
joint community sing and open air  
movie performance to be given this  
evening on the South common under  
the auspices of the park commission.The affair was originally scheduled  
for Tuesday evening but was post-  
poned because of the unfavorable  
weather. The "show" will start  
promptly at 8.30 and will include pa-  
triotic numbers by the Honey Boy  
quartet, other soloists, cornet num-  
bers and a series of moving pictures  
showing views of the Glacier park  
reservation, the Canadian northwest  
and a screaming comedy.The general public will be asked to  
join in the singing and as this is the  
first affair of its kind ever held in  
Lowell, it should attract a large crowd.  
The pictures will be shown on the  
Highland street slope of the common.ITALIANS DOWN ELEVEN  
ENEMY AIRPLANESWASHINGTON, August 1.—Eleven  
enemy airplanes were brought down  
by the Italians on the front in north-  
ern Italy on Tuesday, and planes  
bombaring enemy railroad stations,  
according to an Italian war office  
statement received today from Rome.INTEREST

## UNCLE SAM BUSY

Government Takes Control of  
Telegraph and Telephone—  
No Change in RoutineSun Reporter Talks With  
Managers of Telegraph  
and Telephone OfficesLowell today finds Uncle Sam is her  
messenger boy and Miss Columbia is  
putting up the telephone connections.  
Theoretically, it is so. To all intents  
and purposes, however, as the results  
of calls made on Charles J. Leathers  
of the New England Telephone com-  
Continued to Page FiveHUNS TO RETIRE TO  
RIVER VESLEWITH THE AMERICAN ARMY ON  
THE AISNE-MARNE FRONT, Aug. 1  
(Noon).—(By The Associated Press).—  
The Germans used less artillery late  
yesterday against the attacking forces  
on this front, depending more upon  
their machine gunners for defending  
their lines. This fact, coupled with  
stores of prisoners and deserters, tend  
to strengthen the belief that they are  
planning a withdrawal to new posi-  
tions along the river Vesle.  
A deserter who came into the lines  
last night declared that orders had  
been issued for a series of retrograde  
movements until Pismes, on the Vesle,  
had been reached.  
Except for minor engagements there  
was only artillery fire along the line  
up to noon today, and that was com-  
paratively light.NEW YORK EVENING POST  
HAS BEEN SOLDNEW YORK, Aug. 1.—The New  
York Evening Post has been sold to  
Thomas W. Lamont, of J. P. Morgan &  
Co., by Oswald Garrison Villard and  
his fellow stockholders, acting through  
the four associates to whom Mr. Vil-  
lard recently gave an option on the  
property. In a statement, Mr. Lamont  
announced that he had placed the con-  
trol of the property in the hands of  
the present editors and of a board of  
three trustees, Theodore N. Vail, presi-  
dent of the American Telephone &  
Telegraph Co., Henry S. Pritchett,

Side of Nesle, Apex of Wedge

## HELPED YANKS

Gallant Work by Scottish  
Division in Attack Below  
SoissonsRelieved Americans and  
Launched Attack Which  
Hurled Back EnemyWITH THE FRENCH ARMY IN  
FRANCE, Aug. 1 (morning).—(By The  
Associated Press).—Gallant work was  
done by the Scottish division which  
participated with the French and the  
Americans in the attack on the west-  
ern pivot of the German line below  
Soissons. This division, composed of  
famous highland and lowland reg-  
iments, entered the line to relieve an  
American division. It took its place  
on the front after three days and  
nights of incessant traveling in lorries  
and a march of 10 miles with full  
packs.The Scots immediately launched an  
attack and drove back the Germans on  
their front.The conduct of the division has  
called forth high praise from the  
French generals.The American troops, although thor-  
oughly fatigued from many days of  
constant fighting, lent their artillery  
to the support of the Scots, who some  
days later, in conjunction with the  
French, attacked and took Buzancy  
once more with the assistance of the  
American gunners.All the allied troops are working in  
the closest comradeship and good will.VESSELS IN COLLISION  
OFF ATLANTIC COASTPHILADELPHIA, Aug. 1.—Informa-  
tion was received here today that a  
cargo carrier was in collision with a  
tanker off the Atlantic coast last  
night and that the former at last re-  
ports was sinking. After the collision  
the tanker proceeded.LARGEST VOTE OF CREDIT  
OF ENGLAND'S HISTORYLONDON, Aug. 1.—In asking for a  
vote of credit of £700,000,000 in the  
house of commons today, Andrew Bon-  
ar Law, the chancellor of the ex-  
chequer, said that the largeness of the  
amount was not due to increased ex-  
penditure but to the fact that parlia-  
ment was about to adjourn. He hoped,  
he said, that not more than one more  
vote would be necessary before the  
end of the financial year.The vote asked is the largest in  
the history of the country. It is in-  
tended for carrying on the war until  
the end of October.  
The chancellor said the expenditures  
showed an increase of £9,000,000 over  
the estimates. Loans to the allies and  
the dominions had been less than the  
estimates by £22,700,000.ON CANADIAN LIST

American and French troops have begun a movement that if  
successful, will compel the German retirement over a wide sector east  
of Fere-en-Tardenois, at the center of the Soissons-Rheims salient.AMERICANS PUSH ON  
They have attacked over a front of more than three miles on  
each side of the village of Nesles, the apex of the allied wedge  
north of the Oureq. Their greatest advance was toward the east  
where the Americans pushed on some distance from the town of  
Sergy and approached Chamery.Although the announced purpose of the attack was the straightening  
out of the line between Serignes and Cierges, this is really secondary  
to the outflanking of the Germans to the southward. The enemy  
is holding strong positions at Roncheres and St. Gemme, where his  
line is still less than five miles from the Marne, and continued advance  
between Nesles and Cierges would force him to fall back to escape  
being cut off from the rear. This seems to be the only sector where  
the allies are attacking with infantry. Reports from the front tell  
of heavy artillery fire along most of the line between Soissons and  
Rheims.GERMAN ATTACKS REPULSED  
The Germans attacked the allied lines on the heights of Bligny,  
southwest of Rheims, on Tuesday night, but were repulsed. The  
methods adopted by the Germans since their retirement from the  
Marne began are followed by the enemy along the line of the

BOLSHEVIKI NEAR END ANOTHER LOWELL BOY  
WOUNDED IN BATTLECzecho-Slovak Movement Is  
Growing Like Avalanche—  
Another Important VictoryAMSTERDAM, Aug. 1.—The town of  
Yekaterinburg, in the province of  
Perm, near the Siberian border, has  
been taken by the Czecho-Slovaks, ac-  
cording to the newspaper Ivestia of  
Moscow.With this new development of the  
Czecho-Slovak movement, the Bol-  
sheviki press is raising cries of alarm.  
The Pravda, for instance, declares the  
Czecho-Slovak danger is growing like  
an avalanche and that the counter  
revolutionary movement is extending.Lenine and Trotsky Alarmed  
MOSCOW, Wednesday, July 31 (via  
Berlin to Amsterdam, Aug. 1).—At a  
plenary session on July 30, of the ex-  
ecutive main committee the Moscow  
council and the labor organizations, in  
which 2000 members participated, Pre-  
mier Lenine and War Minister Tro-  
tsky spoke and the following resolu-  
tions were passed:"First—The socialist fatherland is  
in danger.  
"Second—The chief tasks at the  
present moment are the repulse of the  
Czecho-Slovaks and the obtaining of  
grain.  
"Third—The most powerful agitation  
must be explained amongst the labor  
classes to explain the gravity of the  
situation.  
"Fourth—Vigilance must be in-  
creased against the bourgeoisie, who  
everywhere, are joining the counter  
revolutionists. The soviet government  
must protect itself and to that end the  
bourgeoisie must be placed under con-  
trol and mass terror put into practice  
against them.  
"Fifth—The general watchword must  
be death or victory, with mass expe-  
ditions for bread, mass military or-  
ganization, the arming of workmen  
and the exertion of all strength  
to fight against the counter revolu-  
tionary bourgeoisie.Also remember that this

ALLIES ADVANCE IN NEW  
BLOW ON TEN MILE FRONTLONDON, August 1.—The allies today delivered a  
new stroke over a 10 mile front between Buzancy, about  
four miles south of Soissons, to Serignes, north of Fere-en-  
Tardenois. The result was a considerable advance and the  
wiping out of the elbow in the line at Oulchy-le-Chateau,  
according to advices to the Evening Standard this afternoon.

## FIGHT TO FINISH CITY HALL NEWS

Americans' Capture of Ser-  
inges a Great Achievement,  
Says Eye WitnessDefeat Germans in Tragic  
Battle—Enemy Force En-  
tirely Wiped OutLONDON, Wednesday, July 31.—Yester-  
day was a day of sheer, hard, in-  
and-out fighting on the American  
front, telegraphs Reuter's correspond-  
ent on the front north of the Marne.  
He says that the final capture of Ser-  
inges by the Americans was an es-  
pecially creditable achievement.After the Americans took the village  
on Monday the Germans made no in-  
fantry attack on the place that day  
but kept up a constant artillery and  
machine gun fire to drive them out.  
This continued all day on Tuesday,  
and towards evening the enemy seemed  
to think the spirit of the defenders  
might possibly be broken, and they be-  
gan to emerge from the Nesles forest  
in a way that seemed to forecast a  
fresh attempt to take the village. Of  
the fighting which ensued the corre-  
spondent writes:"The Americans, after three days of  
to-and-fro fighting through villages,  
had learned subtlety and were deter-  
mined to have a real fight to a finish.  
They consequently withdrew, as if re-  
tiring from Serignes, and the Germans  
crept down from the high ground, con-  
vinced that they had their opponents  
beaten. Additional German troops  
came pouring in, until the town was  
occupied as it never had been before."But as the new occupants began to  
organize their defenses they found  
that bullets appeared to be coming in  
from three sides of the village, and it  
was not long before they discovered  
that the Americans, while withdraw-  
ing from the front of the town, had  
commenced an encircling movement on  
both sides, thus forming a ring almost  
completely around it.Tragic Fighting  
"Then came tragic fighting. The  
Prussian guard had vowed not to sur-  
render, and the proponents were just  
as anxious to see the thing through.  
It was an affair of small arms, but  
the Americans proved to be better  
shots and slowly picked off men here  
and there."The Americans began to advance,  
and slowly their encircling ring closed  
about it. As the ring drew closer and  
the defenders saw their doom ap-  
proaching, they redoubled their fire  
but still the Americans came on un-  
falteringly, like a storm or the un-  
avoidable stroke of fate.Enemy Companies Wiped Out  
"When the Americans reached the  
precincts of the village their fire  
ceased and with one wild yell they  
closed with the foe. The fierce onrush  
suddenly gave place to a strange sil-  
ence as men grappled with man."The issue was never in doubt for  
an instant. At this kind of fighting  
the American is more than equal to  
any Prussian guardsman and in a lit-  
tle more than 10 minutes all was over.  
Except for a few German prisoners  
every German in the village had  
breathed his last. Such was the final  
capture of Serignes.Heaps of German Dead  
"During the night the enemy twice  
attempted to re-take Serigy, but each  
time he was repulsed with heavy  
losses. Then he made a fierce assault  
on Menrey farm, east of Serignes,  
which was piled with the dead which  
he had left there the day before, when  
every man defending it died at his  
post. There again the enemy was un-  
successful, though not until steel and  
crossed steel in the big farm yard had  
heaps of German slain had been  
doubled in the ruins about it.Man Against Man  
"This was classic fighting indeed—  
man against man and the better to  
win. There was no call for quarter.  
The pride of the professional soldier  
was up against the pride of the free-During the morning the fighting  
extended still further eastward and in  
every case the Germans who attacked  
were annihilated. Later came the at-  
tack on Serignes and an attempt at  
the same time to drive the allies from  
hill 187, west of Serignes."Therefore the first time since the  
allies crossed the Oureq the Germans  
may be said to have definitely taken  
the offensive.Airplanes Attempt to Help Huns  
"All through the day's fighting the  
enemy's airplanes attempted in a most  
daring manner to assist in the battle.  
Early in the morning six enemy planes  
succeeded in penetrating as far as La  
Croix Blanche farm, near Laifere for-  
est. They swooped down close above  
the roads in the valley and fired upon  
allied troops.Ordered to Hold at All Costs  
"Members of the Prussian guard who  
were taken prisoner state that the  
orders were to hold the line at all  
costs and well they obeyed. All three  
of their battalions were apparently in  
the line on this memorable day, which  
ended everywhere in victory for the  
allies, although there was no great  
gain of ground.During the following night, ground  
near Cierges was captured by the  
Americans. This advance will make  
it possible for the troops in this  
sector to join hands with the con-  
querors of Serigy and Serignes."FOOLISH

## WOMEN WORKERS

## Big Increase in Number of Women Employed in Industrial Establishments

(Special to The Sun)

STATE HOUSE, Boston, Aug. 1.—Edwin Mulready, commissioner of labor, told the recess committee on workmen's compensation yesterday that Massachusetts industrial establishments are now employing between 60,000 and 70,000 more women workers than they were six months ago. Mr. Mulready expressed the opinion that this large influx of women into industry is a tremendous problem for the manufacturers to deal with, and he intimated that it will probably add to the cost of workmen's compensation insurance, because of the fact that women are more susceptible to injuries than men are.

He advocated several plans designed to keep down the number of industrial accidents, the one to which he gave the most favor being the appointment of an employment manager for each of the large industrial establishments in the state.

One of the chief benefits of such a plan, he said, would be to do away with constant change of occupation on the part of the workers. Nearly two-thirds of the occupational changes which come to the attention of the board of labor and industries, he said, are due primarily to disagreements between employees and their individual bosses. At present, whenever a worker has a disagreement with his foreman, he leaves the employ of the company and goes elsewhere to work. An employment manager would simply place the aggrieved worker in another department, under another boss, and the expensive "labor turnover" would be avoided.

Mr. Mulready said this plan would have an appreciable effect in reducing accidents, because a very large percentage of those reported are found to be due to the lack of familiarity of the injured worker with the particular machine on which he is employed. In the cotton mills, for example, an employment manager could place under some other overseer a weaver who had disagreed with his overseer, and the employer would be saved the expense of breaking in a new man, and also the liability of the green hand to injury.

One large concern Boston, it appeared, has an employment manager whose duty it is to interview every person seeking to leave the employ of the company. If the worker's reason for getting through is a matter wholly apart from the employer, he is permitted to go, but if his desire to leave arises from any disagreement with his boss, it is the duty of the employment manager to get the two together, and to act as a sort of umpire of their troubles. If the workman has been at fault, naturally the company does not want him longer in its employ; if there has been a misunderstanding, it is straightened out; and if the boss has been at fault, he is reprimanded and the worker is given an opportunity to return to work, either under the former boss or under another. In this way, it is said, the employment manager has saved the company many times his own yearly salary.

HOYT.

## U. S. NOW IN CONTROL OF WIRE LINES

WASHINGTON, Aug. 1.—Control of telephone and telegraph lines was taken over at midnight by the postoffice department and their operation placed under the general supervision of a special committee created for the purpose by Postmaster-General Burleson.

Mr. Burleson announced that until further notice the companies will continue operation in the ordinary course through the regular channels and that all officers and employees will continue in the performance of their present duties on the same terms of employment. The plan is, however, to co-ordinate the facilities of the various companies to the best interest of the public and the stockholders.

Investigations into wire conditions being conducted by the special committee composed of First Assistant Postmaster General Koons, David J. Lewis, former member of the tariff commission, and William H. Lamar, holder of the postoffice department, will be continued so that all possible information can be secured before any changes are undertaken.

Theodore N. Vail, president of the American Bell Telephone company yesterday issued a statement to all employees of the Bell lines asking them to continue to show their "fine sense of obligation and their loyalty and fidelity to the public service, under government control, that they have displayed in the past." The statement was issued after a meeting held by the company's officers in New York to discuss continuation of their duties under the federal regime. It was indicated that it was expected that the company's affairs would run along virtually as usual. Mr. Vail said that at a conference in Washington the postmaster-general asked co-operation and assistance.

## BIG POWDER WAREHOUSE DESTROYED BY FIRE

WILMINGTON, Del., Aug. 1.—Fire of unknown origin, early today, destroyed a warehouse of the Du Pont Powder Co., at Carney's Point, on the Delaware river, opposite this city. More than 300,000 pounds of smokeless powder was burned, causing a loss of about \$200,000. No one was hurt.

## COL. ROOSEVELT TO ADDRESS PATRIOTIC MEETING AT DARK HARBOR, ME.

DARK HARBOR, Me., Aug. 1.—Colonel Theodore Roosevelt, who is passing a short vacation here at the summer home of his daughter, Mrs. Richard Derby, has agreed to address a patriotic outdoor meeting Sunday afternoon. Upon his arrival at Dark Harbor the colonel announced his intention of receiving no visitors and remaining "absolutely quiet," but he agreed to break for this occasion.

A MOVEMENT OF MERCHANDISE EAGERLY AWAITED BY THE WOMEN OF LOWELL

PLAIN FACTS TRUTHFULLY TOLD: Our establishment is known to every woman in Lowell and vicinity. The highest quality, always, is responsible for our success. Quality in this store is a condition, not a theory—a fact, not merely a claim. It is the foundation stone upon which we have been steadily building this business until now, as you all know, it is one of the largest Specialty Stores in this city. But, it is not on quality alone that we have won success. Good service, coupled with low prices, a close attention to new style creations, and a steadfast regard for integrity in all relations with our customers, have alike contributed to our wonderful success.

## 510 LOCOMOTIVES TO BE SENT TO FRANCE

WASHINGTON, Aug. 1.—The war department has ordered 510 locomotives for military railroads in France from the Baldwin Locomotive works, at a total cost of about \$25,000,000, it was announced yesterday.

About 10,000 freight cars for service in France, costing about \$18,000,000, will be ordered within a few days.

The locomotives will be of the American mogul consolidation type, weighing 270,000 pounds, and will cost about \$50,000 each. Delivery will be started about the first of January.

All except 400 of the freight cars to be ordered will be of the box and gondola type, and will be only about two-thirds as heavy as the average car used on American railways. The others will be tank cars.

The individual cost is about \$1800 each.

## FOURTH LIBERTY LOAN \$6,000,000,000

WASHINGTON, Aug. 1.—The campaign for the fourth Liberty loan will open Saturday, Sept. 28, and continue three weeks, ending October 19. It was announced last night by Secretary McAdoo.

In fixing three weeks as the length of the campaign for the fourth loan, instead of the four weeks as in previous loans, treasury officials plan for a more intensive campaign. A shorter campaign, it was said, will also enable more business men to enlist as workers.

Although official announcement has not been made, the amount of the loan probably will be \$6,000,000,000 and the rate of interest which the bonds will bear 4.4 per cent. Should the treasury decide soon to place on the market certificates of indebtedness redeemable next June when taxes are paid, the amount of the loan may be reduced.

### SPALDING PROMOTED

President of N. E. Telephone Co. Made a Colonel.

BOSTON, Aug. 1.—Notice of the promotion was received yesterday from Washington of Lieutenant-Colonel Philip L. Spalding, U.S.A., and president of the New England Telephone and Telegraph company, to the rank of colonel, assigned to the bureau of aircraft production, under John D. Ryan, chief of that section of the war work.

On Oct. 24, 1917, he received a call for active war service. He was then commissioned a lieutenant-colonel in the signal corps and assigned to the aviation section of France. In less than a month he was on duty at the front, and after several months of active service was called to Washington on June 22 last to report on conditions as he found them.

When he entered the military service the board of directors of the New England Telephone and Telegraph company refused to accept his resignation, and tendered him an indefinite leave of absence for the duration of the war.

### WESTFORD NEWS

A battalion drill participated in by the Westford, Concord and Groton companies of the State Guard will be held at the Forge Village hall grounds on Sunday morning from 9 until 12 o'clock. The members of the various companies will report at 8.45 o'clock.

The Wakefield rifle range received a visit from several members of the Westford company, Saturday. Robert Prescott was the only member of the Westford company to qualify on the range.

A meeting of the board of registrars will be held in the town hall, Friday evening, for the purpose of certifying nomination papers.

### LITTLE GIRL DIES AS RESULT OF BURNS

Estelle Roussel, aged 4 years, daughter of Mr. and Mrs. Zephyr Roussel of 5 West Tenth street, died early this morning at St. John's hospital as a result of burns received yesterday afternoon while playing near her home. Deceased leaves her parents and several brothers and sisters.

The accident occurred shortly after 3 o'clock yesterday afternoon, while the child was playing with companions in her own yard. It is claimed that a boy set the little girl's clothing afire while playing with a match and when he saw the flames he ran away. The mother of the girl and neighbors were attracted to the scene by the screams of the child and they rolled her in a blanket in an attempt to extinguish the flames. Later she was rushed to the hospital in an automobile, but despite medical attendance passed away at 1:30 o'clock this morning. The body was removed to the home of the parents this morning by Undertakers Amodee Archambault & Sons.

Trade in Lowell with Sun advertisers and you will save money on your purchases.

## RHEUMATIC TORTURE

Take "Neutrone Prescription 99" and the Pain and Aching Will Vanish.

Rheumatic misery is now a thing of the past.

It matters not how sore your joints are, or how swollen and painful, one bottle of "Neutrone Prescription 99" will make you feel fine and comfortable.

"Neutrone Prescription 99" is a different remedy. It is a liquid that eliminates uric acid by absorption through the blood and quickly soothes and heals the inflammation.

It quickly takes the agony out of joints and muscles and makes them like new. "Neutrone Prescription 99" is a good thing to have on hand at all times. It is especially efficacious when an attack is coming on as in almost every instance it will, after a few doses, rid the system of rheumatic poisons. See and \$1.00 the bottle.

BUY SHOES

Friday Morning—Shop Early

**Four Thousand Pairs of Shoes For Women and Girls**

In these war-times no shoes are made to sell for a dollar. So you can dismiss from your mind that this is a sale of Dollar Shoes. It is a Dollar Sale but not a Dollar Shoe Sale strictly speaking.

Some of the Shoes are worth double.  
Others are worth three times \$1.00.  
And some are worth four times \$1.00.

The difficulty lies not in selling the shoes for \$1.00 but in getting the shoes to sell for \$1.00. One month ago the prospects of holding this sale were about as bright as the prospect of a German victory. And this is the greatest victory for the one dollar bill in two years.

**WOMEN'S PUMPS, OXFORDS and COLONIALS**, made of patent leather, gun metal, suede and colored kid, plain, straps and lace; Louis Cuban and low heels—  
**\$1.00 the Pair**

**WOMEN'S WHITE SHOES**, made of canvas, lace and buttoned, rubber and leather soles—  
**\$1.00 the Pair**

**GIRLS' SHOES**—Black gun metal and tan, lace and button, English and broad last, sizes up to 2, **\$1.00**

**\$SHOES\$**  
FOR THE ENTIRE FAMILY

**\$1.00 \$SHOE SALE FOR MEN**

**\$1.00 \$SHOE SALE FOR BOYS**

SHOP EARLY

While Selections Are Large

NOW you can buy 2, 3 and 4 pairs of shoes for the value of one pair. Take a bit of advice and do so. The Shoe situation is serious. We know the conditions of the market. The advice is sound.

All who can should come Friday. Sale continues while shoes last. How long we cannot say.

For years it has been the custom for manufacturers to unload their surplus stocks at this time. Only their desire to stand by a big cash customer like our big Basement Shoe Store could induce them to part with these shoes this year at a price enabling us to hold our Dollar Sale.

**WOMEN'S SHOES**, high lace tops, black, mahogany, and colored tops, military heels—  
**\$1.00 the Pair**

**WOMEN'S VACATION SHOES**, made of colored satin, high lace style, pumps and oxfords, rubber soles and covered heels—  
**\$1.00 the Pair**

**ALL THESE DOLLAR SALES FOR WOMEN AND GIRLS IN THE BASEMENT STORE**  
FOR MEN AND BOYS

**Only 1700 Pairs for Men and Boys at \$1.00**

Not a third enough but all we could get. We scoured the markets but the manufacturers only laughed at the idea of a Dollar Shoe Sale in War times. Men and Boys who get these values will be dollars ahead of the game. Good luck to you and come early—Friday if you can. Only 200 pairs of Men's Regular Style Shoes and Oxfords.

200 Pairs of Men's  
Shoes and Oxfords,  
nearly all  
sizes ..... **\$1**

blucher or English  
style ..... **\$1**

### GASTON FOR GOVERNOR

Announces His Candidacy for  
Democratic Nomination in  
Brief Statement

BOSTON, Aug. 1.—Colonel William A. Gaston last night announced his candidacy for the democratic convention for governor.

"I desire to announce my candidacy for the democratic nomination for the office of this commonwealth," declares Colonel Gaston in his statement. "I believe that as governor I can better contribute to the support of President Wilson in his great task of winning the war than I can in any other way."

Colonel William A. Gaston, the son of the illustrious democratic governor of Massachusetts, was born in Roxbury on May 1, 1853. He was educated at Harvard and was graduated with the class of 1880. He was admitted to the Suffolk bar in 1882 and has since been engaged in practice. He was president of the National Shawmut bank for ten years, recently resigning to devote his entire time to the furtherance of war activities.

In politics, he has always been a democrat. He served as colonel on the staff of Governor Russell in 1890-2. He was democratic candidate for governor in 1902 and 1903, delegate-at-large to the democratic national convention in 1904 and was the democratic candidate for the United States senate

against Henry Cabot Lodge in 1905. Colonel Gaston is a "dollar a year" man, working for the government without a salary. He is the New England examiner of the United States Wage Adjustment board and is busy in adjusting industrial disputes at the 25 shipyards in New England. He is the Massachusetts director of the United States Employment Service, and under his auspices some 23,000 workmen have pledged themselves to go wherever the government may send them. He is chairman of the committee on war efficiency and also chairman of the finance committee of the public safety committee.

Besides, Colonel Gaston has been actively engaged in promoting the efforts of the Red Cross, Y.M.C.A., Knights of Columbus and the campaigns for the Liberty bonds and the War Savings stamps.

**TOO WEAK TO FIGHT**

The "Come-back" man was really never down and out. His weakened condition because of overwork, lack of exercise, improper eating and living demands stimulation to satisfy the cry for a health-giving, appetizing and refreshing sleep essential to strength. GOLD MEDAL Hairline Oil Capsules, the National Remedy of Holland, will do the work. They are wonderful. Three of these capsules each day will put a man on his feet before he knows it. Whether his trouble comes from uric acid poisoning, the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befell the overzealous American. Don't wait until you are entirely down and out, but take them today. Your druggist will gladly refund your money if they do not help you. Accept no substitutes. Look for the name GOLD MEDAL on every box, three sizes, the pure, original, imported Haarlem Oil Capsules.

**Long at Worcester**

WORCESTER, Aug. 1.—Richard H. Long of Framingham and Martin Hall of Natick, his campaign manager, held a conference here last night with democratic leaders relative to his candidacy for governor on the party ticket. Mr. Long met some 75 representatives of the democrats, including members of the city committee. Councillor William J. Guilfoyle presided. Both Mr. Long and Mr. Hall spoke in the interests of the party and Mr. Long's candidacy. Several of the local party leaders said they favor this candidacy.

**Walsh Opens Campaign Friday**

BOSTON, Aug. 1.—Former Governor Walsh will open his campaign for the United States senate at the organization meeting of the newly formed Andrew J. Peters club, at 260 Dudley St., Roxbury, Friday evening.

The organization recently endorsed the candidacy of former Mayor John F. Fitzgerald for the United States senate, but since he has withdrawn in favor of the former governor, the club members have volunteered to work like Trojans for the election of Mr. Walsh, and at Friday evening's meeting committees will be appointed to work in his behalf. Charles I. Quirk will preside at the meeting, and it is expected that former Mayor Fitzgerald and Congressman Gallivan will deliver addresses.

**ON ROAD TO RECOVERY**  
According to reports from St. John's hospital, Miss Olive Gove, the young woman who took poison a week ago, is now on the road to recovery, her condition having greatly improved during the past few days.

**COAL RESERVE**

**Immediate Steps to Aid Small Consumer Ordered by Fuel Administrator Storrow**

**Instructs Local Committees to Have Dealers Begin Accumulation of Coal**

BOSTON, Aug. 1.—Immediate steps to accumulate in their yards a sufficient hard coal reserve to take care of all the winter's small orders of tons lots or less, have been ordered by James J. Storrow, New England fuel administrator, in instructions sent to local fuel committees yesterday.

Mr. Storrow points out that a very considerable proportion of the people in the larger cities and towns are accustomed to buy their coal in small quantities. Many thousands rely on the opportunity to purchase their fuel in bags at the yards and grocery stores, and it is to provide for these people that he has instructed local committees to have their dealers begin the accumulation of coal.

According to Mr. Storrow, dealers ought to begin this accumulation in their yards not later than Aug. 1, and in amounts that will insure a supply large enough to fill all these small orders. All local fuel committees have been asked by Mr. Storrow to make a careful study of hard coal distribution in their communities and to report back at once to the Massachusetts fuel administration.

**To Protect Consumers**

"You will then be able to make such adjustment between the applications and the dealers as may be necessary in order to properly protect the consumers of your community," continues Mr. Storrow. "After this it will be possible for you to decide what policy should be followed in allowing the delivery of the balance above two-thirds on applications of consumers."

Mr. Storrow's letter to the chairmen of the local fuel committees, in part, follows:

"The local fuel committees have a very important responsibility in the supervision of distribution of domestic coal in their communities. The task of carrying your community through next winter with a minimum of discomfort and inconvenience will depend on the measures taken by your committee to insure an equitable distribution of the supply of anthracite coal."

"It is perfectly clear that the amount of coal that the dealers must now begin to hold back for this purpose must vary in different localities and local fuel committees will have to determine according to local conditions what proportion of the coal received the dealers should now and later be required to set aside for this reserve."

**May Reduce Percentages**

"It may be necessary, in order that a safe reserve may be built up for next winter, to reduce applications. In case it is necessary to follow this policy, the best plan will probably be to make a reduction of such percentage as may seem necessary on all orders of more than a specified number of tons; for it is clear that householders with large houses can economize in their consumption of coal with less hardship than the small consumer."

"No delivery of coal in excess of two-thirds of any order, except for six tons or less, should be permitted until two-thirds delivery has been made on all applications on file with all the dealers in your community and substantial progress has also been made in starting your reserve for the small user."

"Careful scrutiny of the applications of consumers filed with your committee will show in many cases where if the necessity for conservation is made plain, consumers will be willing to voluntarily reduce their requirements in order to provide an adequate supply

next winter for the small consumers who are obliged to buy their coal from week to week or month to month during the cold weather.

"The recent regulations put into effect to reduce the consumption of domestic coal of anthracite by office buildings, business blocks and manufacturers, if carefully and reasonably enforced by you, should materially help to safeguard the householders in your community."

**Uncle Sam Busy***Continued*

pany here, E. H. Davis, Western Union manager and William Morris, Postal Telegraph manager, reveal that their offices are being conducted with "business as usual."

Manager Leathers believes it will be hard for the government to improve the efficiency of the telephone service as it is now furnished people in all parts of New England. Today he called attention to the fact that practical acknowledgment of this was made in the letter sent to President Vail of the American Bell Telephone company by Postmaster General Burleson. The postmaster general said he doubted if the present service could be improved, the only betterment coming to the telephone companies as the result of government control of them being possibly in the power and prestige conveyed to them as government administrated service corporations.

Manager Leathers also holds good in the case of Manager E. H. Davis of the Western Union. The Western Union has a city office in Central street and an office at Middlesex street station. Davis has not yet received orders from Boston, his headquarters, altering the routine of his office here. He does not know when such orders may come.

Davis was asked what he thought of the suggested plan to have customers of the telegraph companies print telegrams with telegraph stamps printed by the government and he said he did not see why such a plan could not be worked out.

William Morris, Postal Telegraph manager of the company's office, Sun building, agrees with his brother manager, Davis, that the stamp payment system could be used probably successfully. Both managers are inclined to think that one of the early decisions of the postmaster general will be the abolishment or material revision of the telegrams sent collect privilege. Both managers declare their offices and the telegraph companies are greatly improved upon by the public in this regard. Many persons have offered a telegram for whose transmission they must pay, will refuse payment, even when they suspect it may be a message telling of a death, an accident or a disaster. If the person who sent such a message is a stranger in the city and cannot be traced by the receiving office, the cost of the message is deducted from the employee's wages who took it and forwarded it on the expressed good faith of the sender.

Mr. Morris has received no instructions from his headquarters in Boston respecting the conduct of his office. He does not believe there will be any changes announced before the last of this month. None of these three men interviewed, although now indirectly on the status of indirectly being government employees showed any signs of being "up stage" in their feelings, and customers of all three offices today and they are receiving the usual consideration and courtesy Lowell patrons of these three important Lowell offices have been in the habit of receiving for some time.

**BOOKS FOR SOLDIERS**

Librarian Frederick A. Chase of the local city library has received a message from Dr. C. O. S. Mawson of the Widener library in Cambridge in which the necessity of furnishing suitable reading matter to our soldiers in France is made clear.

Dr. Mawson who is in charge of the overseas despatch office, is collecting books at the Widener library to be sent to men in the Expeditionary Force. During the past week Dr. Mawson has sent more than 30,000 books overseas and he urges the local library officials to collect as many as possible. Any persons wishing to provide reading matter for our soldiers should leave any surplus books which they have in their possession at the library or notify the librarian and the books will be sent for.

**DISCHARGE GERMANS****Report U. S. Bars Trade With Firms Employing Huns**

AMSTERDAM, Aug. 1.—The Telegraf says that as the American government has prohibited trade with Dutch East Indian firms employing Germans, plantation enterprises there are gradually discharging the Germans in their service.

**WORD FROM LOWELL MEN OF THE FOURTH PIONEER REGIMENT**

News has been received from Lowell men of the Fourth Pioneer regiment, stationed at Spartansburg, S. C., that the regiment is being rapidly brought up to war strength by the addition of about 3000 farmer boys from northern Michigan and Wisconsin.

The Fourth Pioneers, of which the nucleus was the old Sixty regiment, has been located for some months at Spartansburg, prior to which it was at Charlotte, N. C. There were only about 500 men in the regiment during that period, including quite a number from this city. The regimental band is the Sixth regiment, under the direction of Z. I. Blaisdell.

The coming of the young men from the before mentioned states is taken to indicate that the regiment is being prepared for immediate war service. The newcomers, who are mostly of Swedish and Norwegian ancestry, are said to be some of the finest physical specimens seen in many a month.

**THIS STORY IS A LITTLE BIT ON THE HOG BUT IT'S ALL RIGHT**

Among those who are doing their patriotic bit for Uncle Sam in these days, mention should be made of William Hayes, foreman of the Bay State Railway Co. When William's day's work is done, he takes himself up to his little farm on Webster street, where he gives himself over to the wants of his 40 mulefoot pigs, which he is raising. William says the pig business was never bettered and he advises all his friends to try it this summer.

**MASONS TO ASSIST SOLDIERS AND SAILORS DISABLED IN THE WAR**

CLEVELAND, O., Aug. 1.—Masonic bodies throughout the world will assist soldiers and sailors disabled in the war, under a movement launched here last night at a meeting of representatives of every branch of Masonry. The war service of Masonic service was tentatively formed.

Each of the three million Masons in the country will be asked to devote time to the work.

A chain of leagues is planned to which any enlisted man with honorable discharge can apply for employment commensurate with his qualifications.

**BIRTHDAY PARTY**

A most enjoyable birthday party was held at the home of Miss Agnes Sherman, 1488 Middlesex street, in honor of her 19th birthday anniversary. Many friends of this popular young lady were present, among them being many guests from outside the state. Miss Sherman was the recipient of many handsome tokens, and received the congratulations and best wishes of all present. An enjoyable program was run off during the evening, and refreshments were served by Mrs. Arthur Austin, Miss Irene Cluff, and Mrs. Horace Allen.

**HUNS USED 45 DIVISIONS IN FIGHTING ON SOISSONS-RHEIMS FRONT IN 16 DAYS**

PARIS, Aug. 1.—(Havas Agency)—In the fighting on the Soissons-Rheims front July 15 to July 31, the Germans used 45 divisions, according to the Echo de Paris. Many of these divisions were used several times, being brought back into the fighting after a rest of only one or two days.

**ANOTHER LOWELL GIRL SOON TO SAIL FOR "OVER THERE" FROM LONG ISLAND**

Another local girl is leaving for service "over there" in the person of Miss Lillian May Cole of 495 Pawtucket st., who left Tuesday for Camp Upton, Long Island, where she will receive sailing orders for France.

Miss Cole has proved herself a very successful and efficient nurse, and will be greatly missed by her many friends and patients. She is a graduate of the Lowell public schools, Convent of the Holy Ghost, and also St. Joseph's hospital of Nashua, from which she received her diploma in 1915 with very high honors.

Trade in Lowell with Sun advertisers and you will save money on your purchases.

## SIX MEN KILLED

Fire Destroyed Warehouse of Fleischmann Yeast Co. at Peekskill, N. Y.

Second Fire in Week—Men Caught Under Falling Wall—Incendiaries Suspected

PEEKSKILL, N. Y., Aug. 1.—Six men were killed in a fire which destroyed a warehouse of the Fleischmann Yeast Co., here today. Five firemen and a workman were caught under a falling wall.

The blaze started at midnight and was not under control until after 8 o'clock this morning.

This is the second fire within a week at the plant. Officials express a suspicion that incendiaries had been at work.

The wall which fell was of brick.

## HAIR TROUBLES AND HOW TO TREAT THEM

When you see a statement that tells you some nostrum will make your hair grow after the roots are dead, don't believe it, because it's not so. When hair roots are dead, hair will not grow again. You can, however, put your scalp in such a healthy condition that the dying of hair roots can be stopped and growth be encouraged. There are two ways to do this, and both of them should be resorted to. One way is to follow the simple life, and eat plain foods, this will build up your constitution and improve your blood. The other thing is to keep your hair and scalp clean, because cleanliness is one of the essential requisites of health. Keep your hair and scalp clean with Birt's Head Wash, and your hair troubles will largely be a thing of the past. You might as well give up putting secret nostrums on your hair and head under the impression that they possess some mysterious power to promote the growth of hair, because they don't do anything of the kind. Birt's Head Wash removes the dirt, disease germs, dandruff and microbes that gather on everybody's head. Nobody is immune from these things, and the sooner people wake up to these facts, the sooner the spread of contagious diseases will be stopped. Birt's Head Wash not only cleans the hair and scalp thoroughly, but leaves the hair glossy and soft, and the scalp in a pink, healthy condition. People have been humbugged long enough with worthless preparations for the hair that hide behind a mask of mystery. No preparation for the hair ought to be good enough for you unless it is good enough to carry the formula on the package. The formula is on every package of Birt's Head Wash, and when you buy it you know exactly what you are getting. Here it is: Refined Soap, Cocaine Coconut Oil, White of Eggs, Glycerin and Salicylic Acid.—Adv.

and 75 feet high. Its collapse was so sudden that the firemen, manning a hose a few feet away, had no time to reach a place of safety.

The warehouse and 100 carloads of cattle feed were destroyed.

REV. J. H. ROCKWELL, S.J., APPOINTED PROVINCIAL OF EASTERN PROVINCE

BOSTON, Aug. 1.—Rev. Joseph H. Rockwell, S.J., born in Boston Nov. 19, 1862, appointed provincial of the eastern province of the Society of Jesus yesterday, succeeded Rev. Anthony Maas, and will make his headquarters at New York city. Fr. Rockwell was the son of the late Col. and Mrs. Horace T. Rockwell, the colonel being prominent in city affairs and senior member of the printing firm of Rockwell & Churchill; he was a reporter at the time of Lincoln's Gettysburg address and reported the speech for his paper.

At Woodstock, Md., Fr. Rockwell was ordained by Cardinal Satoli. He spent eight years at Boston college, going there in 1889, where he was vice president from 1901 to 1907. He was sent to the provincial from 1907 to 1911. He went to St. Francis Xavier college as president in 1911 to 1913, and then to Brooklyn college, where he was president till this new appointment. He was elected president of the Association of College Presidents of New York State, an association composed of 42 colleges, including Columbia, Cornell and Vassar. Fr. Rockwell has two sisters, Miss Maud M. Rockwell and Miss Alice E. Rockwell, and a brother, George A. Rockwell, of 155 Ruthven street, Roxbury.

GERMAN "MAGNET" PROVED TO BE PACKAGE OF THURINGIAN BACON

STOCKHOLM, July 21.—(Correspondence of the Associated Press).—"Carry on magnet, efficacy guaranteed," was advertised recently in German newspapers by its "inventor." The magnet was declared to have mystic powers enabling its possessor more easily to endure the food privations of the country.

The price was 300 marks and the buyer was privileged to inspect the magnet before paying. Those who refused to pay for it, for the "magnet" proved to be 10 pounds of Thuringian bacon. The ingenious "inventor" now is being sought by the police.

## NO MINIMUM WAGE FOR INDUSTRY NOW

WASHINGTON, Aug. 1.—A minimum wage to be applied throughout industry will not be established at this time by the war labor board. In making this announcement yesterday the board said wage controversies would be considered individually as heretofore. Hearings were held and the board was expected to establish a minimum in the near future.

The board's decision was set forth in a unanimous resolution declaring it would be unwise to "Make orders in this interregnum based on approved views of progress in normal times, which, under war conditions, might

## SUPERFLUOUS HAIR WHY IT INCREASES

Hair growth is stimulated and its frequent removal is necessary when merely removed from the surface of the skin. The only logical and practical way to remove hair is to attack it under the skin. DeMitrace, the original sanitary liquid, does this by absorption. Only genuine DeMitrace has a money-back guarantee in package. At toilet counters in 60c, 81 and 85 sizes, or by mail from us in plain wrapper on receipt of price. FLEMING book mailed in plain sealed envelope on request. DeMitrace, 120th St. and Park Ave., New York

## COAL

NOTICE TO MY CUSTOMERS All coal orders on my books will be filled subject to the rules and regulations of the Lowell Fuel Committee and delivered in bins long before needed.

Office and Yards, Gorham and Dix Streets.  
Branch Office, Sun Bldg.  
Telephones 1180 and 2480. When one is busy call the other.

Seriously impair the present economic structure of our country.

Declaring the period of the war not to be a natural period of industrial expansion, the resolution says the "employer does not expect unusual profits or the employee abnormal wages. Capital should only have such reasonable return as will assure its use for the world's and nation's cause, while the physical and mental effectiveness in a comfort reasonable in view of the exigencies of the war should likewise be assured."

Employers and workers were called upon to compose their differences in accord with the principles laid down in President Wilson's labor proclamation last April 8.

## ALLIED FOOD BOARD

Food Controllers of Entente in Session

LONDON, Aug. 1.—Sir John Beale, vice chairman of the wheat commission, will preside over the allied food board, consisting of the food controllers of Great Britain, France, Italy and the United States, according to the Times. This board has been holding conferences here and has formed a permanent organization.

The last Worcester draft contingent included Edward T. Scanlon, the largest rookie sent by Massachusetts so far. He is 6 feet, 2 inches tall, and weighs 287 pounds. He has a brother, James W. Scanlon, aged 26, at Camp Devens, who also stands 6 ft. 2 in. and weighs about 190 pounds; and a cousin, Tom Hennessey, also at Camp Devens, who is the same height and weighs about 200 pounds.

## WON'T HELP SHIP MEN DODGE DRAFT

WASHINGTON, Aug. 1.—Only employees whose loss would retard ship production will retain "emergency fleet" deferred classification in the draft. It was announced last night by the emergency fleet corporation. All applications of employees for such deferred classification must be approved by division heads and finally passed on by Howard Connelley, vice-president.

A general order issued last night calling on employees to report their status says:

"The United States shipping board emergency fleet corporation will not aid any drafted man to secure at his own instance 'emergency fleet listing' deferred classification in the draft or any delay of induction into military service."

## WAGE AGREEMENT NOT LIVED UP TO

Local 14, Stationary Firemen, met last evening at 32 Middle street with President Thomas F. Quinn in the chair. In the course of the meeting it was brought to the attention of the union that a wage agreement existing between certain local mills and the organization, which was made last February by Mr. Benjamin, the official U. S. conciliator, had been violated, and the matter was left to the executive board, who will refer it to the mill officials for settlement. If the matter is not settled it will be referred to Mr. Benjamin.

## COAST GUARD SAVES CREW OF SCHOONER

NANTUCKET, Aug. 1.—The two-masted fishing schooner Constellation of Gloucester in attempting to make port during rough weather yesterday struck heavily on Nantucket bar, within 200 feet of the breakwater.

Her crew of 25 men were taken off by a coast guard boat, as the schooner was pounding badly.

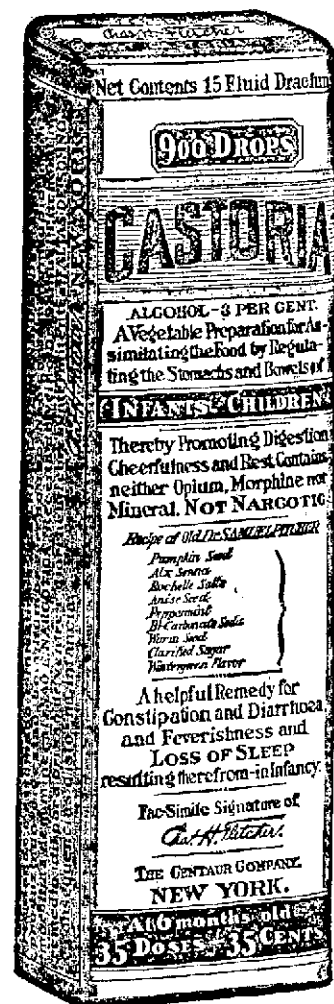

Last night, however, the weather moderated and the steamers Nauticus and Chion floated her. She was brought into port, apparently little damaged, by the coast guard crew.

## Physicians Recommend Castoria

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice, and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. J. H. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively, as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Wm. J. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have in my years of practice found Castoria a popular and efficient remedy in almost every home."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

## GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher.

## Mold Offers For One Week Only—Lifetime Gifts See Offer Below—Also Coupon

## Save Sugar—Save Flour

Yet Serve Luscious Fruit Desserts

## Facts to Know

In these times every housewife should know Jiffy-Jell. It means rich, fruity desserts, instantly made, without the addition of sugar.

It means supreme desserts, without the use of flour or sugar, at half the cost of pastry.

It means a way to serve fresh fruit, mixed in jelly, to save many ounces of sugar.

It means zesty salads made with vegetable left-overs, and jellied meat loaves made with scraps. All delightful products.

Sugar is needed now for canning. Your supply is restricted. Wastes must be utilized, flour must be conserved. So we make these offers to let every woman see how Jiffy-Jell can serve her.

We urge you, for your own sake, to learn how folks enjoy it.

Jiffy-Jell

For Quick, Fruity Desserts and Salads

Fruit-Juice Flavors Sealed in Glass

No Sugar Need Be Added

## Economical Desserts

Salads From Left-Overs Meat or Chicken Scraps in Aspic Jelly

Jiffy-Jell is the only product which serves these uses well. It is the only gelatine dainty with true-fruit flavors, highly concentrated, sealed in glass vials.

These bottled flavors do not lose their freshness. They give to Jiffy-Jell a wealth of fresh-fruit taste. Thus Jiffy-Jell desserts and salads taste like fruit-made dainties.

You make Jiffy-Jell by simply adding boiling water, then the flavor from the vial. One package makes dessert for six. If you whip the jelly it serves twelve.

To serve fresh fruit, preserved fruit or pastry for six requires 8 to 12 ounces of sugar. Pastry requires flour in addition. The average cost is at least twice the cost of Jiffy-Jell.

Or you can mix fresh fruit in Jiffy-Jell, without adding sugar, and have a double-fruit dessert.

With Lime or Mint Jiffy-Jell you can make delicious salads, zesty and green. Use left-overs in cooked vegetables. Or use fresh vegetables.

Mix in meat scraps with these flavors and you have a jellied meat loaf. This is a delightful way to save waste.

Millions now use Jiffy-Jell as a conservation dainty. They get fruity desserts and salads of the finest sort, at trifling cost, without using sugar or flour.

We want you to know what it means to you. See how it differs from old-style gelatine products. Buy two packages to try, then send us the coupon, and we will send you molds worth more than you pay for Jiffy-Jell.

Accept this offer, for it means a test at really no cost at all.

## Pure Aluminum Molds

Vegetable Salad Mold—Style D

Molds a salad for six, made with one package of Lime Jiffy-Jell with vegetables mixed in. Indented in six divisions. Value 50c.

Individual Dessert Molds

Assorted styles. Six of them serve a full package of Jiffy-Jell. Value 60c for six.

## Mold Offers

Buy from your grocer two packages of Jiffy-Jell, then send this coupon to us.

Enclose 10c—cost of mailing only—and we will send you the Vegetable Salad Mold as pictured above, in size to serve six people. The value is 50c.

Or enclose 10c—cost of mailing only—and we will mail you three Individual Dessert Molds in assorted styles as pictured.

Or enclose 20c and we will mail you six Individual Dessert Molds assorted—enough to serve a full package of Jiffy-Jell. The value is 60c per set.

## SOCIETY GIRLS FOOLED BY "WAR CHARITY"

NEW YORK, Aug. 1.—Another "war charity" went into the discard here yesterday when District Attorney Swann ordered Miss Ethel Langdon Drake to turn over to French Ambassador Jusserand \$14,000 which had been collected for the ostensible purpose of equipping 25 ambulance units for the sixth army of France, and to discontinue her war charity activities in America.

Miss Drake had within a few days been in Boston, and had left the Copple-Plaza there just in time to avoid a visit from United States deputies.

Miss Virginia K. Chandler, captain in the "Drake Section Sanitaire," which was to operate the 25 ambulance units, announced that a training camp of 13 young women at Camp Devens, under her command, had been disbanded and she had resigned her commission. All of the young women are said to be from families of wealth and social prominence.

District Attorney Swann said his interest in the "section sanitaire" grew out of the fact that Miss Drake had ordered no ambulances, though she had advertised that she had given 25 to France and wanted to send 1000 drivers.

Miss Drake admitted, Mr. Swann said, that she had received from \$75 to \$175 each from the young women "rookies" in the training camp to defray expenses. She turned over to the district attorney's office \$900 worth of diamonds which had been given her by Miss Gladys Rhoades of Omaha as a guarantee that her camp fees would be paid.

Miss Drake said that she had recently succeeded in getting Mrs. William A. Gavin, the golf champion, to arrange a tour for the benefit of the "section sanitaire," and that \$900 raised thus in San Francisco is on its way to New York. Most of the information about Miss Drake was given the district attorney by Mrs. S. J. Simonds, wife of a British army major, who said she had come to America with Miss Drake and had turned over to her a \$100 monthly allowance and a quantity of jewelry, as well as the French war cross given her for her relief work.

Miss Drake and Mrs. Simonds were living together at the Ritz-Carlton, which also was headquarters of the "section sanitaire."

## SEVEN-CENT FARES IN EFFECT IN BOSTON

BOSTON, Aug. 1.—Seven-cent fares became effective today on surface, subway and elevated lines of the Boston Elevated Railway Co. as a result of the decision of the state to rehabilitate the railway system. Five trustees in charge of the railway, authorized by the legislature and appointed by the governor, estimate that the increased rate will mean an additional revenue of millions of dollars annually. Under the statute most of this increased revenue must be expended for needed improvements.

## CONDEMN LANSLOWNE'S PEACE SUGGESTIONS

LONDON, Aug. 1.—Lord Lansdowne receives little encouragement from the morning newspapers for his latest peace suggestions. Some of the important papers, including the Daily Telegraph, which launched his first letter and gave it warm support, do not comment, while a majority of the others condemn his latest letter.

The Times calls the letter weak and mischievous and says Lord Lansdowne represents nobody but himself. The Daily Express says no time is opportune for negotiations with an enemy who remains unshamed and unrepentant for his manifold crimes. The Daily Chronicle thinks the letter was issued at an inopportune time and declares the allies should stand by the offer of Jan. 7.

The Daily Mail says the letter can only do mischief, adding that the allies are not going to leave their work half done to please a few rich and tired old gentlemen. The Daily News also gives Lansdowne's suggestion. It describes the letter as admirable.

## Lord Lansdowne's Letter

LONDON, Aug. 1.—In a letter written by the Marquis of Lansdowne to the former minister without portfolio in the British cabinet, he says he is convinced that there is "a deep-seated desire for a further explanation as to the conditions upon which we are prepared, not to make peace, but to open a discussion which might lead to peace."

The writer assumes that secret treaties are liable to revision. Referring to President Wilson's latest speech he says:

"It is a picture, drawn by a great master, of the golden age to which we are bidden to look forward. It does not seem, however, to provide those who are in search of a basis for preliminary negotiations with the kind of ground work after which they are striving."

The letter concludes: "If one moment is more opportune than another it is the moment when events have shown that, whatever be the feeling which inspires us, it is not one of doubt, as to our ability to hold our own in this deadly struggle, if we are forced to continue it."

In beginning his letter, Lord Lansdowne said: "We are about to commence the fifth year of the great struggle for liberty, and next week we shall reaffirm a solemn resolve not to desist from the effort until peace with honor is in sight."

"Meanwhile, with every month that passes the toll which the war is claiming becomes heavier and heavier. The civilized world is being drained out of its resources. It is spending its energies in purely destructive efforts, each of which involves the further diminution of its reserves of power and the further mutilation of the machinery of production."

Lord Lansdowne refers to the estimates placing the casualties of the belligerents at 30,000,000, of which 15,000,000 have been killed and 8,000,000 made prisoners or numbered among the missing; and to the decline in the birthrate, which, according to the registrar-general in a recent paper, is costing the belligerents 12,500,000 potential lives, of which 650,000 have been lost to England and Wales.

"Sooner than accept a dishonorable peace," he said, "we are all ready to fight on to the bitter end."

He dwells on the tragic loss of life and declares that the desire for peace is widespread among the enemy nations, adding:

"Upon no other assumption is it possible to explain the language of those Austrians and Germans who are in a position to speak their minds freely, or the constant feints launched by the governments of the central powers."

## Must Vacate STOCK AND FIXTURES FOR SALE

The Old Lowell National Bank has purchased the building. We must give up our home after 18 years of hard work. Everything must be sold at selling out prices. Now is a saving money proposition. If you do not get yours it will be your own fault, not ours.

88 PRESCOTT STREET FACING MARKET Union Label Goods in All Departments

## INTERESTING LETTERS FROM LOWELL SOLDIERS IN THE WAR ZONE

Corp. Jack Donovan of the railway engineers in France is at the letter-writing stunt again, and to a member of the Sun staff he unfolds the following recital of adventures in a letter dated France, July 3:

Friend—We played our sixth game last night. It was against the quartermaster department. It was our first game against them, and we lost, 6 to 1, in a seven-inning contest. The game started at 8 o'clock and was over at 9:30. If it had been in a tie we might have gone another inning, as it was bright enough to do so.

Every one of the winners was a good ball player. Their shortstop was a wonder and acted like Maraville, the Boston shortstop. Their pitcher had everything that a good pitcher should have. However, I think we would have won the game if we had our regular team. Ernest Downing, our pitcher; Lynch, our shortstop, and Capt. Lacey, the second baseman, were not in the lineup. All of them had some important detail that kept them from the game. Young Hackett, our catcher, was also on a detail.

We are building a broad gauge railroad here in our present sector. Broad gauge here is one-half an inch wider than you have over in the States. We have already put down some six miles of iron. Of course we had to do some heavy shoveling before we laid the iron. It wasn't with steam shovels, either, just pure muscle and brawn, six days a week and a while on Sunday for good measure.

We do seven hours of this kind of exercise every day and we are getting great praise for our skill. We built a railroad yard right near our camp and it begins to look like a little village here, with the exception that our homes are in tents. Capt. Pelletier and his crew of husky railroad men are impatient to get on their line of work once more.

When our day's work is over and after we have had supper we have boxing bouts and baseball practice. We usually end up with football. You ought to see those husky soldiers get at that game. You surely would think some of them would get maimed for life.

Fire-shoer Jack Kennedy has returned to the company after being away with a machine gun unit. When

our machine gun came, Jack will most likely have charge of them. He is a great football player. In his first game here he had three touchdowns to his credit.

On the Fourth of July the writing bug again struck the corporal, and he unfolds as follows:

Today has been a great day and our regiment enjoyed the sports that were pulled off over here. The first was a ball game between the Americans and Canadians. It started promptly at 2 p. m. and the U. S. boys put the white-wash on their opponents, 11 to 0.

The chief rooters were three Lowell boys, Master Engineer Holmes, Jack Kennedy and Joe Louizer. They surely made things lively for eight innings. While the sports were going on a Scotch pipe band was playing, and the squads were marching around in the circle. It was great. The sports took place in one of the largest aviation fields in Europe. We saw some great feats by the aviators and it was the finest exhibition of skill and daring that we have seen since coming here. We are all well here at the present writing.

The following appeal for tobacco from the trenches was received by mail at The Sun office this morning:

Here I am in the trenches. Somewhere in blooming France. Sometimes finding the blasted Hunns. Lead me a merry dance. But I tell you, boys it's awful. And taint being the blindest. Takes the heart out of any bloke. Is when he hasn't any tobacco. And he is longing for a smoke.

I don't mind doing my duty. I'll do it as long as I can. To show all the other fellows that I'm a fighting man. But what gets me the hardest. Takes the heart out of any bloke. Is when he hasn't any tobacco. And he is longing for a smoke.

So all you folks that's staying home. And can't go to the front. Just think of us boys over here. And taint being the blindest. Takes the heart out of any bloke. Is when he hasn't any tobacco. And he is longing for a smoke.

To send us lots of tobacco. So we won't want for a smoke.

loughs. Four farmers have already applied for services of such men.

Farmers must agree to provide reasonable subsistence, clothing and proper medical attention when necessary, and to pay the prevailing rate of wages. The objectors who go into farm service will receive only \$1 a day, army pay. The balance of their wages will go to the Red Cross. They will not be required to wear uniforms.

Farmers who desire objectors for the duration of the war will be given preference in the assignment. If either side fails in his obligations, the objectors will come back into the army.

### Objecting at Leavenworth

Four objectors, whom the war department decided should not be given farm furloughs, were recently sent to Fort Leavenworth, Kan.; three others were last week transferred into the medical department. Disposition will soon be made of a few others.

But the biggest conscientious objector story that has yet broken flamed yesterday. Officers at headquarters had been talking of the official report that 45 out of 60 draftees sent from Cambridge were conscientious objectors. The division intelligence officer set aside an afternoon to investigate.

The 45 men were called and the captain addressed them, saying that he understood they wished to be regarded as conscientious objectors.

"Where do you get that stuff?" they demanded, although not in exactly those words. "Who said we was objectors?" "What is a conscientious objector?" "Where's the guy that started that story?" "I never missed a fight in my life," or words to that effect, was the chorus that greeted the captain.

He quieted them. Some mistake had been made. All had applied for overseas service and were incensed indeed at the charge.

### Two Officers Promoted

First Lieut. Charles F. Reid of Pittsfield, adjutant of the 5th Battalion, Depot Brigade, was yesterday promoted to a captaincy. The same promotion came to 1st Lieut. Robert R. West, son of Mrs. M. R. West of Newton Centre. Capt. West caught on the Harvard second baseball team in 1913-14.

Today approximately 2000 negroes from New England states are expected in camp, 580 from Massachusetts and 600 from other New England states.

To receive them a new battalion is being organized by Maj. A. G. Thurman. Officers assigned are 1st Lieuts. W. J. Atwood, H. S. Hall and J. C. Lynch, and 2nd Lieuts. B. F. Brandt, A. C. Boyd, P. J. Blankenslee and D. P. Campbell. Second Lieuts. A. L. McCarthy and M. W. Pierce are attached.

### Another Strictly N. E. Unit

Reveille this morning started the 73d Infantry going full blast as a regiment, with 200 men to a company. This regiment will draw 40 men per company from the 36th Regulars.

Both the 73d and 74th regiments are without national or regimental colors, and being distinctly New England regiments the home folks would be regarded as fine Santa Clauses if they made presents of colors.

Swimming days, called off when a soldier was drowned, were resumed yesterday after Capt. Richard F. Neilligan made arrangements to prevent accidents at Hull Pond. Lifeboats and life-lines have been placed in a corner of the pond.

Corp. William Lowe of Ludlow has charge of a life and police guard of 17 men detailed for duty there, including Carl Untersee of the Brookline Swimming club who is open to puns on his name and assignment. William D. McCarthy, New England three-mile champion; A. M. Moody of Kennebunk, Joseph W. Prout of Farmingdale, Me.; I. E. Brown of Salem, Edward H. McCarthy of Auburn, Me.; E. F. Arthur, F. W. and T. A. Meahan of Brookline, A. E. Wink of Winthrop, Me.; G. Johnston of Newbury, N. H.; William H. Burns of Roxbury, Joseph Gleason of the South End, George Joslin and Walter Johnson of Brookline.

### Government Wants Clothing

The reclamation and conservation department of the camp has called for old clothes, rockies are not planning to send home. The government wants to reclaim the wool.

Eldin D. Lougee of Council Bluffs, Ia., who drove an ambulance for eight months on the Aisne with the Dartmouth unit and came back to get into the Marine Flying Corps, is up here now. He was nipped by the draft before he reported for the Flying Corps. Doctors at the Base hospital today handed recruit Erwin E. McIntire of Rumney, N. H., his discharge. He trod back to barracks to see if 1st Lieut. Tryon could do something about it. Lieut. Tryon sent him back to the surgeons with a special request for his acceptance, saying, "This is the kind of men we want."

### ANOTHER K. OF C. HUT AT NEWPORT, R. I.

NEWPORT, R. I., Aug. 1.—Captain Edward H. Campbell, commanding officer of the naval training station, has given permission to the Knights of Columbus to erect a hut at Coddington Point, which will soon become a part of the station. The hut will be considerably larger than the one now in use at the station.

### OFFICERS SEIZE PACIFIST BANNERS

FITCHBURG, Aug. 1.—The special agent from the army intelligence department, with Deputy United States Marshal Jas. H. Guilfoyle and Inspectors Godley and Flaherty, yesterday afternoon seized 500 books, known as the A. B. C. Socialist Primers, said to be edited by A. B. Makiela of this city, at the office of the Finnish Socialist Publishing company.

The officers took the primers and after a further investigation they will be turned over to the federal authorities. They also seized two red banners with

# Cooking is easier with MAZOLA and delicious

**MAZOLA**, the pure rich oil from corn, makes the lightest, dainties cake and pastry, the best bread—never heavy, soggy or indigestible.

Being an oil, Mazola needs no melting. Quantities are measured exactly. No waste—no loss of time.

And in frying and sautéing foods are crisp and perfectly delicious when cooked in Mazola.

Not like heavy animal fats, but *delicate*—can be eaten and enjoyed by anybody. Mazola carries no odors nor flavors from one food to another. Use it over and over to the last drop.

As a salad oil, Mazola is considered equal to the highest grades of olive oil and much better than most oils you get today. It costs less than half as much as good olive oil.

A Vinaigrette is always welcome these Summer days—a delicate and economical way to serve cold vegetables. Here is an unusually good recipe.

### Vinaigrette Sauce.

1 teaspoon of salt	1 tablespoon each of chopped green peppers, gherkins or capers
1/2 teaspoon of paprika	1 teaspoon of chopped parsley
A dash of white pepper	1 teaspoon of chopped chives or white onions
1 tablespoon of vinegar	
6 tablespoons of oil	

Mix thoroughly and serve.

If you want to be sure of a pure, golden oil—always the same, delicate and delicious for all cooking and salad uses—see that you get Mazola. Mazola is always uniform. Its preparation is scientific and exact.

For sale in pints, quarts and gallons. (The large sizes are especially economical.) Get a can from your grocer today.

Ask your grocer for the valuable Cook Book especially prepared for Mazola users—or write us direct. FREE.

the inscription, "Preparedness Leads to War" and "We Want Peace, Not War."

The officers searched the entire building yesterday, going over a great quantity of correspondence which government officials will examine later.

John C. Strommen, manager of the plant, is away on his vacation, and the business was in charge of Charles A. Bouvellan. Officials of the Socialistic Publishing company stated yesterday they were not opposed to the search being made, as they did not believe that any literature would be found that would show the paper was pro-German. They said the paper has been pro-ally for several months, despite objections of stockholders.

**FIVE LOWELL PRIESTS MADE CHAPLAINS**  
Five Lowell priests, members of the Oblate order, are among the chaplains appointed by the war department.

Rev. Patrick Hammersley, O.M.I., is a Lowell boy son of Patrick Hammersley, the oldest local employe in point of service of the Bay State Street Railway Co. Rev. Fr. Hammersley is well known as a missionary.

Rev. John M. McLery, O.M.I., has been pastor of the Immaculate Conception church and the Sacred Heart church. He, too, has earned a wide reputation in the mission field.

Rev. Francis X. McGann, O.M.I., is another Lowell boy and has been stationed at the Immaculate Conception church.

Rev. Clement J. Flynn, O.M.I., is an Everett boy and was recently stationed at the Immaculate Conception church.

Rev. Henry R. Burns, O.M.I., had been stationed at the Sacred Heart church for a number of years and was later assigned to the naval training station at Norfolk, Va., in health compelled him to give up the work temporarily but he expects to return to his duties soon. He has been one of the most popular priests ever stationed at the Sacred Heart church and his efforts in connection with the boys' work have endeared him to the young men of the church.

**LOWELL BOY NOW AT CAMP DEVENS ADMITTED TO THE BAR**

Announcement was made today that James E. Markham, son of Mr. and Mrs. James Markham of 12 Burns street, had successfully passed his ex-

aminations and had been admitted as a member of the Massachusetts bar.

Mr. Markham—or rather Private Markham as he is now stationed at Camp Devens—recently graduated from Boston university and had received his preliminary education in Lowell schools. He is well known in Lowell and his friends will be gratified to learn of his success. He is the only Lowell man in the list of 117 successful candidates announced.

A brother, Rev. Thomas F. Mark-

ham, was ordained to the priesthood a year ago at the American college, Rome, and is now in Rome.

Private Markham left for Camp Devens just a week ago yesterday. His father is the well known officer of the local police department.

**PROF. HASKINS APPOINTED DIRECTOR OF N. E. DIV. OF STUDENTS' ARMY TRAINING CORPS**

WASHINGTON, Aug. 1.—Prof. Chas.

H. Haskins of Harvard yesterday was appointed a director of the New England division of the students' army training corps.

Units of the corps will be established at virtually all colleges having a minimum enrollment of 100 able bodied men students. The entire work will be under the direction of President MacLaurin of the Massachusetts Institute of Technology, who has been appointed educational director.

113 GORHAM STREET

ANOTHER NEW ENGLAND UNIT WAS LAUNCHED AT CAMP DEVENS YESTERDAY

CAMP DEVENS, Aug. 1.—New England farmers may have the services of

conscientious objectors as farm laborers for the duration of the war, according to word received here from the war department.

There are now 30 objectors at camp who have been classified by the war department as entitled to farm fur-

## Jersey Ice Cream

"New England's Favorite Cream", are but two of many reasons why JERSEY ought to be your favorite too.

As a refreshing dessert—it's delicious! Leading physicians endorse it as a healthful food. And in point of purity—it has no peer!

The JERSEY DEALER could make more profit—by selling you cheaper cream. But he prefers to hold your trade—by giving you the BEST cream at the LOWEST possible price.

## SCHEDULE OF NEW MOTOR MAIL SERVICE

The following schedule of the new motor mail service between Worcester and Amesbury was obtained at the postoffice this morning:

The mail auto leaves Worcester at 6 in the morning and arrives at the following places at the time stated: Greendale 6.20, West Boylston 6.30, Sterling 6.50, Leominster 7.20, Fitchburg 7.45, Lunenburg 8.10, Camp Devens 8.55, Ayer 9.05, Littleton 9.35, Chelmsford 10, Lowell 10.15, Lawrence 11.10, Haverhill 11.50, Merrimack 12.15, and Amesbury 12.30.

**Return Trip**

On the return trip the auto leaves Amesbury at 1 p. m., arriving at the following places at hours mentioned: Merrimack 1.15, Haverhill 1.40, Lawrence 2.20, Lowell 3.15, Chelmsford 3.30, Littleton 3.45, Ayer 4.25, Camp Devens 4.35, Lunenburg 5.20, Fitchburg 5.45, Leominster 6.10, Sterling 6.40, West Boylston 7.00, Greendale 7.15, Worcester 7.30.

## UKRAINE AMBASSADOR TO GET PASSPORTS

LONDON, Aug. 1.—Germany is contemplating the recall of Ambassador von Munster from the Ukraine and the handing of passports to the ambassador of the Ukraine in Berlin, pending the clearing up of the situation in Kiev, according to an exchange Telegram despatch from Amsterdam under Wednesday's date.

Foreign Secretary Von Hintze, the message adds had a long interview with the ambassador from the Ukraine on Wednesday and then received the Austrian ambassador. With the latter the possibility of sending military reinforcements to the Ukraine was discussed.

## AMUSEMENT NOTES

Note.—Below is what the press agents of the different theatres say the current attractions and of the others to come later.

### THE STRAND THEATRE

Fascinating Mae Marsh, she of the many moods and melting smiles, will be one of the feature stars of the bill at The Strand theatre, today, and for the remainder of the week. "The Glorious Adventure," the latest Goldwyn feature, will be the vehicle for this charming young actress. Everybody knows Mae Marsh. She is essentially a human being, like the rest of us, and that means a degree of naturalness which graces the picture. She is Cary's human being, like the rest of us, and that means a degree of naturalness which graces the picture. She is Cary's human being, like the rest of us, and that means a degree of naturalness which graces the picture. She is Cary's human being, like the rest of us, and that means a degree of naturalness which graces the picture.

### THE KASINO

Don't forget the cabaret tomorrow night, with Misses and Mr. and Mrs. L. dancers. Invariably and abundant enjoyment at the Kasino, where Markham's orchestra is heard every night. The management announces plans for securing a number of excellent attractions in the near future.

### A GARDEN WRECKER

Several amateur farmers of the Pawtucketville district while inspecting their gardens this morning, found that some marauder had been around and the result of his visits was plainly seen on the ground, for in one potato patch at least 20 nice green potato stocks were found on the ground, while the tubers in the ground were untouched, which shows that the work of the intruder is malicious, and that his motto is destruction rather than larceny.

Several potato patches on the Textile school grounds and in the rear of the New Moody street school have been visited and considerable damage has been caused. The matter has been reported to the police and the officers patrolling that district have been instructed to keep close watch on the gardens and arrest any trespassers.

### MARRIAGE INTENTIONS

The following marriage intentions have been filed at the city clerk's office since the last were published:

Ulderice Millette, 11 Montcalm ave., 27, machinist; Alexandra St. Onge, 615 Merrimack, 19, machine shop.

Charles Francis Fletcher, 10 Tyler street, 21, U.S.C. Co.; Susan A. Taylor, 116 Andrews, 19, U.S.C. Co.

William H. Whitfield, 41 Rock, 41, seaman; Mercy Anderson Otis, E. Lexington, Mass., 35, housekeeper.

James McDonald, 1168 Lawrence, 32, operative; Celia O'Donnell, 12 Dutton, 45, operative.

William R. Bridden, Marblehead, Mass., 31, interior; Mary Esther Muldowney, 11 Osmond, 27, housewife.

John Stephen (divorced), 34 Oliver, 38, machinist; Lucy Prescott (widow), same address, 32, weaver.

Joseph Louis Greco, 43 Royal, 25, U.S.A.; Marie Louise Rita Beausoleil, 34 Willie ave., 23, at home.

Daniel J. Sullivan, 225 Cross, 23, U.S.A.; Drizelle J. Richards, same address, 18, operative.

John O. Barad, 15 Westford, 20, U.S.C. Co.; Georgiana Kelly, 535 Broadway, 19, U.S.C. Co.

Vassilios Stemos, 15 Lagrange, 26, spinner; Efrosini Tsakmakia, same address, 19, spinner.

Rutherford R. Konstend, 1066 Midway, 22, shipper; Blanche E. Steindorf, 20 Oliver, 25, clerk.

Cedric E. Adams, 235 Appleton, 33, foreman; Bernice G. Knight, 135 Grand, 20, music teacher.

It is said that William T. Dunn of South Dartmouth caught a 9-foot shark, weighing 200 pounds, in his trap in Clark's Cove recently. When the shark was cut open 36 young sharks and 400 short lobsters were brought to light.

## Move to Outflank Enemy

Continued

hardest fighting. Machine gunners for the most part man the lines. This may indicate a further retirement, for machine gunners have born the brunt of the rear guard fighting during the past two weeks.

### HUN ARTILLERY ACTIVE ON BRITISH FRONT

Along the British front, the German artillery has been active. The enemy's heavy guns have carried out especially heavy bombardments at Villers-Bretonneux, east of Amiens; near Buequoy, on the northern side of the Picardy salient and in the neighborhood of Meteren and Merris on the western side of the Lys sector.

### IMPORTANT VICTORY FOR CZECHS

Czecho-Slovak forces have occupied the important town of Ye-katerinburg, dominating the northern line of the Siberian railroad, which runs into European Russia from Cheliabinsk.

### GERMANY TO BREAK WITH UKRAINE

It is understood that Germany will break off diplomatic relations with Ukraine as the result of the assassination of Field Marshal Eichhorn. This may be preliminary to the despatch of German forces to Kiev, which, it is said, is contemplated at Berlin.

### New Phase of Fighting

A new phase in the bitter fighting in the Alsace-Marne salient is imminent. On both sides the infantry rests while the commands prepare for further movements in the great struggle in which there has been no lull since July 15.

Allied gunners are hurling shells of all calibres into the German positions and into the communication lines northward to the Vesle to blast a path for the infantry when they move again. The enemy is retreating with high explosive and gas shells.

What the lull portends is not clear. The possibilities are many. But the fact stands out that the Germans are not anxious to meet the hard-hitting allies often than is necessary for they have not taken the opportunity to counter attack and attempt to retake important positions on the center held by the Americans and on the west flank in the hands of the French and British. This may bear out the opinion in some allied quarters that the Germans fully intend to retire to the Vesle, or beyond, as soon as their plans have been perfected, and that the enemy efforts of the last three or four days have been wholly for the purpose of covering important movements.

### Deep Deaths in German Line

As long as they remain south of a line running generally between Rheims and Soissons, the Germans are subject to violent bombardments from the allied guns, which can demoralize their communication system more or less. The bulge in the salient has been lessened, however, and the Germans are on higher ground than formerly. At two vital points—Springes and north of Grand Rozoy—there are deep indentations in the German lines. These points offer good "jumping off" places for the Americans and the French when they again are ready to move forward.

### Prisoners Captured

Berlin, while reporting the repulse of the allied efforts Tuesday on the Marne battlefield, admits the loss of Merris to the British. The German war office claims that the prisoners captured in the fighting since July 15 now aggregate 24,000. The latest unofficial total of Germans taken by the allies was 30,000.

Unofficial reports received in Paris are that the German command has attempted to withdraw more troops from the eastern front. The German commander in Rumania is said to have declared it would be unsafe to take troops from that region at present.

### British Aviators Active

British aviators again have bombed the Rhine cities of Stuttgart and Coblenz. A fire was started at Stuttgart. Important military objects in the Saar region, west of the Rhine, also have been attacked with good results.

### NEW HUN ATTACK

#### REPULSED BY FRENCH

PARIS, Aug. 1.—The Germans this morning attacked the French positions in the region of Bligny, southwest of Rheims. The attack was repulsed, says the official statement today from the war office.

The statement follows: "The southwest of Rheims the Germans made an attack against the heights of Bligny. They were repulsed after a sharp combat."

"The enemy carried out a number of surprise attacks in the region of Four de Paris (Meuse sector) and upon the right bank of the Meuse without obtaining any advantage. The French inflicted losses upon the enemy and captured prisoners."

### BERLIN REPORTS HEAVY LOSSES FOR AMERICANS

AMSTERDAM, Aug. 1.—The semi-official Wolff bureau of Berlin is sending out reports of heavy losses inflicted on American troops fighting on the Marne front. A telegram dated Wednesday, and received today, says: "An American prisoner captured on July 29, said that of the first battalion of the 120th regiment after a German attack east of Chateau-Thierry on July 15 only 30 were left, and no reinforcements had arrived since that time. The second battalion of the same regiment in going forward to the attack Tuesday (July 30) west of Meuniers wood had 100 casualties."

### GERMAN ARTILLERY ACTIVE ON THE BRITISH FRONT

LONDON, Aug. 1.—The German guns were active last night in the Somme region in the vicinity of Villers-Bretonneux, today's war office announcement shows. Activity also was displayed by the enemy artillery farther north near Buequoy and in Flanders in the Merris-Meteren sector.

### The statement reads:

"We carried out a successful raid last night in the neighborhood of Lens. The hostile artillery has been active in the Villers-Bretonneux sector in the neighborhood of Buequoy and about Buequoy and about Merris and Meteren."

### PEDESTRIANS USING PAWTUCKET BRIDGE ADMONISHED TO WATCH THEIR STEP

Another defective spot has been found on the Pawtucket bridge and unless Commissioner Morse of the streets and highways department, who is in charge of all bridges, gets busy at once in repairing the defect, the city of Lowell may get in bad, for the defect is a very dangerous one. This time the defect is not with the so-much-talked-about sun, but with the sidewalk near the curve to River-

### THE BAKER-VANDERBILT ROMANCE BEGAN IN AMERICA'S DIVORCE CAPITAL

The recent marriage of Raymond T. Baker and Mrs. Alfred Gwynne Vanderbilt was the culmination of a romance that had its beginning several years ago in America's divorce capital.

When Mrs. James Hollis McKim, a few years ago, was making her six months' stay in Reno to perfect the basis for her contemplated divorce from the Philadelphia doctor, she met Raymond T. Baker, then warden of the Nevada state prison.

It was then noted how fascinated was the handsome young Nevada by the charms of the wealthy daughter of Colonel Isaac Emerson, famous as the "Bronco Selter King."

so far and he thought the city was in for a first class concert, gratis. But later on came the information that the government allowed enough money for the traveling and some of the personal expenses of the men, but this allowance was not enough so each community where the band played was asked to subscribe \$300 toward defraying these expenses. Usually, the letter went on, this was done by the public safety committee.

The mayor, as head of the public safety committee, is naturally as patriotic as any of us, but he cannot see the good sense of paying out \$300 to bring a band here for one concert. He will put the matter up to the public safety committee formally, at any rate, but favorable action by that body is doubtful.

Benjamin S. Pouzner, the government representative in Lowell of the war camp community service, will open an office in Room 508 of The Sun building within a day or two. Since coming to Lowell several months ago Mr. Pouzner has been located at the war work headquarters, but the constantly increasing scope of his work in curing for the interests of soldiers

and sailors coming to Lowell has made the need of a separate office imperative. Mr. Pouzner has recently returned from a convention of war camp community directors at Atlantic City, and within a few days he is to make a statement concerning a plan for enlarging the scope of his work here in Lowell.

NAVAL RECRUITING BRISK IN LOWELL

Naval recruiting is still booming along at the local headquarters at Merrimack square, in spite of the hot weather. Two more applicants for the naval reserve were forwarded to Boston today, Leo Raymond Buck, of 119 Pleasant street, and Frank Eugene Christo of 50 Chapel street, this city. The July enlistments total 42. This is a little behind the number for June, which was 50, but August has started off auspiciously so Chief Yeoman Tucker is expecting to eclipse both of these figures during the coming month.

The smallest applicant on record at the local station applied for enlistment last week, Mr. Tucker stated. He was 5 feet 4 inches in height, and weighed 213 lbs. He has not yet been accepted, but has great hopes of eventually slipping through.

Although opportunities now exist for all those who wish to enroll for immediate service in the navy, the reserve continues to be the more popular branch from the applicant's point of view. This is no doubt due to the fact that the reserve offers better chances for rapid advancement, and special training at the government cadet schools. There are now nine distinct schools open for the men of the reserve, as follows: U.S. Naval academy, Annapolis; Naval Cadet school, Harvard; Officers' school, Pelham Bay, N. Y.; Officers' Material Engineering school, Stevens Institute, N. Y.; Naval Pay Officers' school, Washington, D. C.; Naval Aviation Detachment, Mass.; Institute of Technology, Cambridge; Columbia Gas Engine school, Columbia University, N. Y.; and the Naval Radio school at Harvard university, Cambridge.

About 400 men of the reserves are being sent to these schools for special training and instruction, including 25 from Lowell in the last two months, who are at the Pay Officers' school in Washington, D. C.; the Naval Cadet school at Harvard.

Applicants for the above listed schools must have at least a common school education, and must also take two months' training at Hingham, Wakefield, and Bumpkin Island.

OUTBREAK OF TYPHOID IN BULGARIAN ARMY

LONDON, Aug. 1.—Travelers from Bulgaria, says an Amsterdam despatch to the Exchange Telegraph Co., declare that a serious outbreak of typhoid is raging in the Bulgarian army and at Sofia. The number of casualties is said to run into the thousands, especially in the army. The medical service is reported to have broken down.

The departure from Sofia of King Ferdinand, the arrivals at Amsterdam say, was due to the fact that two cases of typhoid had broken out in the royal palace.

500 NEFROES ON WAY TO AYER PARADE IN HUB

BOSTON, Aug. 1.—Five hundred negroes from all sections of Massachusetts, called to the national colors, marched through the business section here today on their way to Camp Devens. They assembled in front of the state house, before the memorial to Major Robert Gould Shaw, leader of a famous Massachusetts negro reg-

iment in the Civil war. Led by a band and cheered by citizens, they paraded to the North station, where they boarded a special train for Camp Devens. Each man carried an American flag.

NEW ARRIVAL

At the Lowell General hospital at noon today, a son was born to Mr. and Mrs. Daniel F. MacLellan, of 330 Westford street.

Wave of Buying

NEW YORK, Aug. 1.—A wave of buying took place in the cotton market here today within a few minutes after publication of the government crop report. Near positions rose 80 points, or \$40 a bale, from the low quotations of the earlier trading. The market remained steady after the advance.

The government's report was below even the most bullish expectations and fully 3.2 points under the average private guess, and further buying carried some of the months up to near \$5 a bale and above the day's lowest mark.

Wave of Buying

NEW YORK, Aug. 1.—A wave of buying took place in the cotton market here today within a few minutes after publication of the government crop report. Near positions rose 80 points, or \$40 a bale, from the low quotations of the earlier trading. The market remained steady after the advance.

## LULL ON FRONT

Regarded as Calm Before Big Storm—Artillery Preparing Way for Assaults

Gen. March Gives Careful Outline of the Present Battle Positions

WASHINGTON, Aug. 1.—An odd calm fell over the Aisne-Marne battle area yesterday, with only the thunder of the guns to tell of new and more terrible guests of the war storm to come. Paris and Berlin both noted it. The infantry paused for breath while the artillery pounded new roads of advance for General Foch's victorious armies.

Just what the lull may portend was not apparent. Possibly the enemy is already on the move after the decisive defeat he met in the battle which began Saturday and centered on the American positions along the north bank of the Oureq. Here the American Third division and the now famous 22d division, the Rainbow, composed of former national guardsmen of many states, have made good their positions against the enemy's best fighting units. They have met, outfought and forced backward by their fierce ardor picked Prussian and Bavarian divisions brought fresh to the field with orders to hold the line of the Oureq at all costs.

That line has been broken. The American spear-head, driven forward again and again, finally broke the fighting edge of the enemy defense. When supporting columns surged forward across the Oureq to consolidate the ground so valiantly won and held by the first rush, enemy hopes of clinging to the present line dwindled. Holding the apex of the allied line at the center, the Americans had paved the way for the dashing capture of Chalmont Butte to the westward by the Franco-British forces. Allied guns now dominate the enemy's lines from this height, foretelling new inroads into his positions and the strong probability that he will be compelled to fall back to the Vesle line.

The victory was given no significance yesterday by Gen. March, chief of staff. Putting aside the reserve with which he hitherto has commented on the wider aspects of the campaign, Gen. March in his newspaper men's conference at his mid-week conference each army was now bent on the destruction of the other, all lesser strategic objectives having been swept away on both sides. The mission of each is to kill, to destroy the fighting power of the other. It is the ultimate military objective that both are now seeking and there can be no halting short of the goal.

The chief of staff had prefaced this new conception of the great struggle with a careful outline of the battle positions, showing that since last Saturday another 10 miles had been cut out of the length of the battle line by allied successes. It is now barely 54 miles around the flattened salient in which the enemy has massed virtually a million men as against 74 when the counter assault was set in motion. From Chateau Thierry the Americans have made the maximum advance, covering 14 miles to reach the positions where they rested today, preparing for new advances.

The chief of staff made it plain that it is a monthly program of increase upon which the war department has embarked. The cycle appears now to be an army corps a month to be shipped abroad, its place to be taken at once by a new corps to be created here. The men, quarters and equipment are available to keep that up for the rest of the year and longer if necessary.

Present cannonments will have at least 1,750,000 men. General March announced also that he had decided upon abandonment of every designation for the troops except that of "United States Army." All other marks than the plain U. S. of the regulars will be abolished. For war department purposes the national army and the national guard are wiped out, utterly and the officers reserve corps goes with them into the discard.

The unification plan means more than changing collar ornaments. Gen. March said, for in seeking new general officers promotion by selection from "the entire army" will be employed.

## DUMP IN ERUPTION

The members of Hose 12 spent the forenoon at the Aiken street dump, not sight-seeing, but fighting a fire. They were called to the dump at 7.35 o'clock this morning for a stub-

## SENTENCED FOR LARCENY

## OF KINDLING WOOD

Adelard Rochette was arraigned in police court before Judge Enright this morning on a complaint charging him with the larceny of kindling wood to the value of \$1, the property of a local wood and coal dealer. It seems that Rochette has been delivering wood for the dealer for some time. Occasionally, he would deliver part of a load and sell the other portion, pocketing the money received. This has happened 12 or 13 times. His Honor stated that the defendant deserved no sympathy whatever, as it was the innocent public which was victimized. Accordingly the man was found guilty and was ordered committed to jail for the term of 60 days.

## Other Offenders

Mary Rutyna was charged with assault and battery upon Margaret Secour, a small girl. The assault was committed on July 24. She was placed on probation in order to give her a chance to settle down and keep the peace hereafter. When her husband was called in her defense, he was very loud spoken in giving his testimony. At last he went too far and began to swear. His Honor ordered him put in the dock and imposed a fine of \$5 for contempt of court. Later the fine was withdrawn because the court did not wish to deprive the man's family of his support and he was let go after being given a warning to conduct himself in a gentlemanly manner. If ever he happened to be in a court room again.

The case of John Kulaga, charged with non-support of his wife, was put over until next Tuesday.

Neil McGurn was fined \$10 for being drunk, while for the same offense Thomas A. Shea was given a suspended sentence of five months in jail.

## SUN BREVITIES

Beat Printing, Tobin's, Associate bldg.

American Food Administrator Herbert C. Hoover Left

London for France Today

LONDON, Aug. 1.—Herbert C. Hoover, the American food administrator, who has been in London for nearly two weeks past, left for Paris today.

## SPINNERS ON STRIKE AT TALBOT MILLS

The woolen spinners employed at the Talbot mills in North Billerica, as was stated in The Sun yesterday have gone out on strike and the following notice, which is self explanatory, has been posted in the mill:

NOTICE  
In order that our employees may understand the circumstances under which the spinners left their work yesterday, I make the following statement:

I was away on important business all day Monday. On reaching the office Tuesday morning, Mr. Damon informed me that a committee of the spinners had called to interview me the day before and not finding me, told him that they wished to have a 25 per cent advance in wages and that they wished an answer by Wednesday noon. I immediately began the investigations necessary to learn how our spinners' wages compared with other mills, but could not complete this investigation before Wednesday. As a previous business engagement compelled me to be in Boston early on Wednesday morning, I told Mr. Damon to inform the spinners that I should return in the afternoon and would meet their committee at half past five. On my return, however, I found that the spinners had left their work at noon time without learning what reply I had to give to them.

I have managed the mill for a period of thirty years and have always been willing to meet committees of employees, talk over conditions with them and it has been my endeavor to treat all employees considerately. This is the first time in my experience that a committee did not await a conference before taking any action.

The statements published in the Lowell Courier Citizen of this morning as to the spinners' wages being 25 to 35 per cent below those of other mills are absolutely false.

FREDERIC S. CLARK, President.

## DEATHS

MORRISON—Patrick J. Morrison, son of Mr. and Mrs. Patrick Morrison, died this morning at the home of his parents, 19 Crosby street, after a brief illness, aged 4 years and 5 months. He leaves, besides his parents, two sisters, Irene and Mildred, and one brother, John Morrison.

NOBLE—Elsie E. Noble, daughter of Mr. and Mrs. Thomas Noble, died this morning at the home of her parents, 110 Andrews street, aged 1 year, 7 months, 15 days. She leaves besides her parents a brother, Harold, also her grandparents, Mr. and Mrs. Joseph Noble and Mrs. Elizabeth Ashton of this city.

BRYANT—Ernest Bryant, Jr., son of Ernest and Helen Bryant, and a former resident of this city, died suddenly yesterday in Waterbury, Conn.

NOTERMAN—Mrs. Marguerite (Labelle) Noterman, formerly a resident of this city, died yesterday at the home of her parents, Mr. and Mrs. Louis Labelle, 53 Gordon street, Malden. She leaves her husband, Emilie; one son, Emilie, Jr.; her parents, Louis and Cleopha Labelle, and one brother, Michael L. Labelle.

## FUNERAL NOTICES

BRYANT—Died suddenly at Waterbury, Conn. Ernest Bryant, Jr., son of Ernest and Helen Bryant, formerly of this city. Services will be held at the Lowell cemetery chapel on Friday afternoon at 2.30 o'clock. Friends are respectfully invited to attend. Burial in charge of Undertakers Young & Blake.

NOBLE—Died in this city August 1. Mrs. Thomas Noble, 110 Andrews street, Elsie E. Noble, aged 1 year, 7 months, 15 days. Funeral services will be held from the home, 110 Andrews street, Saturday afternoon at 2.30 o'clock. Friends invited to attend. Burial private. The funeral arrangements in charge of Undertakers Young & Blake.

MORRISON—The funeral of Patrick J. Morrison, son of Mr. and Mrs. Patrick Morrison, will take place at 2 o'clock tomorrow from the home of his parents, 19 Crosby street, at 2 o'clock. Burial will be in the family lot in St. Patrick's cemetery. Funeral arrangements in charge of Undertakers O'Connell & Fay.

McDONOUGH—The funeral of Miss Mary McDonough will take place at 2 o'clock tomorrow from the home of Mr. John Tighe, Lakeview avenue, Collinsville. A funeral mass will be sung at St. Mary's church, Collinsville, at 3 o'clock. Burial in St. Patrick's cemetery, in charge of Undertakers James F. O'Donnell & Sons. Motor cortege.

## MATRIMONIAL

Mr. William A. Haley of this city and Miss Gertrude B. Harrington, N.H., were married yesterday afternoon by Rev. A. G. Lyon at the parsonage of the Pawtucket Congregational church, 113 Varnum avenue. The couple were unattended. After a brief honeymoon trip they will make their home in this city.

Kiggins—Carver  
The marriage of Mr. Stephen J. H. Kiggins and Miss Anna Ellen Carver took place this afternoon at 2 o'clock at the Sacred Heart rectory, the officiating clergyman being the pastor, Rev. John P. Flynn, O.M.I. The bride wore gray Georgette with satin trimmings and hat to match and carried bridal roses. She was attended by a niece of the bridegroom, Miss Augusta Barr, who wore blue Georgette crepe with black picture hat and carried pink roses. The best man was a brother of the bride, Mr. Oliver Carver of Dorchester. At the close of the ceremony a reception was held at the home of the groom, 121 Agawam street, where the couple will make their home after a brief honeymoon trip to Prince Edward Island, Canada. The bride's gift to the bridegroom was a gold ring, while the groom's favor to the best man was a pair of gold cuff links.

## CONFESS DEFEAT

German Military Leaders Say

Retreat Was Needed to Prepare for Big Blow

Statement Published in German Papers Again Omits Mention of Americans

WASHINGTON, Aug. 1.—Official despatches yesterday from France tell how the German high command has caused to be published in the newspapers throughout Germany an official statement preparing the people to accept the defeat in the second battle of the Marne, but renewing the promise of a decisive blow against the Anglo-French front.

"After several days of desperate attempts to minimize the gravity of the defeat of the German arms," says the despatch, "Hindenburg and Ludendorff have decided to make a full confession."

"An official note bearing as title, 'The Situation on the Marne,' published in about the same terms in all the papers of the empire, tries to make the German public, profoundly deceived, accept the total failure of the advance program which was destined to develop into the investment of Paris and the ultimate crushing of the military forces of the entente."

"Hindenburg's defence renews the promise of a decisive blow against the Anglo-French front, but says the physiognomy which the struggle presents on the front between Soissons and Rheims and in the Champagne in the sequence of the German attacks and the Franco-British counter-attacks (one must note here with what care the American intervention is omitted) has led to the necessity of preparing for some time the decisive blow."

"With this end in view new basis for subsequent operations proceedings for displacements and strategic regroupings, have to be created, whilst awaiting until preparations for future operations be completed they have been forced to retire in the northern direction of the Marne front."

"How far will this retirement be carried out? A retreat of about a dozen kilometers will perhaps be sufficient." It is not thought necessary today that Hindenburg should find himself under the obligation of withdrawing the front as far back as the Vesle.

"The German 'interior front' is implored, 'not to renounce its confidence in our Hindenburg on account of that.'"

"The tone of this official note is significant. The impression caused in Germany by the defeat must have been very profound; their confidence must be seriously shaken for the high command to solicit, with a sort of humility that is scarcely habitual to it, fresh favors."

"The Badische Landes Zeitung is trying to persuade its readers that the German retreat was a part of Hindenburg's plans, and that he is still continuing to impose his will on Germany's enemies."

"In the Frankfurter Zeitung Deputy Com. Hansmann states that von Kuehlmann is more popular now than before his fall."

## FUNERALS

CASHMAN—The funeral of Pearl Ellen Cashman took place yesterday afternoon at 4 o'clock from the home of her parents, Michael and Emma Cashman, 230 Lincoln street. Burial took place in the family lot in St. Patrick's cemetery, under the direction of Undertakers Higgins Bros.

SMITH—The funeral of Samuel Smith was held yesterday afternoon from the funeral parlors of J. A. Weinbeck, 42 Middlesex street, Rev. James Baneroff, pastor of St. John's Episcopal church, officiating. The bearers were Waldo I. Caswell and Charles A. Clough representing Pilgrim Encampment, I.O.O.F., and Walter D. Merrill and Edward A. Ausser from Centralville lodge, I.O.O.F. Noble Grand Frederick S. Harvey and Chaplain Edward A. Auger of Centralville lodge performed the services of their order at the grave. The funeral arrangements were in charge of Waldo I. Caswell, under the direction of Undertaker John A. Weinbeck.

MURPHY—The funeral of Thomas H. Murphy, son of Thomas H. and Rose V. (Smith) Murphy, took place yesterday afternoon from the home of his parents, 17 Bolton place, Franklin st. Burial was in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

ALVES—The funeral of Arthur Alves, son of Joseph and Maria Alves, took place yesterday afternoon at 4 o'clock from the home of his parents, 34 Union street, and was largely attended. Services were held at St. Anthony's church at 4.30 o'clock. Rev. J. T. Perry officiating. Burial took place in St. Patrick's cemetery, Undertakers M. H. McDonough Sons in charge.

COTTER—The funeral of Miss Mary A. Cotter took place this morning at 9.30 o'clock from the home of Mrs. DeHa Murray Ryne, 85 Willie street, and was largely attended by sorrowing relatives and friends, including some from Holyoke, Springfield, Manchester, N. H., and Boston. The cortege proceeded to St. Patrick's church, where at 10 o'clock a solemn high mass was sung by Rev. Timothy P. Callahan, assisted by Rev. Joseph A. Curtin as deacon and Rev. James J. Kerrigan as sub-deacon. The bearers were Daniel F. Frank, Patrick, John and William Callahan and Patrick Queally, all cousins of deceased. At the grave Rev. Fr. Callahan read the committal prayers and burial was in St. Patrick's cemetery, in charge of Undertakers James F. O'Donnell & Sons.

FOUNTAIN—The funeral of Joseph Fountain took place this morning from his home, 136 Cumberland road, High mass.

## NASHUA MAN ON FOURTH

TRIP TO HOSPITAL

NASHUA, N. H., Aug. 1.—John D. McKay of 324 Lake street announced yesterday that he had received from his son, Lieut. Arthur McKay, a cablegram that he was slightly wounded in action in France July 23 and not to worry when they see his name in the list. He is a graduate of the Nashua High and was a leader on the football team. He was in his second year at the Chattanooga University when he enlisted in Company K, 28th Regiment.

Serg. Arthur Bouley, reported severely wounded in France, is the son of Mr. and Mrs. Exile Bouley of 53 Worcester street, and in Company I, 103d United States Infantry. This is the fourth time he has been to the hospital. The first time he was hit by shrapnel from head to foot; the second time he was gassed, and the third he was sent back for shell shock.

His parents just received a letter from him written during the third lay-off, saying he was in the battle in which Eugene Chagnon and Alfred Dubuque, Nashua boys, were killed. He says that as soon as he gets out he intends to visit his father, which would be a big mess of fresh frogs on his last visit. He refers to Chagnon as his particular chum, and speaks of his bravery and generosity.

## CHILDREN BARRED

Junior Red Cross Head Dis-

proves Practice of Children

Collecting Money

"The attention of the Junior Red Cross and of the National War Savings committee has been called to a few cases in which the services of school children have been misdirected in the work of raising funds. I wish to make our policy in this respect perfectly clear to the public," says a letter issued last night by Henry Noble MacCracken, director of the Bureau of Junior Membership of the American Red Cross.

The letter continues in part: "Statements have been made in recent campaigns that school children have engaged in unauthorized street speaking, selling, soliciting and collecting contributions outside of school hours. Although these activities have been the result of the laudable zeal of the children, or those responsible for their welfare, they must be discouraged."

"The danger of overstimulation and of the undue pressure exerted by interschool competitions are as great as the danger of slackness and indifference. Teachers sometimes create this condition by saying to the children, 'You must bring a quarter, a dollar, etc., next Monday.'"

"The directors of the Junior Red Cross and of the school campaigns of the National War Savings committee disapprove of the exploitation of children for the purpose of collecting money. Boys and girls under the legal age of labor must not be exposed to the dangers of street work."

"The Junior Red Cross and the War Savings committee seek to work through the schools and in school time under proper school control. They do not encroach upon the child's playtime. The value and necessity of play as well as work is recognized in their programmes."

## BANK BOOKS MISSING

The two bank books owned by Miss Clara Chevelone of Pleasant street, Dracut, which were stolen from her trunk a few days ago, have not yet been recovered. Miss Chevelone called at the office of The Sun this morning, and admitted the disappearance of her bank books, but she said she had been to the banks and found no money had been drawn on them.

of requiem was celebrated at St. Louis' church at 8.30 o'clock by Rev. J. B. Labossiere. The bearers were George L'Heureux, Philémon Page, Odilon Bernard, Arthur Veillette, Godfroi Caron and Henri Fournier. Attending the funeral from out of town were from St. Mary's, Miss Blanche Page, Philémon Page, Mr. and Mrs. George L'Heureux and Miss Alma L'Heureux, all of Beverly, Raoul Page of Lynn and Miss Alice Page of Pawtucket. R. L. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Fr. Labossiere. Funeral arrangements were in charge of Undertakers Joseph Albert & Son.

## CARD OF THANKS

We, the undersigned, wish to express our heartfelt thanks to our many relatives and friends for their many acts of kindness and expressions of sympathy, spiritual and floral offerings in the recent bereavement of our loving daughters and sisters, the Misses Margaret L. and Katherine H. McQuade. We assure them their kindness will always be remembered by MR. AND MRS. MICHAEL McQUADE and family.

## HURT IN RUNAWAY

Fred E. Livingston, employed as a driver for the Lowell Rendering company and residing in Lawrence street, Wiggville, received injuries to his leg and head in a runaway accident in the freight yard in Thorndike street this morning. The ambulance was summoned and the injured man was removed to St. John's hospital.

Mr. Livingston was driving a delivery wagon in the freight yard shortly before 10 o'clock when the horse, after becoming frightened by a passing train, ran away. The driver attempted to stop the horse, but his efforts were fruitless, and it was only after the wagon had collided with a telegraph pole that the animal's race was checked. Livingston was thrown to the ground and in his fall he was injured slightly.

## AVIATOR BOYAN WINS 3

VICTORIES IN HALF HOUR

PARIS, Aug. 1.—(Havas Agency) Sub-Lieut. Boyan has gained five additional aerial victories, three of which were won in 10 minutes each, the newspapers report. His total is now 29. Lieut. Nadon has increased his string of victories to 38.

## BRILLIANT SOLDIER

Maj. Gen. Guillaumat Mil-

tary Governor of Paris

PARIS, Aug. 1.—Major General Marie Louis Adolphe Guillaumat, recently appointed military governor of Paris, achieved fame by his historic defense of Verdun against the stupendous German onslaught of 1916; by his cleverness in a French offensive on the Somme in which the forces under his command took 4000 prisoners, 23 heavy guns and 270 machine guns, and by his sagacity in the maneuvering of French troops in the near east.

He received his first commission in 1884. He was made captain in 1893 and in this rank served in the Indo-China campaign, in which he was severely wounded. He received the rank of general of division in 1914 after the outbreak of the war.

He was placed in command of the Second army corps and charged with the defense of Verdun in 1916. On December 25, 1917, he was transferred to the command of the French armies of the Orient, replacing Gen. Sarraill. He is 55 years old.

## PROPOSED SCALE OF

TAXES ON AUTOS

Here is what the owners of automobiles will have to pay as a federal license or special tax on "the original listed retail price" if the rates adopted by the ways and means committee yesterday become law:

For an automobile costing \$500 and less, \$10.  
More than \$500 and up to \$750, \$15.  
More than \$750 and up to \$1000, \$20.  
More than \$1000 and up to \$2000, \$30.  
More than \$2000 and up to \$3000, \$40.  
More than \$3000 and up to \$5000, \$50.  
For every \$500 additional cost above \$5000 another \$20.

Thus a car costing \$5500 would pay \$80, and a car costing \$4000 would pay \$100.

If you want quick returns try a classified ad in The Sun. Lowell's greatest newspaper.

## SCOTT WILSON ASSOCIATE JUSTICE

OF THE MAINE SUPREME

COURT

AUGUSTA, Me., Aug. 1.—Scott Wilson of Portland, a former attorney general of Maine, was nominated an associate justice of the Maine supreme court by Gov. Milliken today, to succeed the late Justice Arno W. King of Ellsworth, who died 10 days ago.
